you be left standing After the Rain After The Rain is played over 3 Acts each with a different twist that encourages character growth into what The Rain is leaving behind To play you and your friends will need to create a setting that varies as wildly as your imagination ranging from a medieval village during the black plague to an office building where people audit the gods Next you must establish the goal This is what drives your characters and brings them together It s the thing they want the most and could be anything from getting a briefcase full of money to taking out a powerful rival Then you ll need to make your Facets These are the three defining traits of your character This could be as simple as a desire for revenge or as deep as trying to save someone you once loved Finally you ll decide on a past connection with another player at the table to help eliminate any We meet in a Tavern situations and to help get you started right in the midst of The Rain Be careful As the game continues and the players are exposed to The Rain these Facets will start to wash away and they will lose their memories and experiences as the game goes on
