U.S. Government Research Reports ,1962 **The affective city** Stefano Catucci,Federico De Matteis,2022-01-21 Cities are not made only of stone they harbor ways of life practices movements moods atmospheres feelings Yet the ineffable nature of affects has long deprived human passions of a meaningful role when it comes to observing urban space and envisioning its future transformation With this book we explore the contemporary city and its transitional conditions from a different perspective a quest to understand how the space of collective life and the feelings this engenders are connected how they mutually give form to each other In an interdisciplinary collection of essays *The Affective City* means to open a discussion on the soft presences animating the world of urban objects beyond the city built out of mere things this book s focus is on the forces that make urban life emerge thrive flourish but also wither and sometimes die A task crucial for the survival of cities as human habitats in an urban world that with every passing day seems to draw closer a crisis

National Aeronautics and Space Administration,1962 **Fiction, Memory, and Ethnic Politics in the South Caucasus** Mikail Mamedov,Peter Orte,Nona Shahnazarian,Ulvi Ismayil,2025-09-30 The book explores the aftermath of the disintegration of the Soviet Union and the effects of war and nationalism in the South Caucasus While the Soviet Union s dissolution seemed to promise democracy and liberalization the rise of nationalist movements in Armenia and Azerbaijan led to those countries becoming undemocratic monoethnic states which ethnically cleansed their largest minorities During the violence of the first stage of the Karabakh War 1992 1994 Armenians were expelled from Azerbaijan and Azerbaijanis were expelled from Armenia The persistence of this violent conflict through the second 2020 and third 2023 stages has led to competing incompatible national narratives and an entrenched imagination of the other as the enemy Explaining these events historical context by tracing them back to specific Soviet and Tsarist policies the contributors of this volume examine the impact of the Karabakh conflict on ordinary people s lives in Armenia and Azerbaijan by analyzing fiction film and other forms of public memory Ultimately they show how eternal enmity is a myth and point to potential solutions to the conflict This study will be useful to students and scholars of Soviet and Post Soviet History Nationalism Empire and Conflict Studies
