Communication with All Life (Large Print 16pt) Joan Ranquet, 2010-06-21 Although Communication with All Life is about animal communication it isn't just a how to book but a guide that will help you discern how much you're already exchanging feelings words and pictures with your pet Woven throughout the book are many stories to illustrate and support the theory that animal communication isn't something that you do or need to learn it just is By tuning in telepathically Joan Ranquet has helped thousands of people and animals deepen their connections with each other resolve behavioral problems assist in the process of death and dying and examine issues surrounding illness and accidents Many of the situations that are dealt with throughout the book are actually people perception problems rather than stories of an ill behaved dog cat horse bird or other pet Communication with All Life illustrates how to move past the emotional patterns that create unwanted behavior and ultimately demonstrates that animal companions give humans the opportunity to enact leadership and responsibility in their thoughts and feelings to ensure harmony at home
