Public Sphere traces the emergence of the New Woman by examining poetry published by American women in newspapers and magazines between 1800 and 1900 Using sources like the Kentucky Reporter the Cherokee Phoenix the Cincinnati Israelite and the Atlantic Monthly Bennett is able to track how U S women from every race class caste region and religion exploited the freedom offered by the nation s periodical press especially the poetry columns to engage in heated debate with each other and with men over matters of mutual concern Far from restricting their poems to the domestic and personal these

women addressed a significant array of political issues abolition Indian removals economic and racial injustice the Civil War and not least their own changing status as civil subjects Overflowing with a wealth of heretofore untapped information their poems demonstrate conclusively that ordinary nineteenth century women were far more influenced by the women s rights movement than historians have allowed In showing how these women turned the sentimental and ideologically saturated conventions of the period s verse to their own ends Bennett argues passionately and persuasively for poetry s power as cultural and political discourse As much women s history as literary history this book invites readers to rethink not only the role that nineteenth century women played in their own emancipation but the role that poetry plays in cultural life
