Guillaume Favre

Science Annual A Modern Science Anthology For The Family 1985:

Science Annual, 1987, 1986 **New Serial Titles**, 1998 A union list of serials commencing publication after Dec 31 1949 *British Conservatism and the Legal Regulation of Intimate Relationships* Andrew Gilbert, 2018-08-23 What does conservatism as a body of political thought say about the legal regulation of intimate relationships and to what extent has this thought influenced the Conservative Party's approach to family law With this question as its focus this book explores the relationship between family law conservatism and the Conservative Party since the 1980s Taking a politico and socio legal perspective the discussion draws on an expansive reading of Hansard as well as recently released archival material The study first sets out the political tradition of conservatism relying largely on the work of Edmund Burke before going on to analyse the discourse around the development of four crucial statutes in the field namely the Matrimonial and Family Proceedings Act 1984 the Family Law Act 1996 the Civil Partnership Act 2004 and the Marriage Same Sex Couples Act 2013 This work offers the first extended synthesis of family law conservative political thought and Conservative Party politics and as such provides significant new insight into how family law is made Runner up of the 2020 PSA Conservatism Studies Book Prize

Handbook of Marriage and the Family Gary W. Peterson, Kevin R. Bush, 2012-09-14 The third edition of Handbook of Marriage and the Family describes analyzes synthesizes and critiques the current research and theory about family relationships family structural variations and the role of families in society This updated Handbook provides the most comprehensive state of the art assessment of the existing knowledge of family life with particular attention to variations due to gender socioeconomic race ethnic cultural and life style diversity The Handbook also aims to provide the best synthesis of our existing scholarship on families that will be a primary source for scholars and professionals but also serve as the primary graduate text for graduate courses on family relationships and the roles of families in society In addition the involvement of chapter authors from a variety of fields including family psychology family sociology child development family studies public health and family therapy gives the Handbook a multidisciplinary and interdisciplinary framework **Perspectives on**

Philosophy of Science in Nursing E. Carol Polifroni, Marylouise Welch, 1999 This book helps you provide a well rounded doctoral curriculum The philosophy of science is essential to the core of doctoral study in nursing This text presents historical and contemporary thinking on this significant subject Readers will find a wealth of information from a variety of philosophers and conceptualizers of Western science The text's approach stimulates analysis and reflection for enhanced learning Coverage straddles the balance between nurse and non nurse philosophers with discussion and reflective questions and includes thoughts about nursing as a science and an art Students will learn to recognize the connection between an understanding of philosophic inquiry and scientific investigation or research in nursing Compatibility BlackBerry OS 4.1 or Higher iPhone iPod Touch 2.0 or Higher Palm OS 3.5 or higher Palm Pre Classic Symbian S60 3rd edition Nokia Windows Mobile Pocket PC all versions Windows Mobile Smartphone Windows 98SE 2000 ME XP Vista Tablet PC Environment

Abstracts Annual ,1986 This database encompasses all aspects of the impact of people and technology on the environment and the effectiveness of remedial policies and technologies featuring more than 950 journals published in the U S and abroad The database also covers conference papers and proceedings special reports from international agencies non governmental organizations universities associations and private corporations Other materials selectively indexed include significant monographs government studies and newsletters

National Library of Medicine Current Catalog National Library of Medicine (U.S.), Resources in Education ,1997 Cross-Cultural Perspectives on the Experience and Expression of Love Victor Karandashev,2019-06-05 This ambitious volume integrates findings from various disciplines in a comprehensive description of the modern research on love and provides a systematic review of love experience and expression from cross cultural perspective It explores numerous interdisciplinary topics bringing together research in biological and social sciences to explore love probing the cross cultural similarities and differences in the feelings thoughts and expressions of love The book s scope which includes a review of major theories and key research instruments provides a comprehensive background for any reader interested in developing an enlightened understanding of the cultural diversity in the concepts experience and expression of love Included among the chapters How do people in different cultures conceptualize love How similar and different are the experiences and expressions of love across cultures What are the cultural factors affecting the experience and expression of love Cross cultural understanding of love as passion joy commitment union respect submission intimacy dependency and more A review of the past and looking into the future of cross cultural love research Critical reading for our global age Cross Cultural Perspectives on the Experience and Expression of Love promotes a thorough understanding of cross cultural similarities and differences in love and in so doing is valuable not only for love scholars emotion researchers and social psychologists but also for practitioners and clinicians working with multicultural couples and families The most striking feature of this book is the broad array of perspectives that is covered Love is portrayed as a universally found emotion with biological underpinnings The text expands from this core incorporating a wide range of manifestations of love passion admiration of and submission to a partner gift giving and benevolence attachment and trust etc Information on each topic comes from a variety of sources cross culturally and interdisciplinary The text is integrative with a focus on informational value of ideas and findings If you take an interest in how love in its broadest sense is experienced and expressed you will find this to be a very rich text Ype H Poortinga Tilburg University The Netherlands Catholic University of Leuven Leuven Belgium In this wide ranging book Victor Karandashev expertly guides us through the dazzling complexity of our concept and experience of love Not only does he show the many different ingredients that make up our conceptions of love in particular cultures such as idealization of the beloved commitment union intimacy friendship and others he draws our attention to the bewildering array of differences between their applications in different cultural contexts or to their presence or absence in a culture In reading the book we also get as a bonus an idea of how an elusive concept such as love can be

scientifically studied by a variety of methodologies all to our benefit A masterful accomplishment K vecses Zolt n E tv s Lor nd University Budapest Hungary Long considered a research purview of only a portion of the world s cultures we know today that love is universal albeit with many cultural differences in meaning form and expression Moreover love has a rich history of scholarship across multiple disciplines Within this backdrop Karandashev has compiled a remarkably comprehensive global review of how people experience and express their emotions in love Covering the topic from a truly international and interdisciplinary perspective this book is an indispensable source of knowledge about cultural and cross cultural studies conducted in recent decades and is a must read for anyone interested in the universal and culturally diverse aspects of love David Matsumoto San Francisco State University Director of SFSU s Culture and Emotion Research Laboratory

Children's Stress and Coping Elaine Shaw Sorensen, 1993-04-09 In spite of the increase in stress coping research little is known about how stress is actually perceived by children in the family setting This is due in part to the real difficulties involved in collecting data on children s subjective experiences In addition what we currently know about children s stress and coping has traditionally derived from adult reporters rather than from the children themselves Filling a gap in the literature this volume explores theoretical and methodological issues related to the study of children and families in general and to stress coping phenomena from the child s perspective in particular The book challenges traditional deference to adult assessment of stress and coping among children by drawing data from both parents and children revealing significant contrasts between the two Through open ended qualitative measures of children s diaries and drawings the book offers a glimpse into the inner world of the child and gives scholarly expression to the fact that children can and readily will articulate needs and perceptions if given an appropriate vehicle The book s well documented chapters discuss traditional approaches to stress and coping implications for current child and family study specific needs related to the study of children within the family and implications for theory and methods Taxonomies of children s stressors coping responses and coping resources are drawn from the data and examined in detail The book concludes with suggestions for future research and clinical practice Providing fascinating insight into children s actual experience of stress and coping this volume lays the groundwork for ongoing research scholarship and therapeutic practice Academicians practitioners and graduate students in family studies child development psychology and nursing will find this book invaluable in shedding light on the often overlooked culture of children

The Oxford Handbook of Quaker Studies Stephen W. Angell, Pink Dandelion, 2013-09-26 Quakerism began in England in the 1650s George Fox credited as leading the movement had an experience of 1647 in which he felt he could hear Christ directly and inwardly without the mediation of text or minister Convinced of the authenticity of this experience and its universal application Fox preached a spirituality in which potentially all were ministers all part of a priesthood of believers a church levelled before the leadership of God Quakers are a fascinating religious group both in their original peculiarity and in the variety of reinterpretations of the faith since The way they have interacted with wider society

is a basic but often unknown part of British and American history This handbook charts their history and the history of their expression as a religious community This volume provides an indispensable reference work for the study of Quakerism It is global in its perspectives and interdisciplinary in its approach whilst offering the reader a clear narrative through the academic debates In addition to an in depth survey of historical readings of Quakerism the handbook provides a treatment of the group s key theological premises and its links with wider Christian thinking Quakerism s distinctive ecclesiastical forms and practices are analysed and its social economic political and ethical outcomes examined Each of the 37 chapters considers broader religious social and cultural contexts and provides suggestions for further reading and the volume concludes with an extensive bibliography to aid further research

Handbook of Race-Ethnicity and Gender in Psychology Marie L. Miville, Angela D. Ferguson, 2014-02-06 Multicultural aspects of psychology have received some attention in the literature in the last decade A number of texts currently address these significant concerns for example *Counseling the Culturally Different* Sue Handbook of Multicultural Counseling Poterotto et l 2009 and *Handbook of Multicultural Counseling Competencies* Pope Davis Coleman 2005 In their most recent editions several of these books address more nuanced complexities of diversity for example the intersections of gender or social class with race ethnicity Meanwhile other texts have addressed gender issues in psychology *Handbook of Counseling Women* *Counseling Men* with some attention paid to racial ethnic and other diversity concerns Clearly the progression of scholarship in this field reflects the importance of incorporating multiple aspects of diversity within psychology However no book currently exists that fully addresses the complexities of race ethnicity and gender together Better understanding of the dual impact of race ethnicity and gender on psychological functioning may lead to more effective conceptualizations of a number of mental health issues such as domestic violence addictions health related behaviors and achievement Exploring the impact of race ethnicity and gender also may provide a broader understanding of self in community as this affects individuals families and other social groups and work and career development Topics of interest may include identity development worldviews and belief systems parenting styles interventions for promoting resilience and persistence and strategies for enhancing more accurate diagnostic and treatment modalities Today s world is comprised of multiple and intersecting communities that remain in need of psychological models and interventions that support and promote both individual and collective mental health We believe that utilizing unidimensional conceptual models e g focusing solely on race ethnicity or gender no longer adequately addresses psychological concerns that are dynamic complex and multi faceted The proposed Handbook will focus on timely topics which historically have been under addressed for a number of diverse populations

Sex, Race, and Family in Contemporary American Short Stories M. Bostrom, 2007-08-06 This book reveals a female sexual economy in the marketplace of contemporary short fiction which locates a struggle for sexual power between mothers and daughters within a larger struggle to pursue that object of the American dream whiteness

Current Catalog National Library of Medicine

(U.S.),1985 First multi year cumulation covers six years 1965 70 The Family, Medical Decision-Making, and Biotechnology Shui Chuen Lee,2007-05-03 This book examines the implications of Confucian moral and ontological understandings for medical decision making human embryonic stem cell research and health care financing The book reveals East Asian attitudes on the moral status of human embryos and the morality of embryonic stem cell research that are quite different from Christian and Muslim cultural perspectives The book also discusses how Confucian cultural resources can help meet the challenges of health care financing *International Who's Who in Poetry 2004* Europa Publications,2003 Provides up to date profiles on the careers of leading and emerging poets *Hysteria* ,1984 **Future Survey Annual 1992** Michael Marien,1993-01-30 Quicksilver Richard M. Swiderski,2014-01-10 Though modern scientists recognize mercury as a harmful environmental pollutant and one of the world s most dangerous elemental toxins mercury was once considered a wondrous substance capable of eradicating internal disease revolutionizing the paint and cosmetics industries and even entertaining the masses as part of amateur magic tricks and witch doctor scams This work traces the history of mercury in popular culture beginning in the early eighteenth century when Dr Thomas Dover nicknamed Dr Quicksilver began prescribing doses of raw mercury to clear out intestinal blockages and rid the body of syphilis and other diseases The author then details the role of mercury in several medical industrial and cultural applications In the fields of dentistry and vaccination mercury continues to be used as a preservative and amalgamative agent In the cosmetics industry mercury was once used as a popular skin lightener in soaps and skin creams In the early development of obstetrics and gynecology mercury was once used to stimulate conception and fetal abortion Many more uses of mercury along with many more are outlined in the work while several appendices provide translations of rare works which reference mercury World Authors, 1900-1950 ,1996 Provides almost 2700 articles on twentieth century authors from all over the world who wrote in English or whose works are available in English translation
