In the Morning We Played Quartet Václav Polívka, 2014 Václav Polívka 1927-1971 was born into Czechoslovakia's elite roughly eight years after the country emerged from the ruins of Austria-Hungary. In this diary which was found in an attic in Oslo, Norway, in 2012, the young medical student with a strong interest in classical music describes three crucial years for Europe which began in 1945, moving from World War with Nazi occupation to Cold War with communist dictatorship. In the summers of 1946 and 1947 Václav travels to Denmark where he meets a young Danish woman Vibeke Hauer with whom he falls in love and later marries. In this respect Václav Polívka's diary is a Czech-Nordic love story with a happy ending. But Czechoslovakia would not enjoy such good fortune. Almost immediately after the country was liberated, Polívka expresses his doubts about the intentions of the Russians. He realizes early on that indoctrination, censorship, and outright lies do not bode well for the future of freedom, and he shares his thoughts with surprising clarity in the pages of his diary. *Men and Popular Music in Algeria* Marc Schade-Poulsen, 2010-07-05 Raï music is often called the voice of the voiceless in Algeria, a society currently swept by tragic conflict. Raï is the voice of Algerian men, young men caught between generations and classes in political strife and in economic inequality. In a ground-breaking study, anthropologist Marc Schade-Poulsen uses this popular music genre as a lens through which he views Algerian society, particularly male society. He situates raï within Algerian family life, moral codes, and broader power relations. Schade-Poulsen did his research in the 1990s in clubs, recording studios, at weddings, and with street musicians. He describes the history of raï which emerged in the late 1970s and spread throughout North Africa at the same time the Islamist movement was growing to become the most potent socio-political movement in Algeria. Outsiders consider raï to be Western in origin, but Schade-Poulsen shows its Islamic roots as well. The musicians do use Western instruments, but the music itself mixes Algerian popular songs and rhythms with the beat of American disco, Egyptian modalities, Moroccan wedding tunes, and the songs of Julio Iglesias. The lyrics deal with male-female relationships but also with generational relationships and the problems of youth as they struggle to find a place in a conflicted society. The study, in its innovative approach to music as a template of society, helps the reader understand the two major movements among today's Algerian youth: one toward the mosque and the other toward the West.
