Chicago Catholics and the Struggles within Their Church Andrew M. Greeley,2017-09-08 What might one expect to learn from a probability sample study of the Archdiocese of Chicago Can one form a national portrait of Catholics in the United States from data about Chicago Certainly Chicago is unique in its judgments about its clergy As the eminent Catholic sociologist Andrew M Greeley argues it is this very difference that makes rigorous comparisons between Chicago Catholics and other Catholic subpopulations possible He suggests that history and geography provide a basis for understanding the development of the Catholic Church not just in this specific area but also in the entire United States The Catholic Archdiocese of Chicago it composed of two counties Lake and Cook At the same time the Catholic population has been pushed up against the boundary of DuPage County by racial change in the city so that much of the west and south side Catholic population of the city has moved into the southern and western suburbs In this research area half of the Catholics have attended college and half of those have attended graduate school Thus the conventional image of Chicago as a mix of ethnic immigrant neighborhoods has to be modified although there are still many new immigrants attending special immigrant parishes Greeley argues that the official church in Chicago and by inference elsewhere has not recognized the community structures that permeate the neighborhoods that it does not grasp the religious stories that shape its peoples identity and it does not understand the intense if selective loyalty of the archdiocese to its leadership As part of this argument Greeley includes transcriptions of in depth interviews with former Catholics This study provides a fascinating window into the world of Catholicism in twenty first century urban America

The Publishers Weekly ,1995 *Beyond His Mercy* Johnny Neil Smith,Susan Cruce Smith,2017-12-01 The American Civil War claimed and destroyed lives stealing fathers and sons from those they loved The horror caused many returning to cry out for death They carried the festering scars of battle and were unable to overcome the torment of their souls This is the story of Thomas Wilson a soldier who returns home haunted by the destruction and devastation he both witnessed and caused Although his regiment respects and reveres him as a sharpshooter each man he has killed condemns him to a life of terrifying dreams and troubled days where forgiveness can never be obtained Neither the love of his family nor the affection of a woman with sparkling dark eyes and soft black hair can chase his war demons away for he is beyond mercy Includes Readers Guide **The Christ-Haunted Landscape** Susan Ketchin,2009-11-12 Here are Susan Ketchin s discerning interviews with twelve southerners living and writing in the South and along with a piece of fiction by each are her penetrating commentaries about the impact of southern religious experience on their work A little more than a generation

ago Flannery O'Connor made a startling observation about herself and her fellow southerners. By and large she said people in the South still conceive of humanity in theological terms. While the South is hardly Christ-centered, it is most certainly Christ-haunted. The southerner who isn't convinced of it is very much afraid that he may have been formed in the image and likeness of God. Guided by O'Connor's perceptive commentary about southerners in general, Susan Ketchin has created a deeply revealing collection that mirrors the pervasive role of religion in the literature by the recent generation of notable southern writers. Ketchin confirms that old-time religion remains a potent force in the literature of the contemporary South. The Scarlet Thread Yvonne Curri, 2014-10-08. The Scarlet Thread is a true story of a young woman tangled in the scarlet thread of love and destiny. She was fated to pay a high price for that love when her child and lover were torn from her arms. A narcissistic mother, the prejudice of her true love's father, as well as the shady adoption system of the 1960s were all instrumental in separating the three of them. Years later, while searching for her child who was lost in the sealed paperwork of adoption, her true love returns after a forty-year sabbatical, setting her on an uncharted late-in-life journey. Ingrained Habits Mary Ellen O'Donnell, 2018-03-09. Born Catholic, raised Catholic, Americans across generations have used these phrases to describe their formative days, but the experience of growing up Catholic in the United States has changed over the last several decades. While the creed and the sacraments remain the same, the context for learning the faith has transformed. As a result of demographic shifts and theological developments, children face a different set of circumstances today from what they encountered during the mid-twentieth century. Through a close study of autobiographical and fictional texts that depict the experience, Ingrained Habits explores the intimate details of everyday life for children growing up Catholic during the 1940s, 50s, and 60s. These literary portrayals present upbringings characterized by an all-encompassing encounter with religion. The adult authors of such writings run the gamut from vowed priests to unwavering atheists, and their depictions range from glowing nostalgia to deep-seated resentment; however, they curiously describe similar experiences from their childhood days in the Church.
