Books and Notes Los Angeles County Public Library, 1926 Otter Country: An Unexpected Adventure in the Natural World Miriam Darlington, 2024-02-20 Beguiling The gentle and persistent search by Darlington sparkles The Guardian A plan formed in my mind I would explore the places in this land that hid my grail I would spend a whole year or longer if that's what it took wading through marshes hiding between mossy rocks paddling down rivers and swimming in sea lochs recording my journey through the seasons as I searched for wild otters Mysterious graceful and ever clever otters have captivated our imaginations despite the fact that few people have encountered one in the wild In Otter Country celebrated nature writer Miriam Darlington captures the fascination she's had for these playful animals since childhood and chronicles her immersive journey into their watery world Over the course of a single year Darlington takes readers on a winding expedition in pursuit of these elusive creatures from her home in Devon England and through the wilds of Scotland Wales the Lake District and the countryside of Cornwall As she's drawn deeper into wilder habitats trekking through changing landscapes seasons and weather Darlington meets biologists conservationists fishing and hunting enthusiasts and poets enriching her understanding admiration and awe of the wild otter With each encounter she reveals the scientific environmental and cultural importance of this creature and the places it calls home Full of wonder hope and an abiding love for the natural world Otter Country An Unexpected Adventure in the Natural World is a beautiful and captivating work of nature writing pursuing one of nature's most endearing and endlessly fascinating creatures Media Review Digest C. Edward Wall, 1988 **Timebound** Heather Albano, 2018-11-22 The thrilling conclusion of the Keeping Time trilogy A diva a crime lord a resistance fighter a bohemian who will she be this time Katrina Maxwell Elizabeth William and their comrades have one last chance to set time right only this time they're up against time traveling storm troopers from the Third Reich What happens when time loops in on itself and the center of the Gordian knot is a secret heavily guarded facility in Norway It turns out that Napoleon wasn't the only megalomaniac with dreams of world conquest our heroes need to stop COMING November 22 2018 Science fiction Steampunk time travel historical romance and adventure Extract Exasperated Maxwell picked up letter and bag together and the loose drawstring mouth opened dumping the contents literally into his lap He had time to think The last damned thing I want is my father's watch Then he got a good look at it And nothing was ever the same again One could not be indifferent when one held in one's hands an object that could not possibly exist Instead of one face it had four two crowded on one side and two on another One of these looked like it might actually tell time though it was not doing so at present The second had both an inner and outer dial with numbers running all around it The third was even more complicated comprised of eight

dials nesting within each other These had numbers as well ones significant enough that they immediately jumped to his attention 0 2 1 1 1 8 1 9 The second of November 1819 The day his parents had vanished And the fourth face simply could not exist The fourth face displayed moving images Tiny ones but perfectly distinct a scene aboard a sailing ship that lurched over waves even as he watched it And then dissolved to be replaced by knights in plate mail competing in a joust The dry and logical voice he kept within had no chance to offer any opinions about coincidence or to speculate with what Georgie might be lacing his brandy The situation was too real too immediate to be considered sardonically at one remove Maxwell s heart beat fast and his palms sweated as he held the timepiece With his other hand he fumbled to pick up the second object the red velvet bag had deposited into his lap A locket Of the sort a man rather than a woman would wear and so the contents came as no particular surprise This was William Carrington s memorabilia after all Of course he had a locket containing a picture of Elizabeth Barton Maxwell had only ever seen one portrait of her the one painted on her sixteenth birthday a year before she had run off to Gretna Green and her family had disowned her It had hung in a disused bedchamber in the house of his Barton grandparents but he had managed to carve out a little time to creep away and stare at it upon each childhood visit She looked to be a few years older in this little locket miniature or perhaps it was only the matron s cap confining her curls that granted the illusion The letter The letter would explain all this He had never in his life opened a letter so eagerly My dear son it began We need your help And for the second time in two days Maxwell felt as though he had been punched in the gut
