

A scenic view of a mountain peak, likely El Capitan, with a large text overlay. The mountain is dark and jagged, rising from a valley. The sky is a soft, hazy orange and yellow, suggesting a sunrise or sunset. The text is white and set against a dark, semi-transparent background.

When you are raised in a place like Cadiz, in a time like ours, you learned the signs. The absolute silence, followed by the soft, near imperceptible click of metal against stone. The soft whir of gears just loud enough to announce itself. The Vath rarely sent men to our homes. When they did – well. The cruelty of men knew few bounds. So there was some relief when the first body through the door was an Imperial droid, chrome and silver, its body etched in cruel, sharp designs.
