Selected Works Of Phillip A Griffiths With Commentary:

Selected Works of Phillip A. Griffiths with Commentary Phillip Griffiths, 2003 Containing four parts such as Analytic Geometry Algebraic Geometry Variations of Hodge Structures and Differential Systems that are organized according to the subject matter this title provides the reader with a panoramic view of important and exciting mathematics during the second half of the 20th century

Selected Works of Philip A. Griffiths with Commentary Phillip Griffiths, 2017 In the period since the original four volumes of Phillip Griffiths's *Selecta* were published *Selected Works of Phillip A Griffiths with Commentary* Parts 1-4 Collected Works Volume 18 Griffiths has continued to produce beautiful and important work The current two part publication brings Griffiths's *Selecta* up to date by including the majority of his recent articles as well as two older papers on differential geometry whose length had precluded their inclusion in the original *Selecta* The papers are organized along the three main topics Differential Geometry and Hodge Theory Part 5 and Algebraic Cycles Part 6 In addition to his papers Griffiths has been an author of a number of research monographs To give the reader an overview of what these monographs contain introductions to some of these are also included

Selected Works of Phillip A. Griffiths with Commentary Phillip Griffiths, Maurizio Cornalba, 2003 Over the last four decades Phillip Griffiths has been a central figure in mathematics During this time he made crucial contributions in several fields including complex analysis algebraic geometry and differential systems His books and papers are distinguished by a remarkably lucid style that invites the reader to understand not only the subject at hand but also the connections among seemingly unrelated areas of mathematics Even today many of Griffiths papers are used as a standard source on a subject Another important feature of Griffiths writings is that they often bring together classical and modern mathematics The four parts of *Selected Works* Analytic Geometry Algebraic Geometry Variations of Hodge Structures and Differential Systems are organized according to the subject matter and are supplemented by Griffiths brief but extremely illuminating personal reflections on the mathematical content and the times in which they were produced Griffiths *Selected Works* provide the reader with a panoramic view of important and exciting mathematics during the second half of the 20th century
