Focus groups around the United States evaluated the usefulness of potential study Bible features and helped select the features that would be included in this Bible. Then more than 1,000 people received passages of Scripture and were asked, "What questions do you have about this portion of the Bible?" Their responses helped determine what kinds of questions the notes would answer, helping to create a resource that answers the questions that real people have asked about the Bible. Notes have been updated in subsequent releases to ensure that this Bible stays relevant and current to modern readers. **Directory of Publishing 2010**, 2009-10-13.
