No Mercy Here Sarah Haley,2016-02-17 In the late nineteenth and early twentieth centuries imprisoned black women faced wrenching forms of gendered racial terror and heinous structures of economic exploitation Subjugated as convict laborers and forced to serve additional time as domestic workers before they were allowed their freedom black women faced a pitiless system of violence terror and debasement Drawing upon black feminist criticism and a diverse array of archival materials Sarah Haley uncovers imprisoned women s brutalization in local county and state convict labor systems while also illuminating the prisoners acts of resistance and sabotage challenging ideologies of racial capitalism and patriarchy and offering alternative conceptions of social and political life A landmark history of black women s imprisonment in the South this book recovers stories of the captivity and punishment of black women to demonstrate how the system of incarceration was crucial to organizing the logics of gender and race and constructing Jim Crow modernity *Sounding the Color Line* Erich Nunn,2015 *Sounding the Color Line* explores how competing understandings of the U S South in the first decades of the twentieth century have led us to experience musical forms sounds and genres in racialized contexts Yet though we may speak of white or black music rock or rap sounds constantly leak through such barriers A critical disjuncture exists then

between actual interracial musical and cultural forms on the one hand and racialized structures of feeling on the other. This is nowhere more apparent than in the South. Like Jim Crow segregation, the separation of musical forms along racial lines has required enormous energy to maintain. How, asks Nunn, did the protocols structuring listeners' racial associations arise? How have they evolved and been maintained in the face of repeated transgressions of the musical color line? Considering the South as the imagined ground where conflicts of racial and national identities are staged, this book looks at developing ideas concerning folk song and racial and cultural nationalism alongside the competing and sometimes contradictory workings of an emerging culture industry. Drawing on a diverse archive of musical recordings, critical artifacts, and literary texts, Nunn reveals how the musical color line has not only been established and maintained but also repeatedly crossed, fractured, and reformed. This push and pull between segregationist cultural logics and music's disrespect of racially defined boundaries is an animating force in twentieth-century American popular culture.

The Social World of Deuteronomy. Don C. Benjamin, 2017-04-27. The book of Deuteronomy is not an orphan. It belongs to a diverse family of legal traditions and cultures in the world of the Bible. The Social World of Deuteronomy: A New Feminist Commentary brings these traditions and cultures to life and uses them to enrich our understanding and appreciation of Deuteronomy today. Don C. Benjamin uses social scientific criticism to reconstruct the social institutions where Deuteronomy developed as well as those that appear in its traditions. He uses feminist criticism to better understand and appreciate how powerful elite males in Deuteronomy view not only the women, daughters, mothers, wives, and widows in their households but also their powerless children, liminal people, slaves, prisoners, outsiders, livestock, and nature. Through the lens of feminist theory, Benjamin explores important aspects of the daily lives of these often overlooked peoples in ancient Israel.

From Bourgeois to Boogie. Vershawn Ashanti Young, Bridget Harris Tsemo, 2011. Vershawn Ashanti Young and Bridget Harris Tsemo collect a diverse assortment of pieces that examine the generational shift in the perception of the black middle class from the serious moniker of bourgeois to the more playful, sardonic boogie. Including such senior cultural workers as Amiri Baraka and Houston Baker as well as younger scholars like Damion Waymer and Candice Jenkins, this significant collection contains essays, poems, visual art, and short stories that examine the complex web of representations that define the contemporary black middle class.
