Carlson, Museum of Fine Arts, Boston, Los Angeles County Museum of Art, 1995 Om Emil Nolde s tsninger tr snit og litografier *Emil Nolde* Emil Nolde, Christian Ring, 2012 A draughtsman am I and a painter Emil Nolde German Expressionist Emil Nolde 1867 1956 is best known for his paintings and is widely regarded as one of the greatest watercolourists of the 20th century It is well known that during the Third Reich he was outlawed as a degenerate artist and forbidden to paint This title concentrates on Nolde s printmaking considering him as one of the greatest print makers of the same era It illustrates how his print making was closely connected to his painting a relationship of mutual stimulation prevailed Here using the collection of prints held in the Nolde Foundation the artist s development as a print maker is explored concentrating on his etchings woodcuts and lithography Includes texts by Manfred Reuther Christian Ring Martin Urban and Gustav Schiefler English and German text *Emil Nolde* Barbara Martin, Emil Nolde, Museum of Fine Arts, Boston, 1995 **Emil Nolde** Peter Howard Selz, Emil Nolde, 1980-01-01 Presents a collection of black and white illustrated reproductions of the works of early twentieth century German Expressionist painter Emil Nolde Emil Nolde Peter Selz, Museum of Modern Art (New York, N.Y.), 1963 *German Expressionist Prints* Stephanie D'Alessandro, 2003 The Specks Collection is noted for its high quality breadth and profound graphic power In celebration of the gift to the museum the collection is presented here for the first time in its entirety **Artists & Prints** Deborah Wye, Starr Figura, Museum of Modern Art (New York, N.Y.), 2004 Volume covers the Collection of Prints and Illustrated Books not the collection of artists books *Prints and Printmaking* Antony Griffiths, 1996 Introductory text that touches on the basics of various printmaking techniques and briefly describes the history of each **Art Books** Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition **German Expressionism** Museum of Modern Art (New York, N.Y.), Starr Figura, Peter Jelavich, 2011 Catalog of an exhibition held at the Museum of Modern Art New York Mar 27 July 11 2011 **German Expressionist Painting** Peter Selz, 2023-04-28 Published in 1957 German Expressionist Painting was the first comprehensive study of one of the most pivotal movements in the art of this century When it was written however German Expressionism seemed like an eccentric manifestation far removed from what was then considered the mainstream of

modern art But as historians well know each generation alters the concept of mainstream to encompass those aspects of the past which seem most relevant to the present The impact of German Expressionism on the art and thought of later generations could never have been anticipated at the time of the original writing of this book During the subsequent years an enormous body of scholarly research and an even larger number of popular books on German expressionist art has been printed Numerous monographs and detailed studies on most of the artists exist now and countless exhibitions with accompanying catalogues have taken place Much of this new research could have been incorporated in a revised edition and the bibliography certainly could have been greatly expanded to include the important writings which have been published in Germany the United States and elsewhere since this book was originally issued The author however was faced with the choice of reprinting the original text with only the most necessary alterations such as updating the captions to indicate present locations of the paintings or the preparation of a revised text and bibliography Desirable as a revision appeared present printing costs would have priced the paperback out of reach for students It is for this reason that I decided to reissue the original text which stands on its own as a primary investigation of German Expressionist Painting

Expressionism Ashley Bassie, 2023-12-28 Max Beckmann Otto Dix George Grosz Emil Nolde E L Kirchner Paul Klee Franz Marc as well as the Austrians Oskar Kokoschka and Egon Schiele were among the generation of highly individual artists who contributed to the vivid and often controversial new movement in early twentieth century Germany and Austria Expressionism This publication introduces these artists and their work The author art historian Ashley Bassie explains how Expressionist art led the way to a new intense evocative treatment of psychological emotional and social themes in the early twentieth century The book examines the developments of Expressionism and its key works highlighting the often intensely subjective imagery and the aspirations and conflicts from which it emerged while focusing precisely on the artists of the movement

Painting and Sculpture in Europe, 1880-1940 George Heard Hamilton, 1993-01-01 This new edition of a book that offers the best available grounding in its huge subject as the Sunday Times called it includes color plates and a revised and expanded bibliography Professor Hamilton traces the origins and growth of modern art assessing the intrinsic qualities of individual works and describing the social forces in play The result is an authoritative guide through the forest of artistic labels Impressionism and Expressionism Symbolism Cubism Constructivism Surrealism etc and to the achievements of Degas and Cezanne Ensor and Munch Matisse and Kandinsky Picasso Braque and Epstein Mondrian Dali Modigliani Utrillo and Chagall Klee Henry Moore and many other artists in a revolutionary age
