Nectar #14 Babaji Bob Kindler, Lex Hixon, LJ Das, Rabbi Rami Shapiro, Sharad Chandra, Shannon Kelly, 2004-12-24 The universality of world religions is certainly a subject of interest in these engaging and pivotal times and one that is treated multi dimensionally in this issue of Nectar Nectar of Nondual Truth has for three years attempted to present this principle by offering articles from writers and practitioners who are deeply ensconced in and in love with their chosen path and ideal and can therefore express the one indivisible Truth via their own deeply cherished stream of Wisdom This is crucial the practice of one tradition until realization through that single pathway has been achieved in order to avoid confusion contradiction misperception and the surface understanding that usually accompanies a mere eclectic point of view devoid of penetrating and longevitous spiritual practice The well guided expansion of the limited human mind is likened to raising a family wherein different children must each be given special attention based upon comprehension of their differing needs capacities and temperaments But before all this is attempted the first born must be attended to and then all the resultant growth in terms of challenges mistakes successes and valuable insights into child rearing can thus be applied to the raising of those who come after Wherever the first born is neglected or followed too soon by other siblings thus falling into the background of the overburdened parent's full attention malnutrition on several levels occurs and the valuable developmental stages of early growth are stripped of their power and purpose resulting in a stunted condition a life shorn of its fullest possibilities and potentials This unfortunate outcome in the individual family unit is mirrored by the undernourished spiritual life of contemporary living beings in general due not only to their own debilitating complacency around purificatory practices but also due to their lack of appreciation their ambivalence and even their hostility towards the sacred traditions of the world religions adhered to by the same selfed brothers and sisters of the multifarious but inseparable family of mankind On the other hand after sincere and one pointed commitment to Truth is attained followed up by a firm dedication to one's path a sedulous practice and an unswerving devotion to God and Guru all constantly cultivated the onset of spiritual maturation will occur as a matter of course **Essence of Dharma Yoga and Spirituality** Radha Krishan Kumar, 2023-02-07 Radha Krishna Kumar Advocate Supreme Court of India Available in both Hindi and English versions The man himself is the form of Brahman but he does not realize it at all He leaves this world by wasting life in ignorance The teaching of Upanishads the teaching of Samkhya Jnana Bhakti and Karma Yoga given by Lord Shri Krishna to Arjuna in the Bhagavad Gita the teachings

of Lord Buddha the teaching of Yoga Sutras of Maharishi Patanjali and the verses of Saint Kabir helps us to come out of ignorance and lead us towards the true knowledge All these teachings of sacred texts and great seers remind us repeatedly about our true nature and advise us to come out of the delusion Today due to religious and sectarian narrowness man is becoming the enemy of his own mankind Saint Kabir says Hindu kahe Mohi Ram Pyara Turk Muslim kahe Rahmana wapas me dou ladi ladi muye Maram Na Kou Jana Saint Kabir says that The Hindus and Muslims often fight due to communal misunderstanding The common people are not aware of the true essence of religion Today there is jealousy hatred discontent anger and negative thoughts everywhere Day by day humanity and human sensibility is vanishing which is a threat to human existence Love fraternity happiness non violence and compassion are the basis for making human life meaningful which can be created only through spirituality and yoga The author through this book has tried to present the essence of religion yoga and spirituality on the basis of the sacred scriptures authentic texts and the thoughts of sages so that the darkness of confusion and ignorance can be removed from human mind and positive thoughts may be generated in the world In this book the characteristics of Dharma God soul maya delusion avidya ignorance law of karma and the principle of reincarnation have been discussed All religions spirituality and yoga have been explained in detail so that this book can be useful for every human being A person knows many things about this world but he is ignorant about himself He doesn't know his true nature Is man just a body made of the five elements mind the five sense organs the five karma organs or is he a form of Brahman The Brihadaranyaka Upanishad says that Aham Brahmasmi which means I am Brahman The Chandogya Upanishad says that Tat tvam Asi Tatvamasi means that Brahman is in you in me and in all living beings The Aitareya Upanishad says Pragyan Brahman that is the realization of Brahman is the true knowledge However a man can realize his Brahman form only in the state of Samadhi
