Korpela, This is an extensive manual of the Finnish language It is an ideal source of information when you wish to learn about some specific features of Finnish such as pronunciation word formation notational conventions or verb forms even with minimal or no previous understanding of the language It is intended primarily for people who study learn or use Finnish as a foreign language It is particularly useful to advanced language learners translators and linguists The book covers all the major features of Finnish grammar including both standard written language common spoken language and features of major dialects treatises of key specialties of Finnish such as idiomatic uses of locational case forms in depth look at some topics largely ignored in Finnish grammars such as compositive forms of words and passive forms of verbs punctuation rules and rules for writing numbers and special notations issues in writing and processing Finnish language texts in the modern world with computers The book is also useful to people with Finnish as their native or second language because it gives them a different look at the language The approach in the book partly deviates from the tradition of Finnish grammars Finnish style guides and teaching of Finnish at schools It treats Finnish as a world to be explored rather than something we know all too well and it treats it like any other language using international concepts and terms *Nykysuomen sanakirja* Suomalaisen Kirjallisuuden Seura,1980 Pyhän Mechtildin ilmestykset Mikko Kauko,2022 Mechthild of Hackeborn represents medieval mysticism Her Revelations were written down in the 1290s in Helfta Germany The oldest surviving versions are in Latin but in the Middle Ages the Revelations were translated at least into Dutch English Swedish and German The text was translated into Swedish in 1469 by J ns Budde a Bridgettine brother from Naantali Budde made few omissions but many additions in the text mainly explanations to meet the needs of the Bridgettine sisters Budde s translation is faithful to the original text and he made few mistakes My Finnish translation of the text follows Budde s version where possible However Budde translated an abridged version that omitted some chapters and the only surviving copy of Budde s translation is incomplete I have therefore translated the missing sections from Latin and incorporated them in the text My translation also includes editorial comments on the language the contents and the historical and theological contexts of the Revelations **Nykysuomen sanakirja** ,1977 **Books from Finland** ,1973 Virittäjä ,1996 **Studia Fennica** ,1976 **Dictionaries, Encyclopedias, and Other Word-related Books: Non-English books** Annie M.
