People should ask the question of why As children they use their imagination and can become anything thing they want until they are told they can t They can conform to the thinking of the masses or they can dare explore a different reality that is not accepted by most This book is that journey JP Bee states In *Honeysuckle* published by Xlibris she tells a story about Augusta a girl exploring a different reality The loss of early childhood memories sparks and restarts a journey that opens the doors to hidden secrets along with passions wisdom and adventures including astral projection the ah ha sense of the moment of time spiritual activity gifts and the prompting of subjects regeneration and recreation of time This is a unique and creative story that is meant to be entertaining it might help people answer many questions about what if the author says Dealing with the pain of losing someone or facing one s own death can be eased They can find a reason why things are the way they are and can stop dwelling on why this happened to them why they have to feel pain and what is their possible purpose in life When asked what she wants readers to take away from her writing of the book the author replies Anything is possible even knowing more about the taboo world of the paranormal the ghost that haunts you and the supernatural power we all have inside us but have over eons of time forgotten You just have to be willing to pay the price for this knowledge living and thinking outside the box Everything you ever wanted to know everywhere you ever wanted to go and every person that enters and passes through your life is placed there for you or by you to experience and learn from All you need to do is open your eyes your heart and your mind to other truths and possibilities

Hailey's Story - She Was an Eleven-Year-Old Child. He Was Soham Murderer Ian Huntley. This is the Story of How She Survived Hailey Giblin,2008-08-04

The name Ian Huntley is one synonymous with pure evil Convicted of one of the most horrific and baffling crimes ever witnessed by the nation the brutal murders of Holly Wells and Jessica Chapman it was only after his conviction that the horrific nature of this man s predatory past became apparent It was only when it was too late that many girls and women stepped forward to reveal that they too had been victims of this terrifying man One such woman is Hailey Giblin who was just eleven years old when she had the tragic misfortune of encountering Huntley Having persuaded young Hailey to go for a walk with him he then brutally assaulted her and threatened to kill her if she told anyone what had happened When the truth eventually came out Huntley was questioned but released without charge The attack and the subsequent release of Huntley left deep scars on Hailey and in desperation she turned to drugs to numb the pain The ramifications of the failure to stop this sexual predator have been devastating both for Hailey herself and on a larger scale When Hailey heard that the Soham caretaker had been arrested for the murders of Holly and Jessica her nightmare at his hands came flooding back to her In this heart rending book Hailey tells her own story in her own words She describes the terror she felt during and after the attack and how she bravely struggled to come to terms with

what had happened to her This is the story of a girl who despite having been robbed of her childhood innocence eventually managed to rebuild her life Now with a blossoming career in modelling Hailey is moving on With Huntley finally admitting the crimes he committed against her she will now be able to leave the past where it belongs But she will never forget
