RAF Fighter Command Pilot Mark Barber, 2012-09-20 The recent 70th anniversary of the Battle of Britain combined with the threat of significant cuts to the current RAF have highlighted the importance of Fighter Command in the early days of World War II once more The role of the few as described by Churchill during the Battle of Britain has been the subject of much mythologizing both at the time and in the years since This title will put Fighter Command in context describing the lack of funding and attention which it received during the interwar period until it was almost too late The myth of the fighter pilot will be humanized with first hand accounts quoted which put nervous but brave human beings from all walks of life in the cockpit Although the Battle of Britain may not have in itself been the decisive encounter that it has historically been portrayed as the moral victory won by the RAF the victory that proved that Germany could be defeated was just as important as a military strategic victory **RAF Fighter Pilot** Tim Laming, 1993 This work looks at what it is really like to be a fighter pilot in the RAF It puts the reader in the cockpit and goes behind the scenes at an RAF school where it follows a number of recruits on the road from training school to operational missions

Fighter Aces of the RAF in the Battle of Britain Philip Kaplan, 2008-03-25 Ace fighter pilots from the British Royal Air Force share stories from the experiences during World War II's Battle of Britain. This book examines the reality behind the myths of the legendary RAF fighter aces during the Battle of Britain. It explains why only a small minority of pilots, those in whom the desire for combat overrode everything, accounted for so large a proportion of the victories. It surveys the skills that a successful fighter pilot must have: a natural aptitude for flying, marksmanship, keen eyesight, and the way in which fighter tactics have developed. The book examines the history of the classic fighter aircraft that were flown, such as the Spitfire and Hurricane, and examines each type's characteristics, advantages, and disadvantages in combat. The accounts of the experiences of fighter pilots are based on archival research, diaries, letters, published and unpublished memoirs, and personal interviews with veterans. The pilots included are Robert Stanford Tuck, Adolph Sailor Malan, Geoffrey Page, Al Deere, Peter Townsend, and Brian Kingcome.

The Silver Spitfire Tom Neil, 2013-02-28 A brilliantly vivid Second World War memoir by one of the few Spitfire fighter pilots. Following the D-Day landings, Battle of Britain hero Tom Neil was assigned as an RAF liaison to an American fighter squadron. As the Allies pushed east, Neil commandeered an abandoned Spitfire as his own personal aeroplane. Erasing any evidence of its provenance and stripping it down to bare metal, it became the RAF's only silver Spitfire. Alongside his US comrades, he took the silver Spitfire into battle until, with the war's end, he was forced to make a difficult decision. Faced with too many questions about the mysterious rogue fighter, he contemplated increasingly desperate measures to offload it, including bailing out mid-Channel. He eventually left the Spitfire at Worthy Down, never to be seen again. **THE SILVER SPITFIRE** is the first-hand gripping story of Neil's heroic experience as an RAF fighter pilot and his reminiscences with his very own personal Spitfire.

Finest of the Few Hector Bolitho, 2010-09-15 The remarkable Battle of Britain experiences of fighter pilot John Simpson DFC, who shot down 13 enemy aircraft during the epic air battle.

Lightnings to Spitfires Clive Rowley, 2022-01-15 A former fighter pilot chronicles his career flying for the Royal Air Force for over four decades in this action-packed memoir. For forty-four years, Clive Rowley flew with the Royal Air Force, and for thirty-one of those years, he specialized as an air defense fighter pilot. Such was his love of fast fighter aircraft that, in order to stay flying, he transferred to Specialist Aircrew, terms of service relinquishing any chance of further promotion above his rank of squadron leader. During those years, Clive flew Lightnings, Hawks, and Tornado F3s, but perhaps more intriguingly, for eleven years, he flew Hurricanes and Spitfires with the Battle of Britain Memorial Flight (BBMF), the RAF's, if not the world's, most famous warbird display team, which he ultimately led and commanded. Many readers will have watched him, perhaps unknowingly, as he flew these iconic aircraft, often alongside the Lancaster, at air shows and large-scale commemorations around the UK and Europe. During the Cold War, Clive flew the BAC Lightning from Gtersloh in Germany and in the UK, becoming an expert in the art of air combat in the process. Then, for sixteen years, he flew the Tornado F3 as the RAF moved

into expeditionary operations Packed with humorous and often hair raising anecdotes but also revealing the shock and sorrow he felt at the deaths of friends and colleagues this book is a highly detailed account of life as a fighter pilot in the RAF in the last three decades of the twentieth century and into the twenty first Clive is open about the fears he sometimes felt in this dangerous world and how he allayed them to continue flying for more than four decades This book is illustrated with wonderful photographs from his time on the front line as well as with the BBMF many of which have never been published before If you have ever wondered what it is like to fly supersonic jet fighters like the Lightning and the Tornado F 3 or iconic warbirds such as the Hurricane and Spitfire Clive Rowley brings you into those cockpits and shares his experiences
