and Abner Randal L. Hall, 2021-12-14 In the 1930s radio stations filled the airwaves with programs and musical performances
about rural Americans farmers and small town residents struggling through the Great Depression One of the most popular of
these shows was Lum and Abner the brainchild of Chester Chet Lauck and Norris Tuffy Goff two young businessmen from
Arkansas Beginning in 1931 and lasting for more than two decades the show revolved around the lives of ordinary people in
the fictional community of Pine Ridge based on the hamlet of Waters Arkansas The title characters who are farmers local
officials and the keepers of the Jot Em Down Store manage to entangle themselves in a variety of hilarious dilemmas The
program's gentle humor and often complex characters had wide appeal both to rural southerners who were accustomed to
being the butt of jokes in the national media and to urban listeners who were fascinated by descriptions of life in the
American countryside Lum and Abner was characterized by the snappy verbal comedic dueling that became popular on radio

programs of the 1930s Using this format Lauck and Goff allowed their characters to subvert traditional authority and to poke fun at common misconceptions about rural life The show also featured hillbilly and other popular music an innovation that drew a bigger audience As a result Arkansas experienced a boom in tourism and southern listeners began to immerse themselves in a new national popular culture In Lum and Abner Rural America and the Golden Age of Radio historian Randal L Hall explains the history and importance of the program its creators and its national audience He also presents a treasure trove of twenty nine previously unavailable scripts from the show s earliest period scripts that reveal much about the Great Depression rural life hillbilly stereotypes and a seminal period of American radio Radio After the Golden Age Jim Cox,2013-09-19 What became of radio after its Golden Age ended about 1960 Not long ago Arbitron found that almost 93 percent of Americans age 12 and older are regular radio listeners a higher percentage than those turning to television magazines newspapers or the Internet But the sounds they hear now barely resemble those of radio s heyday when it had little competition as a mass entertainment and information source Much has transpired in the past fifty plus years a proliferation of disc jockeys narrowcasting the FM band satellites automation talk ethnicity media empires Internet streaming and gadgets galore Deregulation payola HD radio pirate radio the fall of transcontinental networks the rise of local stations conglomerate ownership and radio s future landscape are examined in detail Radio has lost a bit of influence yet it continues to inspire stunning innovations *Pittsburgh's Golden Age of Radio* Ed Salamon,2010 Pittsburgh is the birthplace of radio the location of many of radio s first and most influential stations and broadcast personalities and a key market for the development of new formats Pittsburghers reaction to the music they heard on the radio helped to break records and create stars Radio provided an unprecedented audience for live performances by local artists After the big band era radio gave voice to pop rock and roll and rhythm and blues Pittsburgh s Golden Age of Radio celebrates the city s radio history deejays contests concerts public service and promotions from radio s beginnings in the 1920s through the late 1970s when listening on FM exceeded that on AM for the first time **Radio's Golden Age** Frank Buxton,1966 **A Golden Age** Martha Wickham,1996-09-01 When Emma sees a radio like her grandmother s at the Information Age Exhibit at the National Museum of American History Emma imagines that she is a young girl in 1945 Emma soon realizes how much radio brought to people s lives only fifty years ago The companion audiocassette contains classic radio segments of Jack Benny Lux Family Theater The Shadows and more **Handbook of Old-Time Radio** Jon D.
