Rainbow Of Light Color Meditation:

Rainbow of Light Luella Harris,1980 **Color Meditation** Kees Veenman,2024-04-23 Is there also such a thing as the essence of color For me the essence is the spiritual aspect that lives in color Making this spiritual aspect accessible is the purpose of this book Kees Veenman We are all familiar with the world of color but can we learn to experience color more intensely Can we learn to penetrate colors in a more profound way This book takes the reader into the activity of the colors of the spectrum by investigating them meditatively The author explains aspects of color phenomenology and prepares the reader for color meditations including some that he has incorporated into his own personal practices Kees Veenman a phenomenologist who specializes in colors begins by observing the spring gold and the autumn gold of trees before introducing the phenomenological method whereby his research connects with Goethe s theory of color and that of Rudolf Steiner Using numerous examples and experiments Veenman guides the reader toward the dynamics and essence of colors describing his research into the nature of colors along with fresh questions that help us penetrate the world of colors ever more deeply The author also considers light therapy and the relationship of colors to the seasons as well as to fairytales The reader is encouraged to meditate with and in colors to discover and experience among other things consciousness of Christ All of this is presented with clear descriptions supplemented with color images Color Meditation is for those who want to appreciate the phenomena and wonders the being of color more deeply and fully understand how color can enrich one s soul and spiritual activity The correspondence between the emergence and effect of a color outside us and the appearance within us is found in the polarity between light and darkness Light is a symbol of clear day consciousness whereas darkness represents the impenetrability of the will Here we come to the intimate relationship between the world of colors and that of human consciousness with its active and passive side Christine Gruwez foreword Translated by Laura Liska from Kleurmeditatie Uitgeverij Pentagon Amsterdam 2015 Cover image by Beppe Assenza 1905 1985 Eklipe watercolor 23 5 x 20 5 in *For Starseeds: Healing the Heart-Pleiadian Crystal Meditations* Ruth Starseed Hoskins,2012-12-04 For Starseeds Healing the Heart Pleiaidan Crystal Meditations twenty eight healing meditations open the spiritual seeker to higher consciousness and heal the heart Whether you re familiar and at home with the stone kingdom or just getting started in this glorious realm For Starseeds Healing the Heart Pleiaidan Crystal Meditations is an instructive comforting and fascinating read Ruth shares deeper dimensions of each stone that feel spot on to me She also shows you how to honor your own experience with stones A welcome new book for those seeking to understand the world of crystals and meditation Lee Burch RN Psychiatric Nurse In her latest book For Starseeds Healing the Heart Pleiaidan Crystal Meditations Ruth integrates a wealth of knowledge gained from 40 years of experience as a licensed psychotherapist clinical social worker and educator with her extensive research and work in the area of metaphysics and spirituality Readers will find an abundance of detailed information as well as a practical guide to utilizing these teachings for their personal growth In these critical times
