Devotional Luxleather Radical Wisdom Christian Art Gifts Inc Staff, 2019-07 **Birth of Christianity** John Dominic Crossan, 1999-04-01 John Dominic Crossan explores the lost years of earliest Christianity the years immediately following Jesus execution He establishes the contextual setting through a combination of literary anthropological historical and archaeological approaches He challenges the assumptions about the role of Paul and the meaning of resurrection and forges a new understanding of the birth of the Christian church Here is a vivid account of early Christianity s interaction with the world around it and of the new traditions and communities established as Jesus companions continued their movement after his death

Radical Dharma Rev. angel Kyodo williams, Lama Rod Owens, Jasmine Syedullah, Ph.D., 2016-06-14 Igniting a long overdue dialogue about how the legacy of racial injustice and white supremacy plays out in society at large and Buddhist communities in particular this urgent call to action outlines a new dharma that takes into account the ways that racism and privilege prevent our collective awakening The authors traveled around the country to spark an open conversation that brings together the Black prophetic tradition and the wisdom of the Dharma Bridging the world of spirit and activism they urge a compassionate response to the systemic state sanctioned violence and oppression that has persisted against black people since the slave era With national attention focused on the recent killings of unarmed black citizens and the response of the Black centered liberation groups such as Black Lives Matter Radical Dharma demonstrates how social transformation and personal spiritual liberation must be articulated and inextricably linked Rev angel Kyodo williams Lama Rod Owens and Jasmine Syedullah represent a new voice in American Buddhism Offering their own histories and experiences as illustrations of the types of challenges facing dharma practitioners and teachers who are different from those of the past five decades they ask how teachings that transcend color class and caste are hindered by discrimination and the dynamics of power shame and ignorance Their illuminating argument

goes beyond a demand for the equality and inclusion of diverse populations to advancing a new dharma that deconstructs rather than amplifies systems of suffering and prepares us to weigh the shortcomings not only of our own minds but also of our communities. They forge a path toward reconciliation and self liberation that rests on radical honesty a common ground where we can drop our need for perfection and propriety and speak as souls. In a society where profit rules people's value is determined by the color of their skin and many voices including queer voices are silenced. Radical Dharma recasts the concepts of engaged spirituality social transformation inclusiveness and healing.

Inventing Christic Jesuses, Volume 1
Charles A. Wilson, 2017-11-09. Inventing Christic Jesuses is the first comprehensive proposal for how revisionist theology can deploy historical Jesus research in a methodologically sophisticated way. Rejecting positions that insulate theology from Jesus research the proposal sets out warrants and rules for a quested Christology in dialogue with an analysis of the conduct of historians of Jesus from the period of the Third Quest c 1980-2010. The volume Method analyzes for theology the methods and values of historical research on Jesus. It argues that the methodic construction of historical images of Jesus in conversation with sources is simultaneously a retrojective activity of value production. First in defining the terms of the inquiry Wilson locates a middle ground between hostility to questing and a too ready application of historical results to Christology. He then identifies rules and warrants for the deployment of Jesus research in theology and reconstructs the notion of the retrojection of value in the production of a historical Jesus. The volume ends with a case study of retrojective Jesus production an analysis and assessment of the new notion that Jesus is a sage in the tradition of wisdom.

The God of Jesus Stephen J. Patterson, 1998-04-01 This book is the result of the author s involvement with the Jesus Seminar The premise is that the quest for the historical Jesus has always been closely related to the Christian search for God and that this is both good and necessary provided that one properly understands the relationship between history and theology and does not confuse the two Patterson develops a theology that might properly be called a Jesus Theology and it is here that his contribution to the discussions of and about Jesus makes it a most distinctive contribution

The Participatory Turn Jorge N. Ferrer, Jacob H. Sherman, 2008-10-23 Can we take seriously religious experience spirituality and mysticism without reducing them to either cultural linguistic by products or simply asserting their validity as a dogmatic fact The contributors to this volume argue that we can and they offer a new way the participatory turn which proposes that individuals and communities have an integral and irreducible role

in bringing forth ontologically rich religious worlds They explore the ways this approach weaves together and gives voice to a number of robust trends in contemporary religious scholarship including the renewed study of lived spirituality the postmodern emphasis on embodied and gendered subjectivity the admission of alternate epistemic perspectives the irreducibility of religious pluralism and the pragmatist emphasis on transformation all trends that raise serious challenges to the currently prevalent linguistic paradigm The first part of the book situates the participatory turn in the context of contemporary Religious Studies the second part shows how this approach can be applied to various global traditions ancient and contemporary from Western esotericism to Jewish mysticism Christianity Hinduism Sufism and socially engaged Buddhism

Shall Not the Judge of All the Earth Do What is Right? David Penchansky, Paul L. Redditt, 2000-06-30 Does God in fact always show love toward those who love him and faithfully serve him Even apart from the fact that God punishes those who clearly deserve his wrath and even apart from his hostility to Israel's enemies what do we do with the not insignificant number of passages in the Old Testament Hebrew Bible where it could be said that he turns against his own people or members of that people attacking them without cause or at least with excessive violence Professor James Crenshaw perhaps more than any other single scholar of this generation has led the way into discussion of this pivotal matter and the essays included in this volume are based on or react to his seminal contributions to the topic

The Culture of Control David Garland, 2024-05-31 The past 30 years have seen vast changes in our attitudes toward crime More and more of us live in gated communities prison populations have skyrocketed and issues such as racial profiling community policing and zero tolerance policies dominate the headlines How is it that our response to crime and our sense of criminal justice has come to be so dramatically reconfigured David Garland charts the changes in crime and criminal justice in America and Britain over the past twenty five years showing how they

have been shaped by two underlying social forces the distinctive social organization of late modernity and the neoconservative politics that came to dominate the United States and the United Kingdom in the 1980s Garland explains how the new policies of crime and punishment welfare and security and the changing class race and gender relations that underpin them are linked to the fundamental problems of governing contemporary societies as states corporations and private citizens grapple with a volatile economy and a culture that combines expanded personal freedom with relaxed social controls It is the risky unfixed character of modern life that underlies our accelerating concern with control and crime control in particular It is not just crime that has changed society has changed as well and this transformation has reshaped criminological thought public policy and the cultural meaning of crime and criminals David Garland's *The Culture of Control* offers a brilliant guide to this process and its still reverberating consequences **The Faithful Librarian** Garrett B.
