**Singularia** James M. Harvey, 2009      Developing Magical Consciousness Susan Greenwood, 2019-09-30 Offering a new template for future exploration Susan Greenwood examines and develops the notion that the experience of magic is a panhuman orientation of consciousness a form of knowledge largely marginalized in Western societies In this volume she aims to form a bridge of communication between indigenous magical or shamanic worldviews and rationalized Western cultures She outlines an alternative mythological framework for the latter to help develop a magical perception as well as giving practical case studies derived from her own research The form of magic discussed here is not fantastic or virtual but ecological and sensory Magical knowledge infiltrates the body in its deepest levels of the subconscious and unconscious as well as conscious awareness it is felt and understood through the connection with an inspired world that includes the consciousness of other beings including those of plant animal and the physical environment This is anthropology from the heart rather than the head and it engages with the messy area of emotions an embodiment of the senses and struggles to find a common language of listening to one another across a void of differences The aim is to provide a non reductive structure for the creative interplay of both magical and analytical modes of thought Passion is a motivator for change and a change in attitude to magic as an integrative force of human understanding is the main thread of this work      *Jung and the Jungians on Myth* Steven Walker, 2014-04-08 Carl Gustav Jung 1875-1961 was never more insightful and intriguing than when he discussed mythology The key to understanding the Jungian approach to mythology lies in the concept of the image which

provides the basis for his theory of the unconscious By emphasizing the image over the word Jungian psychology distinguishes itself dramatically from Freudian Lacanian and other psychologies that stress the task of interpreting the language the words of the unconscious In Jung and the Jungians on Myth Steven Walker carefully leads the reader through the essential lines of thought in Jungian psychology before developing his method for using Jungian ideas to approach mythological texts Whether one is sympathetic toward Jung's ideas or critical of them one will find in Walker's discussion a lucid introduction to Jungian perspectives on myth and psychology

**The Dragon and the Rainbow** Robert Blust, 2023-08-21 Modernization and conversion to world religions are threatening the survival of traditional belief systems leaving behind only mysterious traces of their existence This book based upon extensive research conducted over a period of nearly four decades brings scientific rigor to one of the questions that have always attracted human curiosity that of the origin of the dragon The author demonstrates that both dragons and rainbows are cultural universals that many of the traits that are attributed to dragons in widely separated parts of the planet are also attributed to rainbows and that the number and antiquity of such shared traits cannot be attributed to chance or common inheritance but rather to common cognitive pathways by which human psychology has responded to the natural environment in a wide array of cultures around the world

**Alchemy** Marie-Luise von Franz, 1980 It was the genius of C G Jung to discover in the holy technique of alchemy a parallel to the psychological individuation process This book by Jung's long time friend and co worker completely demystifies the subject Designed as an introduction to Jung's more detailed studies and profusely illustrated here is a lucid and practical account of what the alchemists were really looking for emotional balance and wholeness back cover

**The Illness that We are** John P. Dourley, 1984 Dr Dourley Catholic priest and professor of religion explores Jung's assessment of Christianity questioning its essentially masculine orientation and its emphasis on perfection rather than wholeness as the goal
