Radical Right Wing Populism In Western Europe:

Radical Right-Wing Populism in Western Europe Hans-Georg Betz, 1994-09-12 Studies the new West European parties of the radical populist right arguing that in distancing themselves from the reactionary politics of the traditional extremist right these parties have become a significant challenge to the established structure and politics of West European democracy today

Radical Right-Wing Populist Parties in Western Europe Tjitske Akkerman, Sarah de Lange, Matthijs Rooduijn, 2016-05-18 Radical right wing populist parties such as Geert Wilders Party for Freedom Marine Le Pen's National Front or Nigel Farage's UKIP are becoming increasingly influential in Western European democracies Their electoral support is growing their impact on policy making is substantial and in recent years several radical right wing populist parties have assumed office or supported minority governments Are these developments the cause and or consequence of the mainstreaming of radical right wing populist parties Have radical right wing populist parties expanded their issue profiles moderated their policy positions toned down their anti establishment rhetoric and shed their extreme right reputations to attract more voters and or become coalition partners This timely book answers these questions on the basis of both comparative research and a wide range of case studies covering Austria Belgium Denmark Finland France the Netherlands Norway Switzerland and the United Kingdom Analysing the extent to which radical right wing populist parties have become part of mainstream politics as well as the factors and conditions which facilitate this trend this book is essential reading for students and scholars working in European politics in addition to anyone interested in party politics and current affairs more generally

Radical Right-Wing Populist Parties in Western Europe Tjitske Akkerman, Sarah L. de Lange, Matthijs Rooduijn, 2016-05-18 Radical right wing populist parties such as Geert Wilders Party for Freedom Marine Le Pen's National Front or Nigel Farage's UKIP are becoming increasingly influential in Western European democracies Their electoral support is growing their impact on policy making is substantial and in recent years several radical right wing populist parties have assumed office or supported minority governments Are these developments the cause and or consequence of the mainstreaming of radical right wing populist parties Have radical right wing populist parties expanded their issue profiles moderated their policy positions toned down their anti establishment rhetoric and shed their extreme right reputations to attract more voters and or become coalition partners This timely book answers these questions on the basis of both comparative research and a wide range of case studies covering Austria Belgium Denmark Finland France the Netherlands Norway Switzerland and the United Kingdom Analysing the extent to which radical right wing populist parties have become part of mainstream politics as well as the factors and conditions which facilitate this trend this book is essential reading for students and scholars working in European politics in addition to anyone interested in party politics and current affairs more generally

Institutional Roles and Radical Right-Wing Populism Anna Heapy-Silander, 2025-02-27 This book examines how the proximity to government and different institutional roles being in opposition government or supporting a

minority government influence European radical right wing populist RRWP parties discourse Analysing case studies of different institutional roles Finns Party opposition Fidesz government and the Danish People s Party supporting a minority government the book presents how the framing of the RRWP s ideology and policies adapt to decision making and power It investigates whether there are alternative factors which better explain the possible changes in tone such as domestic or foreign events and finds that the party discourse is such a robust and identifying character of the RRWP parties that the different institutional roles do not moderate as previously thought This book is of key interest to scholars and students of the radical right party politics populism policymaking and more broadly European and comparative politics

The Radical Right in Western Europe Herbert Kitschelt, Anthony J. McGann, 1997 An in depth analysis of radical right parties in seven countries

The extreme Right in Western Europe Elisabeth Carter, 2013-07-19 Parties of the extreme right have experienced a dramatic rise in electoral support in many countries in Western Europe over the last two and a half decades This phenomenon has been far from uniform however and the considerable attention that the more successful right wing extremist parties have received has sometimes obscured the fact that parties of the extreme right have not recorded high electoral results in all West European democracies Furthermore the electoral scores of these parties have also varied over time with the same party recording low electoral scores in one election but securing high electoral scores in another This book available in paperback for the first time examines the reasons behind the variation in the electoral fortunes of the West European parties of the extreme right in the period since the late 1970s It proposes a number of different explanations as to why certain parties have performed better than others at the polls and it investigates each of these different explanations systematically and in depth As well as offering a comprehensive analysis of the reasons behind the uneven electoral success of the West European parties of the extreme right this book provides up to date information on all right wing extremist parties that have contested elections at national level across Western Europe since the late 1970s In addition to examining the parties ideology and organisation it discusses their relationship with the parties of the mainstream and it investigates the impact that electoral institutions have on their ability to attract votes This book is aimed at both scholars and students interested in the extreme right in party politics and in comparative politics more generally

The Re-invention of the European Radical Right Andrej Zaslove, 2011 A look at the forces behind the rise of contemporary Europe s radical right

The Rise of Populism in Western Europe Timo Lochocki, 2017-08-16 This book explores the question of why and under which conditions right wing populist parties receive electoral support The author argues that neither economic variables nor national culture or history are what account for their successes Instead he illustrates that the electoral success of populist parties in Western Europe such as the French Front National or the Alternative for Germany is best understood as the unintended consequence of misleading political messaging on the part of established political actors A two level theory explains why moderate politicians have changed their approaches to political messaging potentially benefiting the nationalist

anti elitist and anti immigration rhetoric of their populist contenders Lastly the book s theoretical assumptions are empirically validated by case studies on the immigration societies of Germany the Netherlands and Sweden **The Radical Right and the Radical Right-wing Populism in Western Europe** Hans-Georg Betz,1991 *Populism in Western Europe* Teun Pauwels,2014-08-01 Despite the increasing academic interest in populism we still lack understanding of individual factors contributing to populist voting One of the main reasons for this is that populism is almost always attached to other ideologies which makes it difficult to isolate factors This book draws on an innovative research design by comparing the reasons to vote for six populist parties which differ remarkably in terms of their host ideology in Belgium The Netherlands and Germany The results show that populist voters are motivated by their dissatisfaction with the functioning of democracy and a desire for more direct democracy Furthermore it appears that populist parties do not mobilize among one specific social group although deprived groups are generally more susceptible to populist voting Finally this study explored why some populist parties persist while others decline Origins of party formation and how leaders organize their party internally seem the most important factors determining party persistence This book will be of great interest to students and scholars of populism European politics and contemporary political theory [The Nordic Populist Radical Right](#) Ann-Cathrine Jungar,2024-08-05 This edited volume examines populist radical right parties in the Nordic region Somewhat surprisingly given the image of a consensual egalitarian and progressive region of Europe the Nordic countries have been fertile ground for the radical right Not only have radical right parties persisted for many decades but they are currently much stronger in this region than in most other European countries today In this book the contributors analyse the electoral ideological and organisational aspects of the radical right in the Nordic region The Progress Party in Norway Fremskrittspartiet FrP the Sweden Democrats Sverigedemokraterna SD Danish People s Party Dansk Folkeparti DF and the Finns party Perussuomalaiset PS It also explores how mainstream parties and the media have reacted to the rise of the radical right whether the radical right is integrated into mainstream politics the extent to which they challenge the dominant ideological paradigm of Nordic politics and whether they mobilise and organise differently to other parties Understanding the Nordic radical right is crucial to comprehending the transformation of Nordic politics but also changes in European politics more generally This book will be of interest to students and scholars of Scandinavian politics populism the radical right and comparative party politics **Immigration Policy and Right-Wing Populism in Western Europe** Anna McKeever,2020-04-16 Immigration has become one of the central issues dominating the agenda of political parties and has also played a crucial role in the rise of right wing populism in Western Europe This book explores the role of conservative parties in immigration policy change The following questions are addressed What explains the introduction of restrictive immigration policies across a number of European states Why do conservative parties choose to toughen their immigration policy stances How can we explain the variation in the factors that affect conservative parties immigration policy making

logics What mechanisms account for the dynamics of immigration policy change or policy deadlock Based on interviews with political elites and policy makers in the UK Switzerland and France the book explains why governmental conservative parties in these countries revised their immigration policy stances and steered immigration policy in a more restrictive direction between 2002 and 2015 **The Faces of Contemporary Populism in Western Europe and the US** Karine

Tournier-Sol, Marie Gayte, 2021-01-04 This edited book aims to contribute to the political science scholarship on populism by focusing on the contemporary manifestations of populism in light of the current context Populism has gone global with populist parties gaining considerable ground particularly in the last decade populists are now in government in almost every part of the globe In so doing this book not only takes stock of the previous work on populism but also builds upon it to further deepen our understanding of the phenomenon and take research forward The authors explore different facets of the most recent manifestations of populism trying to engage in new avenues as suggested by recent and authoritative academic work The approach is comparative and multi dimensional with a cross regional focus on Western Europe and the USA The 12 contributions gathered in this book address a wide spectrum of aspects many of which are largely understudied The

Populist Radical Right Cas Mudde, 2016-10-04 The populist radical right is one of the most studied political phenomena in the social sciences counting hundreds of books and thousands of articles This is the first reader to bring together the most seminal articles and book chapters on the contemporary populist radical right in western democracies It has a broad regional and topical focus and includes work that has made an original theoretical contribution to the field which make them less time specific The reader is organized in six thematic sections 1 ideology and issues 2 parties organizations and subcultures 3 leaders members and voters 4 causes 5 consequences and 6 responses Each section features a short introduction by the editor which introduces and ties together the selected pieces and provides discussion questions and suggestions for further readings The reader is ended with a conclusion in which the editor reflects on the future of the populist radical right in light of more recent political developments most notably the Greek economic crisis and the refugee crisis and suggest avenues for future research Do They Make a Difference? Benjamin Biard, Laurent Bernhard, Hans-Georg Betz, 2019-10-15 Over the

last three decades numerous radical right populist parties RRPP have emerged developed and strengthened their electoral weight in Western Europe Yet while several RRPP have managed to formally participate in government coalitions such as in Italy Austria and Switzerland or to informally support minority governments such as in Denmark and in The Netherlands and while other RRPP have become highly visible opposition forces such as in France and Germany the influence exercised by RRPP remain underexplored It is essential to focus on their policy influence because of their electoral strength but also because they are often perceived by journalists citizens policy makers as well as by researchers as a threat to democracy As a reaction mainstream parties tend to adopt specific strategies such as measures of militant democracy towards RRPP The aim of this book is to contribute to theoretical and empirical research in political science by bringing together a variety of

contributions about the influence of RRPP in terms of policies on their core issues To that end we ask under which circumstances these parties are able to do so in contemporary Western Europe This book proposes to focus on the role played by party status Are RRPP better able to leave their imprints when they are in power or support minority governments than when they hold opposition or outsider status in Western Europe **Contemporary Populism** Sergiu Gherghina, Sergiu Mişcoiu, Sorina Soare, 2013-07-16 The fundamental question uniting the contributions to this volume is what exactly is populism This is certainly not a new question as a large amount of literature has focused on this topic for more than half a century As little conceptual consensus has been reached so far this book aims to reduce the level of abstraction To this end it approaches the populist phenomenon from a broader theoretical and empirical perspective making reference to its developments on several continents The book is divided into two parts the first is theoretical and discusses various perspectives on populism while the second is empirical and emphasises the diversity of the forms populism has embraced throughout the world Without aiming to solve old dilemmas to cover all the existing forms of populism or to outline unequivocal conclusions the contributions to this book fulfil a twofold task On the one hand they help to clarify theoretically a concept that is difficult to grasp and use On the other hand by way of reflecting these difficulties they present several forms of populism worldwide Their main purpose is to highlight the differences between the continents Each of the chapters in the second section successfully accomplishes this providing an overview that is useful both in analysing populism and in identifying the populist elements in national and international political actions or discourses *Anti-Political Establishment Parties* Amir Abedi, 2004-07-31 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company

Extreme Right Parties in Western Europe Piero Ignazi, 2003-05-29 This book has three aims Firstly it explores the extreme right in order to assess its ideological meaning and its political expression Beginning with a discussion of the meaning and usefulness of the Left Right distinction it deals with the varying significance of the term right and discusses the appropriateness of the competing terms radical new populist and extreme right The book argues that the traditional neo fascist party has been supplanted by a new type of extreme right party unrelated to fascist ideology but nevertheless opposed to the fundamental values of the democratic political system The book s second aim is to carry out an in depth analysis of the post war evolution of the extreme right of each country in Western Europe The analysis highlights their lineage from pre war fascist regimes or movements their different partisan expressions in the post war period their ideological profile their party s relationship with other actors in the party system the socio demographic and attitudinal profile of their voter base and finally the conditions which have favoured or inhibited their development Finally the book discusses in detail more recent trends within the West European extreme right and outlines a conceptual framework for explaining the success or failure of each political party The volume extensively revised expanded and updated from its original widely acclaimed Italian edition will be essential reading for all those working on parties and movements in Western Europe **Radical Right** Pippa

Norris,2005-08-22 This book first published in 2005 explains why radical right parties have advanced in a diverse array of democracies **Populism and Collective Memory** Luca Manucci,2019-11-21 Right wing populism is a global phenomenon that challenges several pillars of liberal democracy and it is often described as a dangerous political ideology because it resonates with the fascist idea of power in terms of anti pluralism and lack of minorities protection In Western Europe many political actors are exploiting the fears and insecurities linked to globalization economic crisis and mass migrations to attract voters However while right wing populist discourses are mainstream in certain countries they are almost completely taboo in others Why is right wing populism so successful in Italy Austria and France while in Germany it is marginal and socially unacceptable It is because each country developed a certain collective memory of the fascist past which stigmatizes that past to different levels For this reason right wing populism can find favorable conditions to thrive in certain countries while in others it is considered as an illegitimate and dangerous idea of power Through a comparative study of eight European countries this book shows that short term factors linked to levels of corruption economic situation and quality of democracy interact with long term cultural elements and collective memories in determining the social acceptability of right wing populist discourses

Thank you very much for downloading **Radical Right Wing Populism In Western Europe**. As you may know, people have look numerous times for their chosen novels like this Radical Right Wing Populism In Western Europe, but end up in infectious downloads.

Rather than reading a good book with a cup of coffee in the afternoon, instead they are facing with some malicious bugs inside their desktop computer.

Radical Right Wing Populism In Western Europe Introduction

In the digital age, access to information has become easier than ever before. The ability to download Radical Right Wing Populism In Western Europe has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Radical Right Wing Populism In Western Europe has opened up a world of possibilities. Downloading Radical Right Wing Populism In Western Europe provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Radical Right Wing Populism In Western Europe has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Radical Right Wing Populism In Western Europe. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Radical Right Wing Populism In Western Europe. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is

advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Radical Right Wing Populism In Western Europe, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Radical Right Wing Populism In Western Europe has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
