Native Sons James Baldwin, Sol Stein, 2009-03-12 James Baldwin was beginning to be recognized as the most brilliant black writer of his generation when his first book of essays *Notes of a Native Son* established his reputation in 1955 No one was more pleased by the book s reception than Baldwin s high school friend Sol Stein A rising New York editor novelist and playwright Stein had suggested that Baldwin do the book and coaxed his old friend through the long and sometimes agonizing process of putting the volume together and seeing it into print Now in this fascinating new book Sol Stein documents the story of his intense creative partnership with Baldwin through newly uncovered letters photos inscriptions and an illuminating memoir of the friendship that resulted in one of the classics of American literature Included in this book are the two works they created together the story *Dark Runner* and the play *Equal in Paris* both published here for the first time Though a world of difference separated them Baldwin was black and gay living in self imposed exile in Europe Stein was Jewish and married with a growing family to support the two men shared the same fundamental passion Nothing mattered more to either of them than telling and writing the truth which was not always welcome As Stein wrote Baldwin in a long heartfelt letter You are the only friend with whom I feel comfortable about all three heart head and writing In this extraordinary book Stein unfolds how that shared passion played out in the months surrounding the creation and publication of Baldwin s *Notes of a Native Son* in which Baldwin s main themes are illuminated A literary event published to honor the eightieth anniversary of James Baldwin s birth *Native Sons* is a celebration of one of the most fruitful and influential friendships in American letters

Native Sons in No Man's Land Philip Auger, 2000 The four writers chosen for this study James Baldwin Alice Walker John Edgar Wideman and Ernest Gaines were chosen because of their shared approach to rewriting such negative narratives of black manhood Each of these writers approaches self definition and more specifically the writing of oneself as a man as contingent on controlling discourse having some power over language and thus having the power to define the self And each of the selected works explores the possibilities of black manhoods that are humane and dignified The discursive negotiations involved in rewriting identity pose an extremely complex set of challenges associated with the realm of definition used to control the powerful signifier manhood From introduction
