He has made these findings the basis of a new and creative approach to the American scene. It throws as much light on American society as a whole as it does on the peculiarly religious aspects of American life. Mr. Herberg illumines many facets of the American reality, and each chapter presents surprising and yet very compelling theses about the religious life of this country. Of all

these perhaps the most telling is his thesis that America is not so much a melting pot as three fairly separate melting pots
