Congress. Senate. Committee on Commerce, Science, and Transportation. Subcommittee on Surface Transportation and Merchant Marine Infrastructure, Safety, and Security,2010 [Poor's Directory of Railway Officials and Manual of American Street Railways](#) ,1906 **Railroads Across North America** Claude Wiatrowski,2007-09-15 From the first steam powered locomotives of the early nineteenth century to

the high speed commuter trains of today the American railroad has been a great engine powering the nations growth and industry This book celebrates the glory and grandeur of that legacy with a lavish tour of the history of the American railroad and the culture surrounding it Generously illustrated with vintage photographs modern images maps timetables tickets brochures and all manner of memorabilia this volume offers a fascinating look at the rail industrys beginnings and development as well as its place in American history From the might of the major rail companies and their empires to the romance of rail travel this is the full and fabulously colorful story of the industry that moved a nation and stirs our imaginations to this day *American Engineer, Car Builder and Railroad Journal* ,1884 *America's Textile Reporter* ,1901

A Journey into Florida Railroad History Gregg M. Turner,2012-03-25 It is safe to say that without railroads Florida wouldn t be what it is today Railroads connected the state s important cities and towns conquered the peninsula s vast and seemingly impenetrable interior ushered in untold numbers of settlers and tourists and conveyed to market faster than any previous means of transportation the myriad products of Florida s mines forests factories farms and groves Gregg Turner traces the long slow development of Florida railroads from the first tentative lines in the 1830s through the boom of the 1880s to the maturity of the railroad system in the 1920s At the end of that decade nearly 6 000 miles of labyrinthine track covered the state Turner also examines the decline of the industry as the automobile rose to prominence in American culture and lines were abandoned or sold for hiking trails and green spaces Meticulously researched and richly illustrated including many never before published images *A Journey into Florida Railroad History* is a comprehensive authoritative history of the subject Written by one of the nation s foremost authorities on Florida railroads it explores all the key players and companies and every significant period of development This engaging and lively story will be savored and enjoyed by generations to come
