The series of CAREC road safety engineering manuals came from the endorsement of the CAREC Road Safety Strategy 2017-2030 by member countries. The strategy supports and encourages CAREC authorities to plan, design, construct and maintain safe roads. This manual also explains the road safety audit process as it can apply in CAREC road projects. It provides information about the audit process for those who undertake the audits, practitioners and for those who manage the audit process, policy makers.
