

A revelation

Because the due desires which thou immortal made
This Lady hath obtained, her fate shall overtake.

Proceed my *Atys* all thy fervent never,
Able his power to publish both her grade
Whole life is like some *Lucina* flower sayle,

That mighty God of heaven *Isis* gave,
He doth permit, his highness doth allow
Yours her grace all earthly bliss shall bowe,

And bide, and live at her commandment,
With perfect bliss to leave the her fate,
Even for that cause *Lucina* is lost.

With her this goddess's name shall stay,
Then thou shalt be blessed *Lucina*.

Goddess of great account
whose due desire doth have her name
the peoples prayer,
in no such wayle
did ever woman make

Fair Lady sweet with thee, with thee I mean to talk,
Talk and refuge to thee, even to thy self my fate,
of all the world most fortunate,
whole happiness
with perfect bliss
is furnished, none I shall dwell
with thee because thou dost excel.

The

of the true Minerva.

Thy virtues true
Do well declare

To what thou art indeed,

The worthiness of woman kinde,

Thou dost approve that true is truth

As doth mankind exceed, exceedeth man by much,
By much and more of all, of all the royal kinde,

Thy perfect grace shall be,

Thy birth right grace, greater thy fame,

Lucina noble name

I yield to thee

my dignity.

Thy due desired right, in due thy right reward
Rewarded by the gods, for when the gods had made
In what a perfect path you stand,

And howe your life you lead,

They did ordaine

Me to remaine

With her whole fate

Was fortunate,

So for from them to you,

to you, only to you I bowe,

And beside, and bind my self, my self to your will,

Your wish that is my work, my work that to fulfill,

Sweet *Epistola* shall have the place,

And notice of thy name,

Which flower to defend, even to defend the same,

Of passing perfect power

Is left to thee

Her which doth sit, he shall defend

Writing War Corinne J. Saunders,Françoise Hazel Marie Le Saux,Neil Thomas,2004 Essays consider the variety of responses to warfare and combat in medieval literature *New Perspectives on Tudor Cultures* Zsolt Almási,Mike Pincombe,2012-04-25 This volume presents a selection of papers from the 6th International Conference of the Tudor Symposium held at the University of Sheffield in 2009 It brings together new explorations of Tudor literature from scholars based all over Europe France Greece Hungary Ireland Norway and the United Kingdom The papers cover the long mid Tudor period from Skelton and more to the young Shakespeare but with a central emphasis on the middle decades of the sixteenth century Topics range widely from philosophy and social commentary to more traditionally literary kinds of writing such as lyric and tragedy both dramatic and non dramatic The volume as a whole offers an attractively kaleidoscopic image of the variety of new work being carried out in the area in the new millennium **Learned Queen** L. Unperfect Histories Harriet Archer, 2017-10-13 The *Mirror for Magistrates* the collection of de casibus complaint poems in the voices of medieval rulers and rebels compiled by William Baldwin in the 1550s was central to the development of imaginative literature in the sixteenth and early seventeenth centuries Additions by John Higgins Thomas Blenerhasset and Richard Niccols between 1574 and 1610 extended the *Mirror*'s scope shifted its focus and prolonged its popularity in particular the texts later manifestations profoundly influenced the work of Spenser and Shakespeare *Unperfect Histories* is the first monograph to consider the text's early modern transmission history as a whole In chapters on Baldwin Higgins Blenerhasset and Niccols's complaint collections it demonstrates that the *Mirror* is an invaluable witness to how verse history was conceptualized written and read across the period and explores the ways in which it was repeatedly reinterpreted and redeployed in response to changing contemporary concerns The *Mirror* corpus encompasses topical allegory nationalist polemic and historiographical skepticism as well as the macabre humour and metatextual play which have come to be known as hallmarks of Baldwin's mid Tudor writings What has not been recognised is the complex interaction of these themes and techniques right across the *Mirror*'s history Higgins Blenerhasset and Niccols's contributions are analysed for the first time here both within their own literary and historiographical contexts and in dialogue with Baldwin's early editions This new reading offers a lively account of the text's depth and variety and provides insight into the extent of the *Mirror*'s influence and ubiquity in early modern literary culture

George Peele David Bevington, 2017-03-02 David Bevington's volume on George Peele looks at the literary achievement of that dramatist and author who was born in London some time around 1556/8 was educated at Oxford and returned to London to become a prolific writer until his death in 1596 He died at the age of forty in poverty and was never far from the threat of debtors prison throughout his adult life Peele like Greene and Marlowe was caricatured in his immediate afterlife as the embodiment of a popular and thriving literary culture in London of the late sixteenth century a world that was competitive and relentlessly unforgiving in its economic pressures but also colourful adventuresome and vital This volume collects together for the first time the best contemporary published work on Peele by a group of renowned scholars They discuss Peele's Lord Mayor's Pageants Court Entertainments occasional poems and his plays *The Arraignment of Paris* *The Old Wives Tale* *The Battle of Alcazar* *Edward I* *David and Bathsheba* and *Titus Andronicus* The essays are accompanied by David Bevington's substantial introduction which discusses Peele's life and works particularly in the context of the other five University Wits

Visionary Spenser and the Poetics of Early Modern

Platonism Kenneth Borris, 2017 Platonic concerns and conceptions profoundly affected early modern English and continental poetics yet the effects have had little attention This book defines Platonism's roles in early modern theories of literature then turns to reappraise the Platonizing major poet Edmund Spenser It makes important new contributions to the knowledge of early modern European poetics and advances our understanding of Spenser's role and significance in English literary history Literary Platonism energized pursuits of the sublime and knowledge of this approach to poetry yields cogent new understandings of Spenser's poetics his principal texts his poetic vocation and his cultural influence By combining Christian resources with doctrines of Platonic poetics such as the poet's and lover's inspirational furies the revelatory significance of beauty and the importance of imitating exalted ideals rather than the world he sought to attain a visionary sublimity that would ensure his enduring national significance and he thereby became a seminal figure in the English literary line of vision including Milton and Blake among others Although readings of Spenser's *Shepherd's Calendar* typically bypass Plato's *Phaedrus* this text deeply informs the *Calendar*'s treatments of beauty inspiration poetry's psychagogic power and its national responsibilities In *The Faerie Queene* both heroism and visionary poetics arise from the stimuli of love and beauty conceived Platonically and idealized mimesis produces its faeryland Faery's queen projected from Elizabeth I as in Platonic idealization of the beloved not only pertains to temporal governance but also points toward the transcendental Ideas and divinity Whereas Plato's *Republic* valorizes philosophy for bringing enlightenment to counter society's illusions Spenser champions the learned and enraptured poetic imagination and proceeds as such a philosopher poet

Well-Weighed Syllables Derek Attridge, 1979-12-06 Sidney's statement in his *Apology for Poetry* that quantitative verse on the Latin model is more suitable than the accentual verse of the English tradition lively to express diverse passions by the low and lofty sound of the well weighed syllable is only one of numerous assertions of the superiority of classical over native metres made by English scholars and poets during the Renaissance stretching from Roger Ascham some twenty years earlier to Ben Jonson some fifty years later

A Spenser Chronology W. Maley, 1993-11-26 a valuable and welcome book it belongs in any library that has pretensions of supporting Spenser scholarship Russel J Meyer *Spenser Newsletter* A *Spenser Chronology* is the first serious attempt to map out in concrete detail all of the known facts concerning the poet Edmund Spenser a major canonical author whose entire literary career was spent in Ireland This book charts Spenser's parallel vocations of Elizabethan planter and Renaissance writer outlining the activities appointments and whereabouts of a prominent Irish colonist and shedding new light on the life of one of the most important figures in English literary history

The Sound of Virtue Blair Worden, William Worden, 1996-01-01 Blair Worden reconstructs the dramatic events amidst which the *Arcadia* was composed and shows for the first time how profound is their presence in it The Queen's failure to resist the Catholic advance at home and abroad and her apparent resolve to marry the Catholic heir to the French throne seemed likely to bring tyranny and persecution to England
