## **Nuggets Of Knowledge:**

*Nuggets of Knowledge* George W. Stimpson, 1925      *Principles of Knowledge Management* Eliezer Geisler, Nilmini Wickramasinghe, 2015-03-26 This text provides a comprehensive introduction to the new field of knowledge management. It approaches the subject from a management rather than a highly technical point of view and provides students with a state of the art survey of KM and its implementation in diverse organizations. The text covers the nature of knowledge, tacit and explicit, the origins and units of organizational knowledge and the evolution of knowledge management in contemporary society. It explores the implementation and utilization of knowledge management systems and how to measure their impact, outputs and benefits. The book includes a variety of original case studies that illustrate specific situations in which the absence or existence of knowledge management systems has been crucial to the organization's actions. Charts and figures throughout help clarify more complex phenomena and classifications, and each chapter includes review questions and a comprehensive index.

*Installing and Managing Workable Knowledge Management Systems* Albert Rubenstein, Eliezer Geisler, 2003-08-30 Every organization should have some method of capturing, storing, transforming, retrieving, and using knowledge and lessons learned. This book has been written to help managers throughout the organization to design and develop knowledge management systems that are effective and lasting. Successful knowledge management systems are integrated into the corporate culture and the existing information systems apparatus. They are introduced gradually so as not to clutter the testing phase with too many details. And simple and appropriate metrics are utilized at each stage of the design and operating process. The book concludes with a concise summary of all the necessary steps to ensure success.

*100 Ideas for Secondary Teachers: Stretch and Challenge* Paul Wright, 2020-03-05 No matter what you teach, there is a 100 Ideas title for you. The 100 Ideas series offers teachers practical, easy-to-implement strategies and activities for the classroom. Each author is an expert in their field and is passionate about sharing best practice with their peers. Each title includes at least ten additional extra creative Bonus Ideas that won't fail to inspire and engage all learners. \_\_\_\_\_ With the new developments across all secondary curriculum areas, there is greater emphasis on building depth of subject knowledge. Stretching and challenging students of all abilities is essential to achieving this deep level of learning.

*100 Ideas for Secondary Teachers: Stretch and Challenge* presents innovative and exciting ideas, techniques, and activities to embed stretch and challenge strategies into everyday classroom practice, regardless of subject area. Developing good stretch and challenge practices enables the cognitive process that helps learners retain new information more easily and work more productively. Looking at questioning, marking, and feedback, starters, plenaries, and technology-based teaching, Paul Wright explains why the strategies presented in this book are so effective. *100 Ideas for Secondary Teachers: Stretch and Challenge* is the must-have guide to implementing stretch and challenge practices in the classroom, with ideas designed to raise attainment for all students and keep them engaged in the classroom.
