all drawn by the author In Darfur is a rare example of an Arab description of an African society on the eve of Western colonization and vividly evokes a world in which travel was untrammelled by bureaucracy borders were fluid and startling coincidences appear almost mundane An English only edition Historical Dictionary of the Central African Republic Juan Fandos-Rius, Richard Bradshaw, 2025-02-16 The Central African Republic CAR joined the international community when it attained autonomy within the Communaut French Community on 1 December 1958 Under this arrangement France retained control over defense foreign affairs currency and home security Through history Central Africans comprising a quite large number of different ethnic groups and subgroups engaged in internal and external conflicts leading to significant migrations that showcased the nation s current cultural diversity In the twilight of the 19 century Western influence arrived on the heels of French colonists marking the end of slave trade from neighboring states to Central Africans but introducing new forms of servitude such as concessionary companies portage taxes and compulsory labor Central Africans saw their cultural systems and languages gradually erode replaced by European educational models and Christianization In less than 70 years Central Africans experienced profound changes without a cohesive plan As an independent nation the CAR found itself grappling with Western nations contesting its natural resources yielding little profit and trapped in neocolonialism The nation s limited income weakened its authority leading to its disappearance in rural areas Tensions over land resources escalated into a civil war disguised and polarized under the guise of interreligious conflict Today Central Africans stand at a pivotal moment seeking change for peace and recovery Historical Dictionary of the Central African Republic Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 200 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about the Central African Republic CAR **Paideuma Bd.52 / Jahrgang 2006 , Ethnoarchaeology of Shuwa-Arab Settlements** Augustin Holl, 2003-01-01 Ethnoarchaeology of Shuwa Arab Settlements demonstrates the imperative need for ethnoarchaeology to include a deep sense of the history of the specific social group under analysis for its findings to truly impact archaeological thinking Based on research from a long term archaeological and ethnoarchaeological project conducted in the northernmost part of Cameroon Augustin Holl s new work probes the ethnic survival of the Shuwa Arab descendants of generations of pastoralists who migrated from Arabia to the Chad basin The book robustly engages macro issues connected to processes of sedentarization ethnic interaction in a multi ethnic setting and relations of power and dominion On the micro level the work deciphers clues for the cultural survival and later prosperity of the Shuwa Arab hidden in the material record of their daily settlement life This book will be of great interest to students of African history African studies archaeology ethnoarchaeology and ethnic and cultural studies seeking to understand how to successfully integrate history into the interpretation of the archaeological record The Mobility Imperative Augustin F.
