War of the Black Heavens Michael Nelson, 1997-12-01 International diplomacy and a changing global economy did not bring about the fall of the Iron Curtain Radio did and it was mightier than the sword Based on first hand interviews and documents from the Central Committee of the Soviet Communist Party Michael Nelson shows that Western radio principally the British Broadcasting Corporation Radio Free Europe Radio Liberty and the Voice of America were unrivaled forces in the fight against communism and the fall of the Iron Curtain The Communists did everything in their power to prevent the infiltration of Western thought into their world resorting to jamming radio signals assassinating staff and bombing stations The Russians for example decided to stop the mass production of short wave radios so that their citizens could not hear Western broadcasts War of the Black Heavens reveals that due to administrative incompetence short wave radio production continued making worthless many of the billions of dollars spent on jamming These radio programs introduced a forbidden exciting culture to millions of eager listeners Pop music talk shows news and information about consumer goods all relayed a message of the good life subtly undermining the values of the communist regimes Western radio actively connected listeners with the cultures of Europe and North America War of the Black Heavens describes an unheralded story of success and adds a new interpretation that helps us understand some of the most momentous political events of this century

Potter, 2002 Potter communications U of Ottawa formerly a senior strategist in the Communications Bureau at the Canadian Department of Foreign Affairs and International Trade DFAIT argues that advances in information technology will act as catalysts for forces of fragmentation and integration in the current international system He presents seven contributions that explore the theoretical implications of the growth of information technologies and test their ideas on how the processes have manifested and the DFAIT Also discussed are the ability of NGOs and social movements to use communication technologies to resist multilateral trade agreements the impact of CNN and other global television phenomena and the possibilities that governments can use information technologies to enhance their public diplomacy and their soft power Annotation copyrighted by Book News Inc Portland OR **The Early Shortwave Stations**

Berg, 2013-10-04 In July 1923 less than three years after Westinghouse station KDKA signed on company engineer Frank Conrad began regular simulcasting of its programs on a frequency in the newly discovered shortwave range It was an important event in a technological revolution that would make dependable worldwide radio communication possible for the first time In subsequent years countless stations in practically all countries followed suit taking to shortwave to extend reception domestically or reach audiences thousands of miles away Shortwave broadcasting would also have an important role in World War II and in the Cold War In this his fourth book on shortwave broadcast history the author revisits the period of his earlier work On the Short Waves 1923 1945 and focuses on the stations that were on the air in those early days The year by year account chronicles the birth and operation of the large international broadcasters as well as the numerous

Hall,1997 Radio Canada International probes the policies of Canadian shortwave broadcasting the Canadian Broadcasting Corporation s International Service and Radio Canada International from 1945 to 1985 to determine why and how this voice of a middle power broadcast to a world radio audience Hall explains why Radio Canada International s shortwave service persisted despite the absence of documentable impact and despite challenges to its legitimacy as the voice of Canada

Broadcasting on the Short Waves, 1945 to Today Jerome S. Berg,2008-10-24 Shortwave broadcasting originated in the 1920s when stations used the new technology to increase their range in order to serve foreign audiences and reach parts of their own country not easily otherwise covered The early days of shortwave radio were covered in *On the Short Waves 1923 1945 Broadcast Listening in the Pioneer Days of Radio* published by McFarland in 1999 paperback 2007 Then two companion volumes were published picking up the story after World War II They were *Listening on the Short Waves 1945 to Today* McFarland 2008 paperback 2010 which focuses on the shortwave listening community and the present *Broadcasting* title about the stations themselves and their environment The heart of the book is a detailed year by year account of the shortwave bands in each year from 1945 to 2008 It reviews what American listeners were hearing on the international and domestic shortwave bands describes the arrivals and departures of stations and recounts important events The book describes the several categories of broadcasters international domestic private religious clandestine and pirate It explains the impact of relay stations frequency management and jamming It also addresses the considerable changes in shortwave broadcasting since the end of the Cold War The book is richly illustrated and indexed and features a bibliography and extensive notes

Distant Stage Eric Fillion,2022-11-04 It is a little known fact that the first cultural agreement Canada signed was with Brazil in 1944 The two countries rapprochement launched a flurry of activity connecting Montreal to Rio de Janeiro amid the turbulence of war and its aftermath Why Brazil And what could songs and paintings achieve that traditional diplomacy could not *Distant Stage* examines the neglected histories of Canada Brazil relations and the role played by culture in Canada s pursuit of an international identity The efforts of French Canadian artists intellectuals and diplomats are at the heart of both Eric Fillion demonstrates how music and the visual arts gave state and non state actors new connections to the idea of nation which in turn informed their sense of place in the world Tracing the origins of Canadian cultural diplomacy to South America the book underscores the significance of race and religion in the country s international history showing how Brazil served as a distant stage where Canadian identity politics and aspirations could play out Both a timely invitation to think about cultural diplomacy as a critical practice and a reflection on the interplay between internationalism and nationalism *Distant Stage* draws attention to the ambiguous yet essential roles played by artists in international and intercultural relations **Mirror**

Broadcasting James Wood, 1992 Vol 1 The following topics are dealt with radio instrument foreign policy information broadcasting radio telephony and wartime broadcasting *John P.L. Roberts, the CBC/Radio Canada, and Art Music* Friedemann Sallis, Regina Landwehr, 2020-10-15 This book examines the impact of the Canadian Broadcasting Corporation Soci t Radio Canada CBC SRC on the development of art music in Canada during the broadcaster s first fifty years 1936 1986 In so doing it investigates the achievement of one man John Peter Lee Roberts Born in Australia he arrived in Canada in 1955 and over the next thirty years he worked tirelessly as a producer administrator and adviser at the state broadcaster to bring the music of Canada to the world and the world of music to Canadians Roberts also played a crucially important role in commissioning disseminating and promoting new music by Canadian composers **One Canada** Cecil Young, 2004 One Canada is a vision of creating a strong and united Canada out of the dysfunctional federation of 10 provinces and three territories leading to the greatest country on Earth Canada was created to be a strong country nurturing the regions eventually becoming greater than its parts As Canada grew from infancy the provinces the aunts and uncles of Confederation also grew and aspired to become independent countries on their own Since the Centennial in 1967 the young Canada grew exerting the rights given to it by the Constitution The aunts and uncles having designs of nationhood began resenting the young adult forcing it to gradually ceding its control and now is a nearly impotent custodian of Canadian citizenship and almost equal to the aunts and uncles in stature The Canadian Federation has devolved into a state of feudalism where passing the buck is the common denominator between the federal and provincial governments Municipal governments blame the provincial for their ills the provinces then blame the federal government with the buck passing in a vicious circle Inside the vicious circle are the people of Canada bound in red tape while being taxed to death to pay for the ineffectiveness of governments With each provincial government determined to create its own kingdom within Canada One Canada will never be a reality unless a new paradigm of governance is developed for all of Canada The new paradigm is governance at the local municipal level supervised by the national government The Fathers of Confederation clearly defined the powers and responsibilities of the federal Parliament and the provincial legislatures Had the clear division of powers been followed Canada would today be greater than the sum of its regions For the first 100 years of Confederation the provincial governments like aunts and uncles helped nurture Canada through the adolescent years and into nationhood Like the Jamaican Proverb Two bull caan reign in a the same pen the 10 provincial and one federal government have been locking horns together Now the time has come for the provinces to remove their blinders let Canada grow into maturity bringing greater prosperity to its people Two bull caan reign in a the same pen Jamaican patois Two Bulls cannot reign in a herd English There can only be one leader The Meaning **University of Toronto Quarterly** University of Toronto, 1997

International Disputes and Cultural Ideas in the Canadian Arctic Danita Catherine Burke, 2017-08-22 This book explores the Canadian relationship with its portion of the Arctic region which revolves around the dramatic split between the

appearance of absent minded governance bordering on indifference toward the region and the raging nationalism during moments of actual and perceived challenge toward the sovereignty of the imagined Canadian Arctic region Canada's nationalistic relationship with the Arctic region is often discussed as a reactionary phenomenon to the Americanization of Canada and the product of government propaganda As this book illustrates however the complexity and evolution of the Canadian relationship with the Arctic region and its implication for Canada's approach toward international relations requires a more in depth exploration Please be aware that an error has been noted for Table 1.1 on page 71 In this table the sub category Inuit is mislabelled It should read Native Indians and Inuit as the data presented represents this Canadian census sub category which calculated all indigenous peoples and Inuit peoples together *Report on Organization in Industry, Commerce and the Professions in Canada*, 1926 Report on Organization in Industry, Commerce and the Professions in Canada Canada.
