Memory Of Old Jack:

The Memory of Old Jack Wendell Berry, 2010-05 In a rural Kentucky river town Old Jack Beechum a retired farmer sees his life again through the shades of one burnished day in September 1952 Bringing the earthiness of America's past to mind The Memory of Old Jack conveys the truth and integrity of the land and the people who live from it Through the eyes of one man can be seen the values Americans strive to recapture as we arrive at the next century **The Unforeseen Self in the**

Works of Wendell Berry Janet Goodrich, 2001 In this fresh approach to Wendell Berry's entire literary canon Janet Goodrich argues that Berry writes primarily as an autobiographer and as such belongs to the tradition of autobiography Goodrich maintains that whether Berry is writing poetry fiction or prose he is imagining and re-imagining his own life from multiple perspectives temporal as well as imaginative **Encyclopedia of the Essay** Tracy Chevalier, 1997 A hefty one volume reference addressing various facets of the essay Entries are of five types 1 considerations of different types of essay e.g. moral travel autobiographical 2 discussions of major national traditions 3 biographical profiles of writers who have produced a significant body of work in the genre 4 descriptions of periodicals important for their publication of essays and 5 discussions of some especially significant single essays Each entry includes citations for further reading and cross references Annotation copyrighted by Book News Inc Portland OR **All Swirling and Weaving** Douglas Basler, 2025-09-30 Jesus

invitation is simple enough Come follow me Matthew 4:19 But both the conditions of our culture and the conditions of our hearts can make following him difficult We need help re-tuning our hearts to the good news of Jesus and the often slow ways of God The habit of reading fiction can serve as one of our greatest allies A good book can open our own stories in new ways Reading slows us down It invites us to pay attention to the details of life And following Jesus only happens in the details We can only walk in faith hope and love within the unique circumstances of our lives Inspired by the wisdom and wonder of writers like Wendell Berry James McBride and Marilynne Robinson **All Swirling and Weaving** models how the reading life can help us see the ways God is at work in our own stories With humor vulnerability and a pastoral heart Douglas Basler weaves together the fruit of reading twelve contemporary novels with Biblical reflection and experiences from his own life and ministry Fiction has the power to renew our Christian imagination in ways other reading does not **Earthly Words** John R.

Priest, Prophet, Pilgrim Todd Edmondson, 2014-02-14 *Priest Prophet Pilgrim* Types and Distortions of Spiritual Vocation in the Fiction of Wendell Berry and Cormac McCarthy provides a reading of characters in the novels and short stories of two important contemporary American writers through the lens of spiritual theology Applying the work of Rowan Williams Nicholas Lash and others Edmondson constructs a theological framework that takes seriously the notion of Christian spirituality not as an invitation to flee from this world but rather as a way of life that seeks

reconciliation and joy within this world encountering and embracing God's presence within everyday existence in the contexts of such realities as corporeality communities and the created order as a whole This framework is then applied to the fiction of two American authors Wendell Berry and Cormac McCarthy By comparing these writers the characters they create and the worldviews that shape their narratives Priest Prophet Pilgrim demonstrates in ways that can be applied to other works and other characters how the reading of fiction can inform the pursuit of the spiritual life **Loving God's Wildness**

Hunter-trader-trapper, 1924. *Twentieth-Century Southern Literature*. J. A. Bryant Jr., 2014-07-11. Authors discussed include Wendell Berry, Erskine Caldwell, Truman Capote, Ralph Ellison, William Faulkner, Shelby Foote, Zora Neale Hurston, Bobbie Ann Mason, Cormac McCarthy, Flannery O'Connor, William Styron, Anne Tyler, Alice Walker, Robert Penn Warren, Eudora Welty, Tennessee Williams, Thomas Wolfe, Richard Wright, and many more. By World War II, the Southern Renaissance had established itself as one of the most significant literary events of the century, and today much of the best American fiction is southern fiction. Though the flowering of realistic and local color writing during the first two decades of the century was a sign of things to come, the period between the two world wars was the crucial one for the South's literary development: a literary revival in Richmond came to fruition at Vanderbilt University; a group of young men produced *The Fugitive*, a remarkable controversial magazine that published some of the century's best verse in its brief run; and the publication and widespread recognition of Faulkner, among others, inaugurated the great flood of southern writing that was to follow in novels, short stories, poetry, and plays. With more than forty years of experience writing and reading about the subject and friendships with many of the figures discussed, J. A. Bryant is uniquely qualified to provide the first comprehensive account of southern American literature since 1900. Bryant pays attention to both the cultural and the historical context of the works and authors discussed and presents the information in an enjoyable, accessible style. No lover of great American literature can afford to be without this book.

Virtues of Renewal. Jeffrey Bilbro, 2018-12-14. For over fifty years, Wendell Berry has argued that our most pressing ecological and cultural need is a renewed formal intelligence, a mode of thinking and acting that fosters the health of the earth and its beings. Yet the present industrial economy prioritizes a technical, self-centered way of relating to the world that often demands and rewards busyness over thoughtful observation, independence over relationships, and replacing over repairing. Such a system is both unsustainable and results in destructive, far-reaching consequences for our society and land. In *Virtues of Renewal*, Wendell Berry's *Sustainable Forms*, Jeffrey Bilbro combines textual analysis and

cultural criticism to explain how Berry's literary forms encourage readers to practice virtues of renewal. While the written word alone cannot enact change, Bilbro asserts that Berry's poetry, essays, and fiction can inspire people to, as Berry writes, practice resurrection. Bilbro examines the distinct yet symbiotic features of these three genres, demonstrating the importance of the humanities in supporting tenable economies. He uses Berry's pieces to suggest the need for more robust language for discussing conservation, ecology, and the natural and regenerative process of death. Bilbro additionally translates Berry's literature to a wider audience, putting him in conversation with philosophers and theologians such as Ivan Illich, Willie Jennings, Charles Taylor, and Augustine. The lessons that Berry and his work have to offer are not only for those interested in cultivating the land but also for those who cultivate their communities and live mindfully. In short, these lessons are pertinent to all who are willing to make an effort to live the examined life. Such formative work is not dramatic or quick, but it can foster the deep and lasting transformation necessary to develop a more sustainable culture and economy.

All the Year Round, 1888. *Wendell Berry and the Cultivation of Life*. J. Matthew Bonzo, Michael R. Stevens, 2008-12. Gives readers a concise introduction to the cultural and spiritual themes in the writings of Wendell Berry.
