Selling Your Art Work:

How to Market and Sell Your Art, Music, Photographs, and Handmade Crafts Online Lee Rowley, 2008 You are creative you are an artist or a photographer you have a hobby or craft something you absolutely love to do and you are good at it But you may be asking yourself How do I market my work This book shows how to sell your artwork or crafts even if you have no experience with marketing and even if you hate to sell *How to be a Successful Entrepreneur Selling your Art* J.D. Rockefeller, 2015-07-15 An artist doesn't need to starve for their passion Outdoor shows brick and mortar locations the internet and the availability of more venues has made it easier for creative entrepreneurs to showcase and sell their work Selling artwork is however a competitive endeavor and that has forced artists to produce beautiful and quality work that is competitively priced To be successful with your ambition you need to crunch the numbers gradually build your business and create sales in low cost venues before you move on to bigger arenas Selling artwork or anything for that matter is an important business skill Not everybody possesses the gift or talent to venture into the life of selling However with this in mind we should at least be able to sell one thing and that's ourselves For an entrepreneur your ability to convince potential buyers that you are someone capable of doing business with is vital for success There's no secret between the connection of art and money A shocking idea is one that states that no artist is destined for starvation and poverty If you are a passionate and creative artist you can make some good money from your work feel great about it and generate a massive following of supporters for your career And that's true You may ask yourself why so many artists falter in the quest to make a living from art The positive thing however is that many artists fail simply not because they don't have the creativity or talent to produce great work but rather because they haven't been adequately trained to represent themselves properly to build customer bases and actually sell their amazing work If you look at it this way the olden day way of generating fame and fortune as an artist was about receiving favors of gatekeepers Starting with patronage systems in Europe all the way to museums and galleries of our modern days The olden way was simply about groveling for endorsements for outsiders who at the time collected massive percentages of what artists earned in exchange for representation This was of course very effective for the gatekeepers Although the olden day method still works for a fewer number of artists the drawback is its zero sum game which makes it hard to break in The good thing is that there are more clear alternatives **How to Get Started Selling Your Art** Carole Katchen, 1996 Learn how to put together an inexpensive exhibit create a professional image present your art work to potential buyers put together brochures and portfolios find collectors get the most out of local shows set prices find the right gallery and more Whether your goal is to make a living from your artwork or to simply buy more art supplies experience the satisfaction of selling your own art **Sell Your Art, Not Your SOUL!** Kevin DiBacco, 2025-09-19 Sell Your Art Not Your Soul is the definitive sales and business guide for artists across all mediums written by Kevin B DiBacco a filmmaker turned bestselling author who has closed over 5 motion picture distribution deals and 6 book publishing contracts
