

LAMARTINE (1790-1869)

Méditations poétiques

Un soir, t'en souvient-il ? nous voguions en silence ;
On n'entendait au loin, sur l'onde et sous les cieux,
Que le bruit des rameurs qui frappaient en cadence
Tes flots harmonieux.

Tout à coup des accents inconnus à la terre
Du rivage charmé frappèrent les échos :
Le flot fut attentif, et la voix qui m'est chère
Laissa tomber ces mots :

"O temps ! suspends ton vol, et vous, heures propices !
Suspendez votre cours :
Laissez-nous savourer les rapides délices
Des plus beaux de nos jours !

"Assez de malheureux ici-bas vous implorent,
Coulez, coulez pour eux ;
Prenez avec leurs jours les soins qui les dévorent,
Oubliez les heureux.

Huitième édition** Alphonse de Lamartine, 1822 **Méditations Poétiques** Alphonse de Lamartine, 1993 Translated by Gervase Hittle this is the first English translation of Lamartine's meditation poétiques which influenced French literature by its exploration of literary forms its close relationship to the nature from which it proceeds and toward which it constantly refers This work opens vistas upon the European Romantic Movement Notes and commentaries offer the reader explanations of language and stylistic problems and assist the reader in developing interpretations and understanding cultural variety The facing page format provides a ready reference for both the novice student of French literature and the Lamartine scholar *Nouvelles méditations poétiques. Blake, 1972 *The Poetics of Multilingualism - La Poétique du plurilinguisme* Patrizia Noel Aziz Hanna, Levente Seláf, 2017-01-06 Poetica et Metrica 2 One of the most fascinating aspects of the poetics of multilingualism is that it reveals national literatures to be an outcome of transcultural reflection This kind of reflection can surface in lexical borrowings and inventions in attempts at imitating foreign language features and in combining and improvising stylistic and linguistic devices The experiments presented in this book range from idiosyncratic and forced solutions to the partly unconscious creation of new genres from situations of cultural contact Multilingualism as such turns out to be basic for the emergence of vernacular literatures While research on the poetics of multilingualism is usually restricted to specific authors languages genres or epochs this book addresses the issue from the perspective of its general systematics and reflects the diversity of the phenomenon It provides facets from individual authors poetics to conventionalised features of poetics and from written to oral and sung products of multilingual creation By focusing on the topic's ontology its basic categories and relations the volume demonstrates the fundamental importance of multilingualism for literary and linguistic theory with studies on a number of European countries and regions including multilingualism in the literature and literary traditions of the Alsace the Basque Country England France Germany Hungary Italy Ireland the Netherlands Russia Sardinia and Spain *Méditations poétiques ...
