studies the subsequent reception in the Patristic and Rabbinic literature not only of John 8 but also of the figures of Cain and Abraham It shows how these figures are linked in Christian and Jewish imagination in the formative centuries in which the two religions came into definition

Of Priests and Kings: The Babylonian New Year Festival in the Last Age of Cuneiform Culture Céline Debourse, 2022-02-28 Editing and examining source critically for the first time the Late Babylonian ritual texts dealing with the New Year Festival this book proposes an incisive re interpretation of the most frequently discussed of all Mesopotamian rituals The festival s twelve day paradigm is dissolved in favor of a more historically dynamic model with the ritual texts being firmly anchored in the Hellenistic period As part of a larger group of texts constituting what can be called Late Babylonian Priestly Literature they reflect the Babylonian priesthoods fears and aspirations of that time much more than an actual ritual reality

Italian American Experience in New Haven, The Anthony V. Riccio, 2009-01-08 Using interviews and photographs Anthony Riccio provides a vital supplement to our understanding of the Italian immigrant experience in the United States In conversations around kitchen tables and in social clubs members of New Haven s Italian American community evoke the rhythms of the streets and the pulse of life in the old ethnic neighborhoods They describe the events that shaped the twentieth century the Spanish Flu pandemic the Great Depression and World War II along with the private histories of immigrant women who toiled under terrible working conditions in New Haven s shirt factories who sacrificed dreams of education and careers for the economic well being of their families This is a compelling social cultural and political history of a vibrant immigrant community
