[The Ironic Filmmaking of Stephen Frears](#) Lesley Brill, 2018-02-22 Stephen Frears has a career approaching over half a century directing films of astonishing variety beauty and daring and yet many often have trouble remembering his name The Ironic Filmmaking of Stephen Frears celebrates this great filmmaker beginning with a short biography of Frears general observations on unifying themes and styles in his oeuvre and the characterization of his manner of directing By focusing on 10 key films Lesley Brill finds coherence in Frears

characteristic irony and in his concentration on many kinds of love In movies such as *My Beautiful Laundrette* *Dangerous Liaisons* *High Fidelity* *The Queen* *Philomena* and many others Frears portrays widely varied situations and characters with a combination of insight skepticism and sympathy He has the passionate unjudgmental focus of an artist who stands simultaneously at a distance from his subjects and within their worlds Through Frears work is widely admired Brill argues that he has attracted little scholarly writing because of a combination of the diffidence of his self presentation and the difficulty of explicating the complex ideas and characters of his films The *Ironic Filmmaking of Stephen Frears* is meant to inspire others to further examine his films individually and his career as a whole And Furthermore Judi Dench,2011-02-15
