Nationalism And History Essays On Old And New Judaism:

Nationalism and History Simon Dubnow, 1958 *Nationalism and History* Semen Markovič Dubnov, 1958

Nationalism and History Semen M. Dubnov, 1958 *Modern Judaism and Historical Consciousness* Christian

Wiese, Andreas Gotzmann, 2007-05-11 The volume composed by excellent scholars from different academic disciplines is a comprehensive handbook devoted to the complex relationship between modern Judaism and historical thinking in Europe the United States and Israel from the Enlightenment to the present Apart from analyzing the emergence of a new scholarly historical paradigm during this period the contributions interpret the interaction and the tensions between Jewish historiography and other disciplines such as literature theology sociology and philosophy describe the way historical consciousness was popularized and used for ideological purposes and explore the impact of different religious or secular identities on the historical representation of the Jewish past A final part envisions new theoretical and methodological concepts within the field including cultural studies and gender studies **At Home in Exile** Alan Wolfe, 2014-10-28 An eloquent controversial argument that says for the first time in their long history Jews are free to live in a Jewish state or lead secure and productive lives outside it Since the beginnings of Zionism in the twentieth century many Jewish thinkers have considered it close to heresy to validate life in the Diaspora Jews in Europe and America faced a life of pointless struggle and futile suffering of ambivalence confusion and eternal impotence as one early Zionist philosopher wrote echoing a widespread and vehement disdain for Jews living outside Israel This thinking in a more understated but still pernicious form continues to the present the Holocaust tried to kill all of us many Jews believe and only statehood offers safety But what if the Diaspora is a blessing in disguise In *At Home in Exile* renowned scholar and public intellectual Alan Wolfe writing for the first time about his Jewish heritage makes an impassioned eloquent and controversial argument that Jews should take pride in their Diasporic tradition It is true that Jews have experienced more than their fair share of discrimination and destruction in exile and there can be no doubt that anti-Semitism persists throughout the world and often rears its ugly head Yet for the first time in history Wolfe shows it is possible for Jews to lead vibrant successful and above all else secure lives in states in which they are a minority Drawing on centuries of Jewish thinking and writing from Maimonides to Philip Roth David Ben Gurion to Hannah Arendt Wolfe makes a compelling case that life in the Diaspora can be good for the Jews no matter where they live Israel very much included as well as for the non Jews with whom they live Israel once again included Not only can the Diaspora offer Jews the opportunity to reach a deep appreciation of pluralism and a commitment to fighting prejudice but in an era of rising inequalities and global instability the whole world can benefit from Jews passion for justice and human dignity Wolfe moves beyond the usual polemical arguments and celebrates a universalistic Judaism that is desperately needed if Israel is to survive Turning our attention away from the Jewish state where half of world Jewry lives toward the pluralistic and vibrant places the other half have made their home *At Home in Exile* is an inspiring call for a Judaism that isn't defensive and

insecure but is instead open and inquiring **The Law of Strangers** James Loeffler, Moria Paz, 2019-07-18 Fourteen leading scholars explore the lives of seven of the most famous Jewish lawyers in the history of international law ***A Race for the Future*** Marina Mogilner, Marina Mogil'ner, 2022-11 Amid the nationalization of Russian imperial politics Jews developed a powerful version of race science and biopolitics as a response to their colonial condition nonterritoriality and exclusion from looming postimperial modernity Marina Mogilner explores this story in the context of Russia's turbulent early twentieth century **A History of Modern Jewish Religious Philosophy** Eliezer Schweid, 2019-02-19 The culmination of Eliezer Schweid's life work as a Jewish intellectual historian this five volume work provides a comprehensive interdisciplinary account of the major thinkers and movements in modern Jewish thought in the context of general philosophy and Jewish social political historical developments with extensive primary source excerpts Volume Three **The Crisis of Humanism** commences with an important essay on the challenge to the humanist tradition posed in the late 19th century by historical materialism existentialism and positivism This is background for the constructive philosophies which sought at the same time to address the general crisis of moral value and provide a positive basis for Jewish existence Among the thinkers presented in this volume are Moses Hess Moritz Lazarus Hermann Cohen in impressive depth with a thorough exposition of the Ethics and Religion of Reason Ahad Ha Am I J Reines Simon Dubnow M Y Berdyczewski the theorists of the Bund Chaim Zhitlovsky Nachman Syrkin and Ber Borochov **Jewish and Greek Communities in Egypt** Najat Abdulhaq, 2016-02-18 In the years following Nasser's rise to power the demographic landscape and the economy of Egypt underwent a profound change Related to the migration of diverse communities that had a distinguished role in Egyptian economy from Egypt these shifts have mostly been discussed in the light of postcolonial studies and the nationalisation policies in the wider region Najat Abdulhaq focuses instead on the role that these minorities had in the economy of pre Nasser Egypt and by giving special attention to the Jewish and Greek communities residing in Egypt investigates the dynamics of minorities involved in entrepreneurship and business With rigorous analysis of the types of companies that were set up Abdulhaq draws out the changes which were occurring in the political and social sphere at the time This book whilst primarily focused on the economic activities of these two minority communities has implications for an understanding analysis of the political the juridical the intellectual and the cultural trends at the time It thus offers vital analysis for those examining the economic history of Egypt as well as the political and cultural transformations of the twentieth century in the region **The Oxford Handbook of the Jewish Diaspora** Hasia R. Diner, 2021 The reality of diaspora has shaped Jewish history its demography its economic relationships and the politics which that impacted the lives of Jews with each other and with the non Jews among whom they lived Jews have moved around the globe since the beginning of their history maintaining relationships with their former Jewish neighbors who had chosen other destinations and at the same time forging relationships in their new homes with Jews from widely different places of origin **JPS: The Americanization of Jewish Culture, 1888-1988**

Jonathan D. Sarna, 2021-09 Published to mark the 100th anniversary of The Jewish Publication Society Jonathan Sarna's engaging blend of anecdote and analysis presents the personalities and the controversies the struggles and the achievements behind a century of publishing by the oldest English language publisher of Jewish books in the world Includes black and white photographs and extensive listings of JPS officers and editors governing boards and authors translators and illustrators up to 1988 Everyday Jewish Life in Imperial Russia ChaeRan Y. Freeze, Jay M. Harris, 2013-12-03 This book makes accessible for the first time in English declassified archival documents from the former Soviet Union rabbinic sources and previously untranslated memoirs illuminating everyday Jewish life as the site of interaction and negotiation among and between neighbors society and the Russian state from the beginning of the nineteenth century to World War I Focusing on religion family health sexuality work and politics these documents provide an intimate portrait of the rich diversity of Jewish life By personalizing collective experience through individual life stories reflecting not only the typical but also the extraordinary the sources reveal the tensions and ruptures in a vanished society An introductory survey of Russian Jewish history from the Polish partitions 1772 1795 to World War I combines with prefatory remarks textual annotations and a bibliography of suggested readings to provide a new perspective on the history of the Jews of Russia *Jewish Emancipation* David Sorkin, 2021-09-14 The first comprehensive history of how Jews became citizens in the modern world For all their unquestionable importance the Holocaust and the founding of the State of Israel now loom so large in modern Jewish history that we have mostly lost sight of the fact that they are only part of and indeed reactions to the central event of that history emancipation In this book David Sorkin seeks to reorient Jewish history by offering the first comprehensive account in any language of the process by which Jews became citizens with civil and political rights in the modern world Ranging from the mid sixteenth century to the beginning of the twenty first Jewish Emancipation tells the ongoing story of how Jews have gained kept lost and recovered rights in Europe North Africa the Middle East the United States and Israel Emancipation Sorkin shows was not a one time or linear event that began with the Enlightenment or French Revolution and culminated with Jews acquisition of rights in Central Europe in 1867 71 or Russia in 1917 Rather emancipation was and is a complex multidirectional and ambiguous process characterized by deflections and reversals defeats and successes triumphs and tragedies For example American Jews mobilized twice for emancipation in the nineteenth century for political rights and in the twentieth for lost civil rights Similarly Israel itself has struggled from the start to institute equality among its heterogeneous citizens By telling the story of this foundational but neglected event Jewish Emancipation reveals the lost contours of Jewish history over the past half millennium Geography of Hope Pierre Birnbaum, 2008 In *Geography of Hope* French sociologist and historian Pierre Birnbaum examines the work of some of the prominent Jewish social scientists of the past two centuries in order to analyze their range of responses to the tensions between the Enlightenment call for universalism and the reality of Jewish particularism The Woman Who Laughed at God Jonathan Kirsch, 2002-10-29 Who is

a Jew In this colorful eye opening work bestselling author and lecturer Jonathan Kirsch takes us on a three thousand year tour of Jewish identity and diversity and offers answers to this complex and difficult question Kirsch reveals that Judaism has never been a religion of strict and narrow orthodoxy For every accepted tradition in Jewish faith there are countertraditions rooted in biblical antiquity the Maccabee freedom fighters who closed the Bible and picked up swords dervish like ecstasies who claimed to enjoy direct communication with God even after they had been excommunicated by a distrustful rabbinate and courageous men and women who were the forgotten heroes of the Holocaust With drama and narrative verve Kirsch explores these and many other Judaisms that make up the rich tapestry of Jewish identity

The Stakes of History David N. Myers, 2018-01-01 A leading scholar of Jewish history's bracing and challenging case for the role of the historian today Why do we study history What is the role of the historian in the contemporary world These questions prompted David N. Myers's illuminating and poignant call for the relevance of historical research and writing His inquiry identifies a number of key themes around which modern Jewish historians have wrapped their labors liberation consolation and witnessing Through these portraits Myers revisits the chasm between history and memory revealing the middle space occupied by modern Jewish historians as they work between the poles of empathic storytelling and the critical sifting of sources History properly applied can both destroy ideologically rooted myths that breed group hatred and create new memories that are sustaining of life Alive in these investigations is Myers's belief that the historian today can and should attend to questions of political and moral urgency Historical knowledge is not a luxury to society but an essential requirement for informed civic engagement as well as a vital tool in policy making conflict resolution and restorative justice

Jewish Centers and Peripheries S. Troen, 2018-01-16 After World War II the centre of gravity for world Jewry moved outside Europe In the aftermath of the Holocaust large scale emigration and post war assimilation resulted in a disheartening contraction of European Jewry with the notable exception of France Today Europe's Jews number only 17 percent of the world Jewish population At the beginning of this century they comprised 83 percent and were the centre of the modern Jewish experience In a radical reversal former peripheries became the centres notably American Jewry the largest and most dynamic of the Diaspora communities and the State of Israel An examination of the altered place of Europe and its future role in Jewish history is long overdue Jewish Centers and Peripheries examines the dynamic relationship between European American and Israeli communities at times bringing personal knowledge of significant events pertinent to understanding the relationships Collectively they suggest that present conditions are ripe for the re emergence of European Jewry though on a scale much diminished from that of the pre Holocaust period Moreover the prospects for the rejuvenation of European Jewry mirror the possibilities for Jewish continuity everywhere Jewish Centers and Peripheries is a strikingly informative assessment of the condition of world Jewry at the close of the century

Jews, Sovereignty, and International Law Rotem Giladi, 2021-07-07 By departing from accounts of a universalist component in Israel's early foreign policy Rotem Giladi

challenges prevalent assumptions on the cosmopolitan outlook of Jewish international law scholars and practitioners offers new vantage points on modern Jewish history and critiques orthodox interpretations of the Jewish aspect of Israel's foreign policy. Drawing on archival sources the book reveals the patent ambivalence of two jurist diplomats Jacob Robinson and Shabtai Rosenne towards three international law reform projects: the right of petition in the draft Human Rights Covenant, the 1948 Genocide Convention and the 1951 Refugee Convention. In all cases Rosenne and Robinson approached international law with disinterest, aversion and hostility while nonetheless investing much time and toil in these post-war reforms. The book demonstrates that rather than the Middle East conflict, Rosenne and Robinson's ambivalence towards international law was driven by ideological sensibilities predating Israel's establishment. In so doing, *Jews, Sovereignty and International Law* disaggregates and reframes the perspectives offered by the growing scholarship on Jewish international lawyers, providing new insights concerning the origins of human rights, the remaking of postwar international law and the early years of the UN.

Reconsidering Israel-Diaspora Relations Eliezer Ben-Rafael, Judit Bokser Liwerant, Yosef Gorny, 2014-06-19. In this era of globalization, Jewish diversity is marked more than ever by transnational expansion of competing movements and local influences on specific conditions. One factor that still makes Jewish communities one is the common reference to Israel. Today, however, differentiations and discrepancies in identification and behavior generate plurality and ambiguities about Israel-Diaspora relationships. Moreover, the Judeophobia now rife in Europe and beyond, as well as the spread of the Palestinian cause as a civil religion, make Israel the world's Jew among nations. This weighs heavily on community relations despite Israel's active presence in the diaspora. In this context, the contributions to this volume focus on Jewish peoplehood, religiosity and ethnicity, gender and generation, Israelophobia and world Jewry, and debate the perspectives that are most pertinent to confront the question: how far is the Jewish Commonwealth, *Klal Yisrael*, still an important code of Jewry today. *Textual Transmission in Contemporary Jewish Cultures* Avriel Bar-Levav, Uzi Rebhun, 2020-02-27. Jewish culture places a great deal of emphasis on texts and their means of transmission. At various points in Jewish history, the primary mode of transmission has changed in response to political, geographical, technological and cultural shifts. Contemporary textual transmission in Jewish culture has been influenced by secularization, the return to Hebrew and the emergence of modern Yiddish, and the new centers of Jewish life in the United States and in Israel, as well as by advancements in print technology and the invention of the Internet. Volume XXXI of *Studies in Contemporary Jewry* deals with various aspects of textual transmission in Jewish culture in the last two centuries.
