Memories of a Bloomer Girl, 1894-1924 Mabel Lee, 1977 *Memories Beyond Bloomers, 1924-1954* Mabel Lee, 1978

Resources in Education, 1977 *Newsletter*, 1978 **Louise Pound** Robert Cochran, 2009-01-01 Louise Pound 1872

1958 was a distinguished literary scholar renowned athlete accomplished musician and devoted women's sports advocate. She is perhaps best remembered for her groundbreaking work in the field of linguistics and folklore and for her role as the first woman president of the Modern Language Association. A member of a distinguished Nebraska family that included her brother the prominent legal scholar Roscoe Pound, Louise completed her undergraduate education at the University of Nebraska. When American universities wouldn't admit her for graduate study, she went on to obtain a PhD in Heidelberg, Germany. She returned to the University of Nebraska-Lincoln to teach in the English department for the next forty-five years. As a scholar, Louise crusaded for the serious study of American English and founded the field's leading journal, *Demolished*, a powerfully defended approach to the study of American folk song, and fought tirelessly to open athletic and professional opportunities for women. She was in short what one admirer called a universal wonder. She befriended and played an influential role in the life of the young Willa Cather during Cather's years at the University of Nebraska. H. L. Mencken praised her extravagantly, and scholars of literature, folklore, and dialect studies elevated her to the presidency of their professional societies. Readers of varied interests will find her story compelling.

American Sports Pamela Grundy, Benjamin Rader, 2018-10-09 *American Sports* is a comprehensive analytical introduction to the history of American sports from the colonial era to the present. Pamela Grundy and Benjamin Rader outline the complex relationships between sports and class, gender, race, religion, and region in the United States. Building on changes in the previous edition, which expanded the attention paid to women, African Americans, Native Americans, and Latinos, this edition adds numerous sidebars that examine subjects such as the Black Sox scandal, the worldwide influence of Jack Johnson, the significance of softball for lesbian athletes, and the influence of the point spread on sports gambling. Insightful, thorough, and highly readable, the new edition of *American Sports* remains the finest available introduction to the myriad ways in which sports have reinforced or challenged the values and behaviors of Americans, as well as the structure of American society.

Playing for Equality Diane LeBlanc, Ally Swanson, 2016-10-13 The right to participate in sports and competitive athletics is more than an issue of fair play; it's a matter of human rights. In 1972, Title IX of the Education Amendments became law, transforming sports opportunities for girls and women in the U.S. Based on oral histories, this book chronicles Title IX's impact through the stories of eight women: physical educators, coaches, Olympic athletes, and administrators. They recall the experience of being female in the mid-20th century, their influential teachers and mentors, and their work to create opportunities. The eight narratives reveal gender, race, and class inequity in higher education and athletics and describe how women leaders worked through sports to make women's rights a human rights issue. Allen, 2013-06-01 Developing their rhetorical skills in early twentieth century women's organizations Anna Rochester and Grace Hutchins life partners and heirs to significant wealth aimed for revolution rather than reform They lived frugally while devoting themselves to several organizations in succession including the Episcopal Church and the Fellowship of Reconciliation as they searched for a place where their efforts were welcomed and where they could address the root causes of social inequities In 1927 they joined the Communist Party USA and helped to build the Labor Research Association There they engaged in research and wrote books pamphlets and articles arguing for gender and racial equality and economic justice Julia M Allen's *Passionate Commitments* is a love story but more than that it is a story of two women whose love for each other sustained their political work Allen examines the personal and public writings of Rochester and Hutchins to reveal underreported challenges to capitalism as well as little known efforts to strengthen feminism during their time Through an investigation of their lives and writings this biography charts the underpinnings of American Cold War fears and the influence of sexology on political movements in mid twentieth century America *Shattering the Glass* Pamela Grundy, Susan Shackelford, 2025-02-18 American women's basketball has reached new peaks of interest and popularity thanks to spellbinding athletes exhilarating games and a vibrant empowered vision of womanhood *Shattering the Glass* stands as the definitive history of the sport Combining extensive historical research with dozens of oral history interviews Pamela Grundy and Susan Shackelford bring life and depth to stories of the many generations of female athletes who have fought for liberation on and off the court In this new and substantially expanded edition Grundy and Shackelford provide a fresh view of the sport that extends to the present They chart the expanding visibility of college programs the growing dynamism of the WNBA and players courageous leadership on social issues such as sexuality and race drawing on the actions and reflections of stars such as Seimone Augustus Kim Mulkey Brittney Griner Geno Auriemma Pat Summitt Breanna Stewart Dawn Staley and Caitlin Clark The result is a compelling story of women's empowerment through sport over the past century *Able-bodied Womanhood* Martha H.
