The Replaceability Paradigm Niall Martin,Ilios Willemars,2024-06-04 The trope of humans being replaced by AI is one of the most familiar examples of the rhetoric of replaceability Not only have questions about what is unique and what is replaceable gained momentum in digital culture but notions of fungibility have emerged in many other contexts as well such as ecology management theory and more sinisterly in racist and conspiracist thinking This volume argues that there is a replaceability paradigm at work throughout the culture of modernity from the European Renaissance through Freudian psychoanalysis Chinese science fiction and postcolonial theory all the way to neural network programs such as Google s DeepDream This collection will be of interest to anybody engaged with the conceptual architecture of contemporary culture whether through film literature or new digital media Encyclopedia of Life Writing Margaretta Jolly,2013-12-04 First published in 2001 This is the first substantial reference work in English on the various forms that constitute life writing As this term suggests the Encyclopedia explores not only autobiography and biography proper but also letters diaries memoirs family histories case histories and other ways in which individual lives have been recorded and structured It includes entries on genres and subgenres national and regional traditions from around the world and important auto biographical writers as well as articles on related areas such as oral history anthropology testimonies and the representation of life stories in non verbal art forms RAINER MARIA RILKE: LEBEN U WERK IM BILD MIT E

BIOGRAPH. I. SCHNACK, **Duino Elegies** Rainer Maria Rilke,2023 A new translation of Rilke s great work with close readings of each of the ten elegies elucidating how their poetic attributes constitute their meaning Rilke continues to be the most read and discussed German poet of the modern period The Duino Elegies together with the Sonnets to Orpheus remain his greatest achievement The themes of the ten elegies and the conceptual world unique to Rilke from which they emerge can best be understood through their poetic form their imagery and neologistic formations their angular syntax their abrupt changes of tone and linguistic register their use of multiple personae and speaking voices and the often ironic self presentation of the author Commentators however have often treated these features as mere formal devices that we can somehow see through to get to what really matters that is to what Rilke has to say about the human condition or the meaning of life to his philosophy or worldview On the contrary they are constitutive of meaning in the elegies and understanding them is crucial to our experience of reading Rilke s work The purpose of this book is to make such features visible and to explain

them to the reader as clearly as possible This is the first full length book in English devoted to the elegies in over thirty years It offers an entirely new translation of each elegy paired with the original German text and a close reading of each *The British Library general catalogue of printed books to 1975* British Library,1985 **Encyclopedia of German Literature** Matthias Konzett,2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings

Consensuality Naomi Segal,2009-01-01 The body is an emissary We know little of our own feelings or the feelings of others but that ignorance is mediated through our organ of touch the skin The term consensuality stands for the co presence

of perceptions on the skin which is the backcloth to sensation and thought If the intelligence of the body is the basis of both sense and consent consensuality also has to do with human relations based on the sense of touch particularly the mother child couple and the relation of desire love and loss This book touches on a range of cultural figures including Gide Princess Diana Kafka Gautier and Rilke and such films as Gattaca The Talented Mr Ripley Being John Malkovich The Piano and The Truman Show together with theories of the caress phantom limbs and replacement children Connecting all these is the work of psychoanalyst Didier Anzieu who wrote on group psychology psychodrama psychic envelopes creativity and thought he also published a study of May 68 written from the heart of Nanterre He was analysed by Lacan not knowing at the time that the latter had treated Anzieu's mother His *Le Moi peau* The Skin ego shows how the psychic skin holds protects and communicates but can also constrict or tear If love enwraps and loss flays how do we mourn *Es streift eine dunkle Flöte* Ingeborg Bauer, 2010 Am Anfang steht der junge Rilke der aus Russland kommend Worpsswede besucht wo sich um 1900 eine Gruppe junger Künstler versammelt für die die Jahrhundertwende zu einer Sternstunde wird zum Ausgangspunkt einer Entwicklung die sie auf ihre ganz spezifischen Wege führt Bei Paula Modersohn-Becker und Clara Rilke Westhoff geht es um die Verbindung von Partnerschaft und eigener Entwicklung Wenn im ersten Text Paula Modersohn-Becker als bildende Künstlerin kontrastiert wird mit dem Schaffen Rilkes so wird die Figur des Engels zur Figuration an der sich Rilke und Klee treffen an der der bildende Künstler und der Dichter ihr Schauen intensivieren verdichten Dazwischen findet sich der Werdegang Rilkes der seine Spanienreise als Wasserscheide erlebt zwischen den Dingen Gedichten und dem Spätwerk der Duineser Elegien und der Sonette an Orpheus Das Ganze wird von Bildern und einer lyrischen Annäherung der Verfasserin an die Künstler und den Dichter begleitet **Lost Son** M Allen Cunningham, 2008-04-01 Spanning western Europe from 1875 to 1917 and presenting a gothic historical Paris that subverts our old assumptions regarding the City of Light M Allen Cunningham's new novel brings a brooding atmosphere and human complexity to an intimate and imaginative portrait of one of the most uniquely sensitive artists of his time a poet whose odd childhood and difficult early life will both fascinate and perhaps help explain his determination to stay true to his artistic vision at almost any cost Here is Rainer Maria Rilke in the grip of his greatest artistic struggle life itself Rilke's gripping emotional drama as child lover husband father protégé misfit soldier and wanderer is framed by a haunted young figure a researcher who a century later feels compelled to trace Rilke's itinerant footsteps and those of Rilke's fictional alter ego the bewitched poet Malte Laurids Brigge The result is an exploration of the forever imperfect loyalties we face in work and life the seemingly immeasurable distances that can separate life and art and the generational tensions between masters and admirers **Rainer Maria Rilke**, 1973 *Rainer Maria Rilke*, 1975 Bayerische Bibliographie. 1974-1976., 1982
