Arts & Humanities Citation Index , 1998 *More Than Mexica: Explaining the Emphasis of Aztec Symbolism in Chicano Art* Sarah Samantha Salcido, 2021 *More Than Mexica* Explaining the Emphasis of Aztec Symbolism in Chicano Art will examine how Aztec culture and iconography has been incorporated throughout the history of Chicano art It delves into how Chicano art with Mexica influence evolved as well as the symbolism that has been used to represent indigenous chicanismo There will be some discussion about Chicano culture and how it tends to create its own narrative such as claiming that all Mexicans are inherently Aztec when in fact that is far from the truth Though the reclaiming of indigenous ancestry is important it is just as important that history be told with as much accuracy as possible This is in no way a harsh criticism of the Chicano movement nor of how its art focused primarily on the Mexica culture when it came to indigenous groups rather this is an exploration of how it came to be that way and in the hopes of expanding the knowledge of other indigenous groups of Mexico past and present Simultaneously *More Than Mexica* celebrates the way Chicanos used art and activism to create a space of their own in a world that has tried to silence and remove their voices **Mexico's Art &**

Mesoamerican Deities in Public Art of Southern California Emily Silver,2016 This thesis will explore the connection that contemporary Chicano murals have to Mesoamerican deities and how the Mexican Muralist movement serves as a bridge between the two I will prove that modern murals serve as archaeological monuments in the Chicano and Mexican communities and how they are a cultural legacy I will discuss the Aztec belief system highlighting key deities such as Quetzalcoatl Coatlicue and Xochipilli I will then discuss los tres grandes Jose Clemente Orozco Diego Rivera and David Alfaro Siqueiros of Mexican Muralism and explain how the revolutionary themes in their work draw upon larger issues of the Mexican consciousness I will also highlight each artist s interest in indigenous themes and how that contributed to the creation of the Mexican identity Finally I will use three examples of Chicano murals in Southern California to show how Aztec deities are a continuous theme in murals today

Cantú,2010 **Sacred Consumption** Elizabeth Morán,2016-12-06 Making a foundational contribution to Mesoamerican studies this book explores Aztec painted manuscripts and sculptures as well as indigenous and colonial Spanish texts to offer the first integrated study of food and ritual in Aztec art Aztec painted manuscripts and sculptural works as well as indigenous and Spanish sixteenth century texts were filled with images of

foodstuffs and food processing and consumption Both gods and humans were depicted feasting and food and eating clearly played a pervasive integral role in Aztec rituals Basic foods were transformed into sacred elements within particular rituals while food in turn gave meaning to the ritual performance This pioneering book offers the first integrated study of food and ritual in Aztec art Elizabeth Mor n asserts that while feasting and consumption are often seen as a secondary aspect of ritual performance a close examination of images of food rites in Aztec ceremonies demonstrates that the presence or in some cases the absence of food in the rituals gave them significance She traces the ritual use of food from the beginning of Aztec mythic history through contact with Europeans demonstrating how food and ritual activity the everyday and the sacred blended in ceremonies that ranged from observances of births marriages and deaths to sacrificial offerings of human hearts and blood to feed the gods and maintain the cosmic order Mor n also briefly considers continuities in the use of pre Hispanic foods in the daily life and ritual practices of contemporary Mexico Bringing together two domains that have previously been studied in isolation Sacred Consumption promises to be a foundational work in Mesoamerican studies *Artists and*
