Steve Oney

Noah Adams On All Things Considered A Radio Journal:

Noah Adams on All Things Considered Noah Adams,1992-10-01 Over its 20 year history National Public Radio's All Things Considered has become a daily must listen for millions of Americans Now host Noah Adams gives listeners a must read look behind the scenes at this landmark show The result is a delight for every fan of what Time calls the most literate trenchant and entertaining news program on the radio

Encyclopedia of Radio 3-Volume Set Christopher H. Sterling,2004-03 Produced in association with the Museum of Broadcast Communications in Chicago the Encyclopedia of Radio includes more than 600 entries covering major countries and regions of the world as well as specific programs and people networks and organizations regulation and policies audience research and radio's technology This encyclopedic work will be the first broadly conceived reference source on a medium that is now nearly eighty years old with essays that provide essential information on the subject as well as comment on the significance of the particular person organization or topic being examined

The Biographical Encyclopedia of American Radio Christopher H. Sterling,Cary O'Dell,2013-05-13 The Biographical Encyclopedia of American Radio presents the very best biographies of the internationally acclaimed three volume Encyclopedia of Radio in a single volume It includes more than 200 biographical entries on the most important and influential American radio personalities writers producers directors newscasters and network executives With 23 new biographies and updated entries throughout this volume covers key figures from radio's past and present including Glenn Beck Jessie Blayton Fred Friendly Arthur Godfrey Bob Hope Don Imus Rush Limbaugh Ryan Seacrest Laura Schlesinger Red Skelton Nina Totenberg Walter Winchell and many more Scholarly but accessible this encyclopedia provides an unrivaled guide to the voices behind radio for students and general readers alike

The Concise Encyclopedia of American Radio Christopher H. Sterling,Cary O'Dell,2010-04-12 The Concise Encyclopedia of American Radio is an essential single volume reference guide to this vital and evolving medium Comprised of more than 300 entries spanning the invention of radio to the Internet this reference work addresses personalities music genres regulations technology programming and stations the golden age of radio and other topics relating to radio broadcasting throughout its history The entries are updated throughout and the volume includes nine new entries on topics ranging from podcasting to the decline of radio

[International News and Foreign Correspondents](#) Stephen Hess,1996 In this fifth volume of his highly acclaimed Newsworld series Stephen Hess offers a revealing look at how the print and broadcast media cover international affairs and how foreign correspondents do their work and concludes with suggestions for improving international coverage

On Air Steve Oney,2025-03-11 An epic decade long reported history of National Public Radio that reveals the unlikely story of one of America's most celebrated but least understood media empires Founded in 1970 NPR is America's most powerful broadcast news network Despite being overshadowed by the larger and more glamorous PBS public radio has long been home to shows such as All Things Considered Morning Edition and This American Life that captivate millions of listeners in homes cars and workplaces across

the nation NPR and its hosts are a cultural force and a trusted voice and they have created a mode of journalism and storytelling that helps Americans understand the world in which we live In *On Air* a book fourteen years in the making journalist Steve Oney tells the dramatic history of this institution tracing the comings and goings of legendary on air talents Bob Edwards Susan Stamberg Ira Glass Cokie Roberts and many others and the rise and fall and occasional rise again of brilliant and sometimes venal executives It depicts how NPR created a medium for extraordinary journalism in which reporters and producers use microphones as paintbrushes and the voices of people around the world as the soundtrack of stories both global and local Featuring details on the controversial firing of Juan Williams the sloppy dismissal of Bob Edwards and a 230 million bequest by Joan B Kroc widow of the founder of McDonalds *On Air* also chronicles NPR s daring shift into the digital world and its early embrace of podcasting formats establishing the network as a formidable media empire Fascinating revelatory and irresistibly dishy this is a riveting account of NPR s unlikely launch chaotic ascent and ultimate triumph a must read for anyone interested in the history of public radio and its impact on American culture

The Museum of Broadcast Communications Encyclopedia of Radio Museum of Broadcast Communications,2004 A premise of this unique encyclopedia is that radio broadcasting is so pervasive that its importance can be easily overlooked More than 600 articles provide ample illustration of the role this medium plays throughout the world From radio s invention to radio on the Internet the cross referenced and thoroughly indexed articles analyze over 100 years of topics programs issues people and places and provide leads to further reading Some 250 photographs give visual context to an often unseen world Scholars old time radio admirers and curious readers will appreciate the unparalleled comprehensiveness of this source The Top 20 Reference Titles of the Year American Libraries May 2004

Christianity's Role in United States Global Health and Development Policy John Blevins,2018-07-06 In recent years the role of religion in influencing international health policy and health services provision has been seen as increasingly important This book provides a social history of the relationship between religion and America s international health policy and practice from the latter 19th century to the present The book demonstrates that the fields of religion and public health have distinct moral frameworks each with their own rationales assumptions and motivations While these two frameworks share significant synergies substantial tensions also exist which are negotiated in political contexts The book traces the origins of religion s influence on public health to the Progressive Era in the latter half of the 19th century examines tensions that arose in the first half of the 20th century describes the divorce between religion and international health from the 1940s through the 1980s identifies the sources of the renewed interest in the relationship between religion and international health and anticipates the future contours of religion and international health in light of contemporary political and economic forces While the influence of religion on international health practice and policy in the United States serves as the focus of the book the effects of US policies on international health policies in general are also explored in depth especially in the book s later chapters This ambitious study of religion s social history in

the United States over the last 150 years will be of interest to researchers in global health politics religion and development studies **Appalachian Journal** ,2004 A regional studies review **The History and Politics of Public Radio** James T. Bennett,2021-07-29 This book presents an absorbing study of how educational radio which originated to broadcast weather forecasts to farmers has become what the Pew Center calls the most trusted source of news for American liberals and a regular in the rogue s gallery of election year conservative targets The Nielsen Company reported in late 2019 that 272 million Americans listen to traditional radio each week a number exceeding those who watch television use a smartphone or access the Internet Yet almost from the start radio has also been flayed as a noise box of inanity a transmitter of low brow entertainment an instrument of cultural degradation promoting vapid popular music and a medium whose ultimate purpose is to convince listeners to purchase the goods and services incessantly hawked by the advertisers who underwrite the programs and allegedly dictate content At the same time an alternative conception of radio existed as a vehicle for education and for cultural and intellectual and even political enlightenment Most proponents of this perspective disdained advertising revenue and sought subsidies from foundations wealthy patrons or varying levels of government The long winding road of educational radio led eventually to the creation of National Public Radio NPR a fixture on the left of the dial that can be seen as either the consummation or corruption of the educational radio movement Prized by many liberals especially affluent whites and disparaged by many conservatives NPR has become a potent symbol of the political polarization and cultural chasm that now characterizes the American conversation

Delve into the emotional tapestry woven by in Experience **Noah Adams On All Things Considered A Radio Journal** .
