Maverick Women 19th Century Women Who Kicked Over The Traces:

Maverick Women Frances Laurence, 1998-01-01 They were scholars they were saints they were sinners They were determined In a time when a woman s mind was kept as tightly laced as her corset these females went against family friends and convention to blaze trails for their sisters to come Jane Barnes was the first white woman on the Oregon s wild shore Ina Coolbrith hid a mysterious past Maria Mitchell found her own comet Sojourner truth spoke to God Pearl Hart turned bandit Nellie Cashman was the miners angel Mary Austin painted the West in words Nellie Bly circled the globe in 72 days Dame Shirley immortalized the 49ers Ann Eliza W Young fled polygamy Carrie Chapman Catt won women the vote Bethenia Owens Adair was Oregon s first female doctor The Three Charleys were women masquerading as men **Mary Austin and the American West** Susan Goodman, Carl Dawson, 2009-01-07 Mary Austin 1868 1934 eccentric independent and unstoppable was twenty years old when her mother moved the family west Austin s first look at her new home glimpsed from California s Tejon Pass reset the course of her life changed her horizons and marked the beginning of her understanding not only about who she was but where she needed to be At a time when Frederick Jackson Turner had announced the closing of the frontier Mary Austin became the voice of the American West In 1903 she published her first book The Land of Little Rain a wholly original look at the West s desert and its ethnically diverse peoples Defined in a sense by the places she lived Austin also defined the places themselves whether Bishop in the Sierra Nevada Carmel with its itinerant community of western writers or Santa Fe where she lived the last ten years of her life By the time of her death in 1934 Austin had published over thirty books and counted as friends the leading literary and artistic lights of her day In this rich new biography Susan Goodman and Carl Dawson explore Austin s life and achievement with unprecedented resonance depth and understanding By focusing on one extraordinary woman s life Mary Austin and the American West tells the larger story of the emerging importance of California and the Southwest to the American consciousness **Pandora's Daughters** Jane Robinson, 2002 This enthralling history full of anecdotes and first hand accounts centres on women through the ages who have sidestepped restraint and raised the eyebrows of their contemporaries by choosing to make their own often highly idiosyncratic way of life The pedigree of the modern career woman is not generally supposed to be long reaching back only as far as those late Victorian pioneers who stormed the bastions of male professions Jane Robinson looks back over some 25 centuries and proves that theory quite wrong The 100 or so women portrayed here were busy behind the scenes of recorded history in the cause of earning an honest or perhaps not independent living Their enterprise and flair led them to careers as diverse as they are improbable ranging from engineers plumbers and surgeons to a naval commander in the Persian Wars a Dark Age Pope a successful Orcadian wind seller some pirates a Royal Marine and a stockbroker who ran for President of the United States The author considers such achievements against their place and time and the result is a tribute to an inspirational body of women whose significance has too long been ignored as well as a wonderfully entertaining read **New Books on Women**
