**Radical Irish Priests, 1660-1970** Gerard Moran,1998 This collection of essays investigates instances of radicalism in the Catholic church in Ireland between 1660 and 1970 The subject is examined through the lives of nine clerics who came into conflict with Church and state authorities on political and social issues The clerics studied here were all prominent figures at local or national level and two of them were executed in the eighteenth century *Irish Priests; their education, characters, and conduct, considered, particularly with reference to their effects upon the civilization and unanimity of Ireland, etc* IRISH PRIESTS,1821 **Unusual Suspects** Denis Carroll,1998 This book is a fascinating study of radical clergymen in Ireland from different traditions and varying times In ten chapters we meet Presbyterian Catholic and Church of Ireland clergy who spoke for inclusion of all people in an Ireland free of sectarian hatreds and economic oppressions Their honesty incurred trouble for themselves not only with civil authorities but also with vested interests in their churches Their thought ranges from theology to social analysis Many of them offered an Irish political theology every bit as radical as liberation theology today The book accompanies the reader through dramatic periods of Irish history the United Irishmen the relapse into sectarian difficulties of the early 18th century the Famine the re emergence of Irish separatism from the late 1860s and the foundations of a partitioned Ireland Denis Carroll is an historian and theologian **The Irish Priests in the Penal Times (1660-1760) From the State Papers in H.M.
