Railway King A Biography Of George Hudson:

The Railway King Robert Beaumont, 2016-11-10 George Hudson the eponymous Railway King started his career with a stroke of luck inheriting 27 000 a fortune in 1827 from a distant relative He invested successfully in the North Midland Railway then formed his own Midland Railway raising 5 million and bribing MPs along the way But from his glory in 1845 he fell into disgrace admitting corruption and selling land he did not own He was eventually imprisoned in York Castle and died a broken man in 1871 His story provides an excellent insight into nineteenth century politics and industrial progress full of moral dilemmas and a testimony to the growth of the railways in Britain a timely subject **The Railway King** Robert

Beaumont, 2002-01-01 George Hudson the eponymous Railway King started his career with a stroke of luck inheriting 27 000 a fortune in 1827 from a distant relative He invested successfully in the North Midland Railway then formed his own Midland Railway raising 5 million and bribing MPs along the way But from his glory in 1845 he fell into disgrace admitting corruption and selling land he did not own He was eventually imprisoned in York Castle and died a broken man in 1871

George Hudson Alfred James Peacock, 1986-06-01 *George Hudson: The Railway King* Matthew Wells, 2024-09-30 George Hudson was the greatest British railway entrepreneur of the 19th century In 1848 he controlled over 1 000 miles of railway and when it came to railway promotion it seemed he could do no wrong However in early 1849 it came to light that some of his business methods had been less than ethical and he was forced to relinquish the chairmanship of each of his companies His fall from grace was spectacular and his detractors of whom there were many were quick to denounce him as a fraudster a charlatan and a crook Even today when the name George Hudson is mentioned these same insults are often levelled at him This new biography takes a fresh look at Hudson's extraordinary life from his humble beginnings as a farmer's boy to becoming Lord Mayor of York before catching the railway bug He was MP for Sunderland between 1845 and 1859 After his fall from grace Hudson endured a 20 year court battle with the York and North Midland Railway subsequently the North Eastern Railway for outstanding debts Hudson made many mistakes in creating his railway empire but did he deserve all the vitriol that still accompanies his reputation In seeking to answer this question Matthew Wells looks at the evidence including what was said about Hudson during his lifetime and what Hudson himself had to say about the actions he took

George Hudson Brian J. Bailey, 1995 **George Hudson** A. J. Peacock, *Georges Hudson (Eisenbahnmagnat, Grossbritannien)*, 1989 George Hudson, 1800-1871 Alfred James Peacock, 1988 George Hudson Tony Arnold, Sean McCartney, 2004 The Robert Maxwell of the nineteenth century Victorian England's greatest capitalist Brought down by a shareholder's question The building of the railways in Britain in the nineteenth century was the greatest ever industrial undertaking in the world to that time Financed by private enterprise rather than the state the schemes to build new lines were characterised both by their ambition and by their need for huge amounts of capital The most ambitious of all of the individual entrepreneurs and for long the most successful was George Hudson the Railway King whose establishment of York

as the hub of an ever growing network of lines brought him huge wealth and great fame Already a wealthy businessman and Lord Mayor of York before the advent of the railways Hudson seized the opportunity they presented with both hands He became an MP lived in style and entertained lavishly While his early lines were profitable later ones were not Ever more deeply committed at a time when accounting standards were lax he hid inconvenient figures until brought down by a question at a shareholders meeting in 1849 Disgraced he fled to the Continent his name synonymous with fraudulent capitalism at its most brazen This new biography is the fullest examination to date of an extraordinary and complex man and his career *The Life of George Stephenson* Samuel Smiles, 2023-06-19 Reprint of the original first published in 1857 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost **The Life of George Stephenson, Railway Engineer** Samuel Smiles, 1857 *The Life of George Stephenson, Railway Engineer. With portrait* Samuel Smiles, 1857 **The Dictionary of National Biography, Founded in 1882 by George Smith**, 1922 *Autobiography, Sensation, and the Commodification of Identity in Victorian Narrative* Sean Grass, 2019-10-31 An exploration of the commodification of autobiography 1820 1860 in relation to shifting fictional representations of identity *George Stephenson* Hunter Davies, 2004-07-22 George Stephenson is the ultimate selfmade man born in the pit village of Wylam near Newcastle and skipping any education to start work his inventions would change the very nature of the world From the moment he began work in the pit at the tender age of ten he showed a natural talent for mending and inventing machines slowly rising to become the colliery's resident engineer However he struggled to break through the class prejudices of the time indeed Sir Humphrey Davy later President of the Royal Society considered Stephenson then an unknown pitman a thief and not a clever thief This early battle was only one of many that Stephenson waged against the establishment Even so Stephenson went on to build the world's first public railways the Stockton and Darlington in 1825 and the Liverpool Manchester in 1830 Much is known of these achievements and of his famous creation Rocket yet little is known of the man himself In *George Stephenson* a colourful portrait is painted of the self taught and often testy Geordie whose Victorian invention is now the backbone of every nation on the planet *Fifty Years of Railway Life in England, Scotland and Ireland* Joseph Tatlow, 1920 **British Economic and Social History** R. C. Richardson, William Henry Chaloner, 1996 *Dictionary of National Biography* Sir Leslie Stephen, Sir Sidney Lee, 1903 **The Dictionary of National Biography**, 1901 **The Dictionary of National Biography** Sir Sidney Lee, 1901 **The Dictionary of National Biography, Supplement** Sir Sidney Lee, 1901
