Poignant Relations Three Modern French Women:

Fathers, Daughters, and Slaves Doris Y. Kadish, 2012 This new study brings to life the unique contribution of French women during the early nineteenth century a key period in the history of colonialism and slavery It offers in depth readings of works by five antislavery writers Germaine de Sta l Claire Duras Marceline Desbordes Valmore Charlotte Dard and Sophie Doin

Women's Agency and Rituals in Mixed and Female Masonic Orders Alexandra Heidle, J.A.M. Snoek, 2008-12-31 Women have been structurally part of the masonic enterprise from at least the middle of the 18th century Yet little is known about the ways in which they themselves obtained and exercised power to influence the systems they were involved in in order to adapt them to be more appropriate to their needs This volume intends to concentrate on two aspects Women s agency i e the power women gained and exercised in this context and rituals i e the role of men and women in changing and shaping the rituals women work with These two aspects are closely related since it requires some agency to realise changes in existing rituals

Feminism and Motherhood in Western Europe, 1890-1970 A. Allen, 2005-06-30 According to Allen motherhood and citizenship are terms that are closely linked and have been redefined over the past century due to changes in women s status feminist movements and political developments Mother child relationships were greatly affected by political decisions during the early 1900s and the maternal role has been transformed over the years To understand the dilemmas faced by women concerning motherhood and work for example Allen argues that the problem must be examined in terms of its demographic and political development through history Allen highlights the feminist movements in Western Europe primarily Britain France Germany and the Netherlands and explores the implications of the maternal role for women s aspirations to the rights of citizenship Among the topics Allen explores the history of the maternal role psychoanalysis and theories on the mother child relationship changes in family law from 1890 1914 the economic status of mothers and reproductive responsibility

Debating the Woman Question in the French Third Republic, 1870-1920 Karen Offen, 2018-01-11 Karen Offen offers a magisterial reconstruction and analysis of the debates around relations between women and men how they are constructed and how they should be organized that raged in France and its French speaking neighbors from 1870 to 1920 The woman question encompassed subjects from maternity and childbirth and the upbringing and education of girls to marriage practices and property law the organization of households the distribution of work inside and outside the household intimate sexual relations religious beliefs and moral concerns government sanctioned prostitution economic and political citizenship and the politics of population growth The book shows how the expansion of economic opportunities for women and the drop in the birth rate further exacerbated the debates over their status roles and possibilities With the onset of the First World War these debates were temporarily placed on hold but they would be revived by 1916 and gain momentum during France s post war recovery

Poignant Relations James Smith Allen, 2000 Theirs was

a discreet relational feminism which they expressed by considering their relationships to themselves and to others Because

they were less political and thus less well known than other feminists these three women have been neglected by historians and literary theorists But they are thus more representative of a generation of women who often wrote about but did not necessarily act on their independent ideas For them writing was transgression enough **BOOK JACKET** *Voices from the Asylum* Susannah Wilson, 2010-10-21 Straddling the disciplines of literature and social history and based on extensive archival research this book makes a crucial contribution to the feminist project of writing women back into literary history It brings to light the hitherto unrecognised literary tradition in the prehistory of psychoanalysis the psychiatric memoir

Confronting Modernity in Fin-de-Siècle France C. Forth, E. Accampo, 2009-11-27 The turn of the twentieth century represented a crossroads in the French experience of modernization especially in regard to ideas about gender and sexuality Drawing together prominent scholars in French gender history this volume explores how historians have come to view this period in light of new theoretical developments since the 1980s **The Deaths of Henri Regnault** Marc

Gotlieb, 2016-06-09 This is the first book in English on Henri Regnault 1843-71 a forgotten star of the European fin de siècle A brilliant maverick who once seemed to hold the future of French painting in his hands Regnault enjoyed a meteoric rise that was cut short when he died at the age of twenty seven in the Franco Prussian War The story of his glamorous career and patriotic death colored French commemorative culture for nearly forty years until his memory was swept away by the vast losses of World War I In *The Deaths of Henri Regnault* Marc Gotlieb reintroduces this important artist while offering a new perspective on the ultimate decline of nineteenth century salon painting Gotlieb traces Regnault's trajectory after he won the prestigious Grand Prix de Rome a fellowship that provided four years of study in Italy Arriving in Rome however Regnault suffered a profound crisis of originality that led him to flee the city in favor of Spain and Morocco But the crisis also proved productive from Rome Madrid Tangier and Paris Regnault enthralled audiences with a bold suite of strange seductive and violent Orientalist paintings inspired by his exotic journey images that Gotlieb argues arose precisely from the crisis that had overtaken Regnault and that in key respects was shared by his more avant garde counterparts Both an in depth look at Regnault's violent art and a vibrant essay on historical memory *The Deaths of Henri Regnault* lays bare a creative legend who helped shape the collective experience of a generation

Civilizing Habits Sarah A. Curtis, 2010-08-31 *Civilizing Habits* explores the life stories of three French women missionaries Philippine Duchesne Emilie de Vialar and Anne Marie Javouhey who crossed boundaries both real and imagined to evangelize far from France's shores In so doing they helped France reestablish a global empire after the dislocation of the Revolution and the fall of Napoleon They also pioneered a new missionary era in which the educational charity and health care services provided by women became valuable tools for spreading Catholic influence across the globe Philippine Duchesne traveled to former French territory in Missouri in 1818 to proselytize among Native Americans Thwarted by the American policy of removing tribes even further west she turned her attention to girls education on the frontier Emilie de Vialar followed French troops to Algeria after its conquest and opened

missions throughout the Mediterranean basin in the mid nineteenth century Prevented from direct evangelization she developed strategies and subterfuges for working among Muslim populations Anne Marie Javouhey evangelized among Africans in the French slave colonies including a utopian settlement in the wilds of French Guiana She became a rare Catholic proponent of the abolition of slavery and a woman designated a great man by the French king Paradoxically through embracing religious institutions designed to shield their femininity these women gained increased authority to travel outside France challenge church power and evangelize among non Christians all roles more commonly ascribed to male missionaries Their stories teach us about the life paths open to religious women in the nineteenth century and how both church and state benefitted from their initiative to expand the boundaries of faith and nation *Gender and Politics in the Age of Letter-Writing, 1750-2000* Máire Cross, 2017-05-15 Letters have long been an outlet for political expression whether they articulate the personal politics of the daily routine or the political views of individuals who witness or participate in dramatic events In addition letters can be unusually revealing records of the relations between men and women Though letters have frequently been studied as a privileged space for literary social and cultural expression the three dimensional relationship of politics gender and letters has not been the focus of an entire volume The nineteen essays in this collection examine how the gendered nature of political literacy is revealed over a 250 year period through letter writing whether the writer is famous or unknown the wife of a prominent politician or activist a political prisoner or political militant Ranging wide in terms of subject matter and geography the contributors examine correspondence that ponders familial concerns as well as letters providing political commentary on the effects of war or revolution on everyday life Among the impressive group of international scholars are Jim Allen Clare Brant Edith Gelles Jane Rendall and Si n Reynolds *France, 1800-1914* Roger Magraw, 2014-07-22 Nineteenth century France was a society of apparent paradoxes It is famous for periodic and bloody revolutionary upheavals for class conflict and for religious disputes yet it was marked by relative demographic stability gradual urbanisation and modest economic change class conflict and ongoing religious and cultural tensions Incorporating much recent research Roger Magraw draws both upon still valuable insights derived from the new social history of the 1960s and upon more recent approaches suggested by gender history cultural anthropology and the linguistic turn **From the Salon to the Schoolroom** Rebecca Rogers, 2010-11-01 How a nation educates its children tells us much about the values of its people From the Salon to the Schoolroom examines the emerging secondary school system for girls in nineteenth century France and uncovers how that system contributed to the fashioning of the French bourgeois woman Rebecca Rogers explores the variety of schools religious and lay that existed for girls and paints portraits of the women who ran them and the girls who attended them Drawing upon a wide array of public and private sources school programs prescriptive literature inspection reports diaries and letters she reveals the complexity of the female educational experience as the schoolroom gradually replaced the salon as the site of French women s special source of influence From the Salon to the Schoolroom also

shows how France as part of its civilizing mission transplanted its educational vision to other settings the colonies in Africa as well as throughout the Western world including England and the United States Historians are aware of the widespread ramifications of Jesuit education but Rogers shows how French education for girls played into the cross cultural interactions of modern society producing an image of the Frenchwoman that continues to tantalize and fascinate the Western world today

Blessed Motherhood, Bitter Fruit Elinor Accampo, 2006-09-08 Nelly Roussel 1878 1922 the first feminist spokeswoman for birth control in Europe challenged both the men of early twentieth century France who sought to preserve the status quo and the women who aimed to change it She delivered her messages through public lectures journalism and theater dazzling audiences with her beauty intelligence and disarming wit She did so within the context of a national depopulation crisis caused by the confluence of low birth rates the rise of international tensions and the tragedy of the First World War While her support spread across social classes strong political resistance to her message revealed deeply conservative precepts about gender which were grounded in French identity itself In this thoughtful and provocative study Elinor Accampo follows Roussel's life from her youth marriage speaking career motherhood and political activism to her decline and death from tuberculosis in the years following World War I She tells the story of a woman whose life and work spanned a historical moment when womanhood was being redefined by the acceptance of a woman's sexuality as distinct from her biological reproductive role a development that is still causing controversy today

For Health and Beauty Mary Lynn Stewart, 2001 She then examines compulsory education in hygiene and gymnastics the flourishing genre of women's medical and sexual self help literature and the commercialization of health beauty and fitness products all contributing to new scientific and commercial representations of the female body

Dreyfus Ruth Harris, 2024-06-04 The definitive award winning history of the infamous Dreyfus Affair a scandal that shook nineteenth century France and stunned the world National Jewish Book Awards Winner In 1894 Alfred Dreyfus a Jewish officer in the French army was wrongfully convicted of being a spy for Germany and was imprisoned on Devil's Island Over the following years attempts to correct this injustice tore France apart inflicting wounds on the society which have never fully healed But how did an obscure miscarriage of justice come to break up families in bitterness set off anti Semitic riots across the French empire and nearly trigger a coup d'etat How did a violently reactionary obscurantist attitude become so powerful in a country that saw itself as the home of enlightenment Why did the battle over a junior army officer occupy the foremost writers and philosophers of the age from Emile Zola to Marcel Proust Emile Durkheim and many others What drove the anti Dreyfusards to persist in their efforts even after it became clear that much of the prosecution's evidence was faked Drawing on private letters and thousands of previously unconsidered sources prizewinning historian Ruth Harris goes beyond the conventional narrative of truth loving democrats uniting against proto fascists Instead she offers the first in depth history of both sides in the Affair showing how complex interlocking influences tensions within the military the clashing demands of justice and nationalism and a tangled

web of friendships and family connections shaped both the coalition working to free Dreyfus and the formidable alliances seeking to protect the reputation of the army that had convicted him Sweeping and engaging Dreyfus offers a new understanding of one of the most contested and significant moments in modern history Praise for Dreyfus Harris s excellent Dreyfus deserves a wide audience for its patient fair minded exploration of human ideals delusions prejudices hatreds and follies Leo Damrosch The New York Times Book Review A well written and well researched analysis of a great miscarriage of justice Booklist Beautiful and complex Christopher Hitchens The Weekly Standard *Cooking Up the Nation* Lara Anderson,2013 The book is the first to analyse the textual construction of a national Spanish cuisine in the late nineteenth and early twentieth century This book looks at the textual attempts to construct a national cuisine made in Spain at the turn of the last century At the same time that attempts to unify the country were being made in law and narrated in fiction Mariano Pardo de Figueroa 1828 1918 and Jos Castro y Serrano 1829 96 Angel Muro Goiri 1839 1897 Emilia Pardo Baz n 1851 1921 and Dionisio P rez 1872 1935 all tried to find ways of bringing Spaniards together through a common language about food In line with this nationalist goal all of the texts examined in this book contain strategies and rhetoric typical of nineteenth century nation building projects The nationalist agenda of these culinary texts comes as little surprise when we consider the importance of nation building to Spanish cultural and political life at the time of their publication At this time Spaniards were forced to confront many questions relating to their national identity such as the state s lackluster nationalizing policies the loss of empire national degeneration and regeneration and their country s cultural dependence on France In their discussions about how to nationalize Spanish food all of the authors under consideration here tap into these wider political and cultural issues about what it meant to be Spanish at this time Lara Anderson is Lecturer in Spanish Studies at the University of Melbourne *Book Review Index* ,2006 Every 3rd issue is a quarterly cumulation **Program of the ...
