Raise Race Rays Raze:

Raise, Race, Rays, Raze Amiri Baraka, 1972 **Raise Race Rays Raze** Author Amiri Baraka, 1971-12 **Raise, Race, Rays, Raze** Imamu Amiri Baraka, 1971 *On the Corner* Daniel Matlin, 2013-11-01 In July 1964 after a decade of intense media focus on civil rights protest in the Jim Crow South a riot in Harlem abruptly shifted attention to the urban crisis embroiling America's northern cities *On the Corner* revisits the volatile moment when African American intellectuals were thrust into the spotlight as indigenous interpreters of black urban life to white America and when black urban communities became the chief objects of black intellectuals perceived social obligations Daniel Matlin explores how the psychologist Kenneth B Clark the literary author and activist Amiri Baraka and the visual artist Romare Bearden each wrestled with the opportunities and dilemmas of their heightened public stature Amid an often fractious interdisciplinary debate black intellectuals furnished sharply contrasting representations of black urban life and vied to establish their authority as indigenous interpreters In time however Clark Baraka and Bearden each concluded that acting as interpreters for white America placed dangerous constraints on black intellectual practice *On the Corner* reveals how the condition of entry into the public sphere for African American intellectuals in the post civil rights era has been confinement to what Clark called the topic that is reserved for blacks *Jazz Griots* Jean-Philippe Marcoux, 2012-06-27 This book studies how four representative African American poets of the 1960s Langston Hughes Umbra's David Henderson and the Black Arts Movement's Sonia Sanchez and Amiri Baraka engage in the tradition of griots in poetic dialogues with aesthetics music politics and Black History In so doing they narrate using jazz as meta language genealogies etymologies cultural legacies and Black history stories In intersecting and complementary ways Hughes Henderson Sanchez and Baraka fashioned their griotism from theorizations of artistry as political engagement and in turn formulated a Black aesthetic based on jazz performativity on a series of jazz infused iterations that form a complex pattern of literary musical historical and political moments in constant cross fertilizing dialogues with one another This form of poetic call and response becomes a definitional literary template for these poets as it allows both the possibility of intergenerational dialogues between poets and musicians and dialogic potential between song and politics between Africa and Black America between vernacular continuums in their poems **We are an African People** Russell John Rickford, 2016 A history of black independent schools as the forge for black nationalism and a vanguard for black sovereignty in the 1960s and 70s **Digital Black Feminism** Catherine Knight Steele, 2021-10-26 This book traces the long arc of Black women's relationship with technology from the antebellum south to the social media era demonstrating how digital culture transforms and is transformed by Black feminist thought *Gender Talk* Johnnetta B. Cole, Beverly Guy-Sheftall, 2009-01-16 Why has the African American community remained silent about gender even as race has moved to the forefront of our nation's consciousness In this important new book two of the nation's leading African American intellectuals offer a resounding and far reaching answer to a question that has been ignored for far too long Hard

hitting and brilliant in its analysis of culture and sexual politics Gender Talk asserts boldly that gender matters are critical to the Black community in the twenty first century In the Black community rape violence against women and sexual harassment are as much the legacy of slavery as is racism Johnnetta Betsch Cole and Beverly Guy Sheftall argue powerfully that the only way to defeat this legacy is to focus on the intersection of race and gender Gender Talk examines why the race problem has become so male centered and how this has opened a deep divide between Black women and men The authors turn to their own lives offering intimate accounts of their experiences as daughters wives and leaders They examine pivotal moments in African American history when race and gender issues collided with explosive results from the struggle for women s suffrage in the nineteenth century to women s attempts to gain a voice in the Black Baptist movement and on into the 1960s when the Civil Rights movement and the upsurge of Black Power transformed the Black community while sidelining women Along the way they present the testimonies of a large and influential group of Black women and men including bell hooks Faye Wattleton Byllye Avery Cornell West Robin DG Kelley Michael Eric Dyson Marcia Gillispie and Dorothy Height Providing searching analysis into the present Cole and Guy Sheftall uncover the cultural assumptions and attitudes in hip hop and rap in the O J Simpson and Mike Tyson trials in the Million Men and Million Women Marches and in the battle over Clarence Thomas s appointment to the Supreme Court Fearless and eye opening Gender Talk is required reading for anyone concerned with the future of African American women and men

Scars of Conquest/Masks of Resistance Tejumola Olaniyan, 1995-06-22 This original work redefines and broadens our understanding of the drama of the English speaking African diaspora Looking closely at the work of Amiri Baraka Nobel prize winners Wole Soyinka and Derek Walcott and Ntozake Shange the author contends that the refashioning of the collective cultural self in black drama originates from the complex intersection of three discourses Eurocentric Afrocentric and Post Afrocentric From blackface minstrelsy to the Trinidad Carnival from the Black Aesthetic to the South African Black Consciousness theatres and the scholarly debate on the non existence of African drama Olaniyan cogently maps the terrains of a cultural struggle and underscores a peculiar situation in which the inferiorization of black performance forms is most often a shorthand for subordinating black culture and corporeality Drawing on insights from contemporary theory and cultural studies and offering detailed readings of the above writers Olaniyan shows how they occupy the interface between the Afrocentric and a liberating Post Afrocentric space where black theatrical cultural difference could be envisioned as a site of multiple articulations race class gender genre and language

Amiri Baraka Jerry Watts, 2001-08 In a chapter sure to prove controversial Watts links Baraka's famous misogyny to an attempt to bury his own homosexual past

BOOK JACKET Afro-blue Tony Bolden, 2004 In *Afro Blue* Tony Bolden traces the ways innovations in black music and poetry have driven the evolution of a variety of other American vernacular artistic forms The blues tradition Bolden demonstrates plays a key role in the relationship between poetry and vernacular expressive forms Through an analysis of the formal qualities of black poetry and music *Afro Blue* shows that they function as a form of resistance affirming the values and style of life that oppose bourgeois morality Even before the term blues had cultural currency the inscriptions of style and resistance embodied in the blues tradition were already a prominent feature of black poetics Bolden delineates

this interrelation examining how poets extend and reshape a variety of other verbal folk forms in the same way as blues musicians play with other musical genres He identifies three distinct bodies of blues poetics some poets mimic and riff on oral forms another group fuse their dedication to vernacular culture with a concern for literary conventions while still others opt to embody the blues poetics by becoming blues musicians and some combine elements of all three Angry Planet Anne Stewart,2023-01-17 Before the idea of the Anthropocene there was the angry planet How might we understand an earthquake as a complaint or erosion as a form of protest in short the Earth as an angry planet Many novels from the end of the millennium did just that centering around an Earth that acts moves shapes human affairs and creates dramatic nonanthropogenic change In Angry Planet Anne Stewart uses this literature to develop a theoretical framework for reading with and through planetary motion Typified by authors like Colson Whitehead Octavia Butler and Leslie Marmon Silko whose work anticipates contemporary critical concepts of entanglement withdrawal delinking and resurgence angry planet fiction coalesced in the 1990s and delineated the contours of a decolonial ontology Stewart shows how this fiction brought Black and Indigenous thought into conversation offering a fresh account of globalization in the 1990s from the perspective of the American Third World construing it as the era that first made connections among environmental crises and antiracist and decolonial struggles By synthesizing these major intersections of thought production in the final decades of the twentieth century Stewart offers a recent history of dissent to the young movements of the twenty first century As she reveals this knowledge is crucial to incipient struggles of our contemporary era as our political imaginaries grapple with the major challenges of white nationalism and climate change denial **Women's Activism and "Second Wave" Feminism** Barbara Molony,Jennifer Nelson,2017-02-09 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched Women s Activism and Second Wave Feminism situates late 20th century feminisms within a global framework of women s activism Its chapters written by leading international scholars demonstrate how issues of heterogeneity transnationalism and intersectionality have transformed understandings of historical feminism It is no longer possible to imagine that feminism has ever fostered an unproblematic sisterhood among women blind to race ethnicity class sexuality nationality and citizenship status The chapters in this collection modify the wave metaphor in some cases and in others re periodize it By studying individual movements they collectively address several themes that advance our understandings of the history of feminism such as the rejection of hegemonic feminism by marginalized feminist groups transnational linkages among women s organizations transnational flows of ideas and transnational migration By analyzing practical activism the chapters in this volume produce new ways of theorizing feminism and new historical perspectives about the activist locations from which feminist politics emerged Including histories of feminisms in the United States Canada South Africa India France Russia Japan Korea Poland and Chile Women s Activism and Second Wave Feminism provides a truly global re appraisal of women s movements in the late 20th century Brothers Gonna Work It Out Charise
