**The Nature of Fascism**

Roger Griffin,2013-10-11 The Nature of Fascism

draws on the history of ideas as well as on political social and psychological theory to produce a synthesis of ideas and approaches that will be invaluable for students Roger Griffin locates the driving force of fascism in a distinctive form of utopian myth that of the regenerated national community destined to rise up from the ashes of a decadent society He lays bare the structural affinity that relates fascism not only to Nazism but to the many failed fascist movements that surfaced in inter war Europe and elsewhere and traces the unabated proliferation of virulent but thus far successfully marginalized fascist activism since 1945

**Longevity, Regeneration, and Optimal Health** William C. Bushell,Erin L. Olivio,Neil D.

Theise,2009-09-21 A revolution is occurring in the Western science of longevity regeneration and health that is elucidating the potential for extended human lifespan in an optimal state of health This investigation is being conducted on the molecular cellular physiological and psychological levels Rigorous integrative medicine research can only be adequately developed if collaboration between scientists and practitioners from both fields is involved This volume brings together researchers and scholars from both the Indo Tibetan traditions and the international scientific community to open a dialogue about the potential to build a program of collaborative research to study the impact of Indo Tibetan practices on longevity and health Indo Tibetan Buddhism claims that its core of meditative yogic and related practices can potentially produce dramatic enhancements of physiological and psychological functioning and a substantial body of Western scientific evidence is supportive of these claims The evidence includes direct and indirect clinical medicine and data from basic science research in physiology neurobiology and medicine The reports in this volume establish a basis for a program of research that will advance our current understanding of longevity and health NOTE Annals volumes are available for sale as individual books or as a journal For information on institutional journal subscriptions please visit [www.blackwellpublishing.com/nyas](http://www.blackwellpublishing.com/nyas) ACADEMY MEMBERS Please contact the New York Academy of Sciences directly to place your order [www.nyas.org](http://www.nyas.org) Members of the New York Academy of Science receive full text access to the Annals online and discounts on print volumes Please visit [www.nyas.org/membership/main.asp](http://www.nyas.org/membership/main.asp) for more information about becoming a member

*The Aquarian Age* Hans

Holzer,2015-01-24 Practially everyone today knows that we are living in the Age of Aquarius Few however understand what this really means In this fascinating volume the late Hans Holzer who was one of America s leading parapsychologists explores the full meaning of the Aquarian Age its astrological definition its immediate signifcance for each of our lives and it s awesome and far reaching implications for the future of mankind

No Country for Old Age Mischa Honeck,2025-01-10

Since the birth of their nation Americans have acted on the belief that theirs was a land of youth a place destined to offer a

fresh start to an aging world No Country for Old Age tells this story from the founding period to our present moment but not without exposing its darker side rejuvenation has often bred grand expectations that end in division and despair Mischa Honeck reveals how Americans of diverse backgrounds have sought not only to feel and look younger but also to breathe new life into their communities Whether marching under the banners of science public health sexual liberation physical fitness nation building or world peace these youth seekers have tended to paint their ventures in utopian colors However from the founders to today s Silicon Valley elites anti aging ventures have repeatedly magnified social inequalities often projecting visions of society that have been unmistakably classist racist misogynist and ageist Today we are experiencing rejuvenation s Janus faced legacy As transhumanists rhapsodize about cyber enhancing human bodies ghastly pandemics old age poverty and shrinking life expectancies are poised to become the new normal for many twenty first century Americans
