Radical Politics Of Thomas Jefferson:

The Radical Politics of Thomas Jefferson Richard K. Matthews, 1984 *Thomas Jefferson's Ethics and the Politics of Human Progress* Ari Helo, 2014 This extensive study suggests that despite being one of the largest slaveholders in Virginia Jefferson was consistent in his advocacy of human rights *Politics on a Human Scale* Jeff Taylor, 2013-09-27 Featuring a foreword by Congressman Glen Browder *Politics on a Human Scale* examines political decentralization in the United States from the founding of the republic to the present Part of the desirable equilibrium is a sense of proportionality Some sizes some amounts some levels are more appropriate than others Decentralism is the best political tool to ensure equilibrium to promote proportionality and to obtain appropriate scale Power distribution should be as wide as possible Government functions should be as close to the people as practicable In this way individual human beings are not swallowed by a monstrous Leviathan Persons are not at the mercy of an impersonal bureaucracy led by the far away few Decentralism gives us politics on a human scale It gives us more democracy within the framework of a republic The longest chapters in the book deal with crucial turning points in U S history specifically when decentralists lost the upper hand in the two major political parties Decentralism in our nation runs deep both intellectually and historically It also has considerable popular support Yet today it is a virtual political orphan In Washington neither major political party is serious about dispersing power to lower levels of government or to the people themselves Still there are dissident politicians and political movements that remain committed to the decentralist principle Power needs to be held in check partly through decentralization because power holds a great and dangerous attraction for humans Recognition of this human tendency is the first step in guarding against it and getting back on a better path **The Cambridge Companion to Thomas Jefferson** Frank Shuffelton, 2009-01-22 An accessible introduction to the life and work of Jefferson aimed at students of American history and literature **The Elusive Thomas Jefferson** M. Andrew Holowchak, Brian W. Dotts, 2017-11-28 Thomas Jefferson's writings on morality have largely been ignored His thoughts on the subject never developed in any formal work are said to be unsystematic a judgment reinforced by his shift from Stoicism intentions are critical to Utilitarianism consequences are critical later in life Yet his writings and the moral works he recommended reveal much about his moral sense and views on good living Jefferson valued personal moral improvement had great respect for moral exemplars and drew inspiration from moralists sermonizers novelists poets historians and such role models as Professor William Small and his friend George Wythe *The Mind of Thomas Jefferson* Peter S. Onuf, 2012-10-05 In *The Mind of Thomas Jefferson* one of the foremost historians of Jefferson and his time Peter S Onuf offers a collection of essays that seeks to historicize one of our nation's founding fathers Challenging current attempts to appropriate Jefferson to serve all manner of contemporary political agendas Onuf argues that historians must look at Jefferson's language and life within the context of his own place and time In this effort to restore Jefferson to his own world Onuf reconnects that world to ours providing a fresh look at the distinction between private and public aspects of

his character that Jefferson himself took such pains to cultivate Breaking through Jefferson's alleged opacity as a person by collapsing the contemporary interpretive frameworks often used to diagnose his psychological and moral states Onuf raises new questions about what was on Jefferson's mind as he looked toward an uncertain future Particularly striking is his argument that Jefferson's character as a moralist is nowhere more evident ironically than in his engagement with the institution of slavery At once reinvigorating the tension between past and present and offering a new way to view our connection to one of our nation's founders The Mind of Thomas Jefferson helps redefine both Jefferson and his time and American nationhood

Society on the Run W. Peters, 2016-09-16 A study of the United States and its political culture The author contends that democracy exists at the level of political institutions and processes in the US as well as in its private sector

The Founders and the Classics Carl J. Richard, 1995-08-11 The influence of Greek and Roman authors on our American forefathers finally becomes clear in this fascinating book the first comprehensive study of the founders classical reading

Thomas Jefferson Thomas S. Kidd, 2022-05-10 A revelatory new biography of Thomas Jefferson focusing on his ethical and spiritual life Set aside everything you think you know about Thomas Jefferson and religion and read this book This is the definitive account It is well written well researched judicious and entirely convincing Timothy Larsen Wheaton College Thomas Jefferson was arguably the most brilliant and inspiring political writer in American history But the ethical realities of his personal life and political career did not live up to his soaring rhetoric Indeed three tensions defined Jefferson's moral life democracy versus slavery republican virtue versus dissolute consumption and veneration for Jesus versus skepticism about Christianity In this book Thomas S Kidd tells the story of Jefferson's ethical life through the lens of these tensions including an unapologetic focus on the issue where Jefferson's idealistic philosophy and lived reality clashed most obviously his sexual relationship with his enslaved woman Sally Hemings In doing so he offers a unique perspective on one of American history's most studied figures

Benjamin Franklin Bache and the Philadelphia "Aurora" James Tagg, 2016-11-11 This is the first modern biography of Benjamin Franklin Bache the grandson of Benjamin Franklin Between the turbulent years of 1793 and 1798 Bache was the young nation's leading political journalist and a sharp critic of the Federalists and their policies As editor of the most important radical newspaper of the 1790s he lived at the center of most of the political storms of that decade He defended the Democratic Societies as the earliest vehicles of public opinion he strenuously opposed the ratification of the Jay Treaty the central political event of the decade he led and orchestrated the attack on George Washington in an attempt to curb growing executive authority and his defense of French policies contributed to the sedition crisis of 1798 A primary target of the Federalist sponsored Sedition Act he was indicted for federal common law seditious libel before that act took effect In 1798 at the height of the political hysteria Bache died of yellow fever at the age of twenty nine Like Thomas Paine to whom Bache was personally and ideologically connected Bache was not a product of Whig Oppositionist or classical republican ideology Yet neither was he an inheritor of a more thoroughly modern liberal ideal

Committed to rational self interest he promoted a civic vision and only partially embraced the newer world of nascent capitalism James Tagg establishes the ideological and psychological framework of Bache's later radicalism by carefully examining Bache's childhood at Passy with his grandfather his education in Geneva and his adolescence in Philadelphia Benjamin Franklin Bache and the Philadelphia Aurora will interest scholars and students of American history Thomas Jefferson, Legal History, and the Art of Recollection Matthew Crow, 2017-03-17 In this innovative book historian Matthew Crow unpacks the legal and political thought of Thomas Jefferson as a tool for thinking about constitutional transformation settler colonialism and race and civic identity in the era of the American Revolution Thomas Jefferson's practices of reading writing and collecting legal history grew out of broader histories of early modern empire and political thought As a result of the peculiar ways in which he theorized and experienced the imperial crisis and revolutionary constitutionalism Jefferson came to understand a republican constitution as requiring a textual material culture of law shared by citizens with the cultivated capacity to participate in such a culture At the center of the story in Thomas Jefferson Legal History and the Art of Recollection Crow concludes we find legal history as a mode of organizing and governing collective memory and as a way of instituting a particular form of legal subjectivity Libertarianism Craig Duncan, Tibor R. Machan, 2005-07-21

Libertarianism For and Against offers dueling perspectives on the scope of legitimate government Tibor R Machan a well known political philosopher with libertarian convictions argues for a minimal government devoted solely to protecting individual rights to life liberty and property Stressing the sovereignty of each individual Machan argues in favor of limiting democracy's scope and against the redistribution of wealth or any other sort of taxation In opposition to libertarianism philosopher Craig Duncan defends democratic liberalism which aims to ensure that all citizens have fair access to a life of dignity This requires measures to protect equality of opportunity as well as measures to ensure all have access to a decent minimum standard of living In a dynamic exchange of arguments critiques and rebuttals the two philosophers cut to the heart of this important debate articulating and defending competing conceptions of such core values as political freedom and equality The Antebellum Origins of the Modern Constitution Simon J. Gilhooley, 2020-10-29 Locates the origins of the modern sense of a Founder's Constitution in Antebellum debates over slavery in the nation's capital **The Peculiar Democracy** Wallace Hettle, 2001 Too often Wallace Hettle points out studies of politics in the nineteenth century South reinforce a view of the Democratic Party that is frozen in time on the eve of Fort Sumter a deceptively high point of white racial solidarity Avoiding such a Civil War synthesis The Peculiar Democracy illuminates the link between the Jacksonian political culture that dominated antebellum debate and the notorious infighting of the Confederacy Hettle shows that war was the greatest test of populist Democratic Party rhetoric that emphasized the shared interests of white men slaveholder and nonslaveholder alike The Peculiar Democracy analyzes antebellum politics in terms of the connections between slavery manhood and the legacies of Jefferson and Jackson It then looks at the secession crisis through the anxieties felt by

Democratic politicians who claimed concern for the interests of both slaveholders and nonslaveholders At the heart of the book is a collective biography of five individuals whose stories highlight the limitations of democratic political culture in a society dominated by the peculiar institution Through narratives informed by recent scholarship on gender honor class and the law Hettle profiles South Carolina s Francis W Pickens Georgia s Joseph Brown Alabama s Jeremiah Clemens Virginia s John Rutherford and Mississippi s Jefferson Davis The Civil War stories presented in *The Peculiar Democracy* illuminate the political and sometimes personal tragedy of men torn between a political culture based on egalitarian rhetoric and the wartime imperatives to defend slavery

Political Writings Thomas Jefferson, 1999 The key writings of the author of the Declaration of Independence are presented here in a clear and accessible format The texts are supported by a concise introduction suggestions for further reading and short biographies

Jefferson's Revolutionary Theory and the Reconstruction of Educational Purpose Kerry T. Burch, 2020-05-27 This book newly interprets the educational implications of Thomas Jefferson s revolutionary thought In an age where American democracy is imperilled and the civic purposes of schooling eviscerated Burch turns to Jefferson to help bring to life the values and principles that must be recovered in order for Americans to transcend the narrow purposes of education prescribed by today s neoliberal paradigm The author argues that critical engagement with the most radical dimensions of Jefferson s educational philosophy can establish a rational basis upon which to re establish the civic purposes of public education Bracketing the defining features of Jefferson s theory throughout each of the chapters the author illuminates the deficiencies of the dominant educational paradigm and charts a new path forward for its progressive renewal

Restoration of the Republic Gary Hart, 2002 In this timely work former U S Senator Gary Hart argues for the Jeffersonian roots of homeland security

The Anti-Oligarchy Constitution Joseph Fishkin, William E. Forbath, 2022-02-08 Oligarchy is a threat to the republic Joseph Fishkin and William Forbath show that for most of US history Americans saw the Constitution as responding to that threat by imposing on legislators a duty to break up oligarchy block corporate political power and ensure a broad distribution of wealth and political power among ordinary Americans

Democratizing the Old Dominion William G. Shade, 1996 Places the antebellum debate over slavery and states rights in the context of early discussions of the two party system and economic development by founding fathers Jefferson and Madison arguing that the similarities between North and South were more numerous than the differences and analyzes the state s regional cultures demonstrating that party politics as a system expanded democracy Virginia Includes bandw maps and photos For scholars of history Annotation copyright by Book News Inc Portland OR

[Debunking the 1619 Project](#) Mary Grabar, 2021-09-07 In her new book *Debunking the 1619 Project* scholar Mary Grabar argues against the New York Times s 3z B1619 Project 3y B which states that America was not founded in 1776 with a declaration of freedom and independence but in 1619 with the introduction of African slavery into the New World It is essential reading for every concerned parent citizen school board member and policymaker

Whispering the Secrets of Language: An Mental Quest through **Radical Politics Of Thomas Jefferson**

In a digitally-driven world wherever monitors reign great and instant transmission drowns out the subtleties of language, the profound strategies and psychological nuances hidden within words frequently move unheard. However, nestled within the pages of **Radical Politics Of Thomas Jefferson** a interesting literary prize blinking with organic thoughts, lies an extraordinary journey waiting to be undertaken. Published by a talented wordsmith, that marvelous opus encourages visitors on an introspective trip, gently unraveling the veiled truths and profound influence resonating within the cloth of each and every word. Within the mental depths of the touching review, we shall embark upon a genuine exploration of the book is core styles, dissect their interesting writing model, and succumb to the effective resonance it evokes deep within the recesses of readers hearts.
