**On the Apocalyptic and Human Agency** Kirsi Stjerna, Deanna A. Thompson, 2014-10-21 There is little doubt about the fundamental importance of both Augustine of Hippo and Martin Luther for western theology and anthropology Both continue to invite critical debate on a host of issues that persist in their contemporary relevance such as questions about human identity and destiny This engaging volume brings together a group of scholars pursuing new directions in Lutheran and Augustinian scholarship on these issues The first section on Luther and the Apocalyptic highlights L **Dear Incomprehension** Stéphane Vanderhaeghe, 2024-03-12 This book tackles a broad swath of contemporary literature

currently labeled speculative fiction A blurring of genres that includes science fiction modern fairy tales and avant garde experimental fiction these works are extremely popular but also derive from highly sophisticated philosophical and aesthetic sensibilities ones that call into question and uproot the very foundations of stories and storytelling Because such fictions subvert most conventional narrative devices plot recognizable characters verisimilitude logic legibility they deliberately confound almost any kind of conventional reading and criticism To do such a literature justice the traditional frameworks of literary criticism fail and Dear Incomprehension is more of an extended philosophical essay than it is a traditional work of criticism as oblique and unconventional in its voice tone and methods as the texts it illuminates

**Why Do the Nations Rage?** David A. Ritchie, 2021-12-28 What if we understood nationalism as a religion instead of an ideology What if nationalism is more spiritual than it is political Several Christian thinkers have rightly recognized nationalism as a form of idolatry However in *Why Do the Nations Rage* David A Ritchie argues that nationalism is inherently demonic as well Through an interdisciplinary analysis of scholarship on nationalism and the biblical theology behind Paul s doctrine of powers Ritchie uncovers how the impulse behind nationalism is as ancient as the tower of Babel and as demonic as the worship of Baal Moreover when compared to Christianity Ritchie shows that nationalism is best understood as a rival religion that bears its own distinctive and demonically inspired false gospel which seeks to both imitate and distort the Christian gospel

**Apocalyptic Leadership in Education** Vachel W. Miller, 2017-03-01 Mainstream educational leadership has lost much of its footing as a progressive practice More managers than wisdom keepers educational leaders no longer have authority to critique the toxicities of the present and imagine alternative futures In public schools and higher education the neoliberal emphasis on measurable outcomes shrinks the radius of concern for what educational leaders are leading toward There s a planet missing in mainstream discourses of sustainability in educational leadership and this book aims to resituate the work of teaching leading in the place where we stand In a period of overlapping social environmental crises this book takes inspiration from Robert Jensen s call for teachers and intellectual leaders to go apocalyptic i e to face head on the calamities that threaten our shared future on Earth When leadership is situated within an apocalyptic context we are called to reflect on educational injustice and unsustainability while envisioning more hopeful futures The work of apocalyptic leadership though isn t all about future vision it s also about attending to what hurts and what heals in the present moment Intended for aspiring and practicing educational leaders in both K 12 and higher education settings as well as scholars in the fields of social justice and sustainability this book begins mapping and traversing the affective spiritual pragmatic and organizational geography of apocalyptic leadership Such leadership holds dear the radical belief in our shared capacity to work gracefully with the painful awareness that tremendous challenges are inevitable and yet we have every opportunity for inching toward a more habitable future

**Echoes of the Most Holy** Andre Reis,2022-03-01 The Levitical Day of Atonement was a day of penitence confession and judgment for Israelites of loyal character and a day of covenant renewal for the nation of Israel On this day sin was removed from the tabernacle through the application of sacrificial blood to its altars and compartments as well as by the dismissal of the goat for Azazel which carried all the community s sin to a barren land As it became ingrained in the veil of Jewish consciousness the Day of Atonement underwent a process of abstraction over many centuries leading up to Second Temple times when the Most Holy Place lay devoid of the ark of the covenant and its mercy seat Continuing to reverberate in the Jewish imaginaire the Day of Atonement was received by the authors of the New Testament including John of Patmos to whom its sacrificial typology provided irresistible motifs which they used to proclaim the Christ event By utilizing a coherent intertextual approach this book explores how John wove the Day of Atonement into the colorful literary tapestry of Revelation
