Sailing Alone Around the World Joshua Slocum, 1948 **Sailing Alone Around the World and Voyage of the Liberdade by Joshua Slocum** Joshua Slocum, Arthur Ransome, 1974 Sailing Alone Around the World ; Voyage of the Liberdade Joshua Slocum, 1958 Voyage of the Liberdade Joshua Slocum, 2015-06-28

North America's best known sailor the first man to sail single highhandedly around the world Joshua Slocum is widely known for his *Sailing Around the World Alone* the story of his solo circumnavigation The Voyage of the Liberdade his first book is equally compelling In it he recounts his journey to Brazil and back he sailed down on the Aquidneck his own ship and returned on the Liberdade which he built there What happened Slocum describes sailing from port to port in Brazil trying to take in and deliver enough cargo on the Aquidneck to make her voyage profitable Through a series of mishaps he is saddled with a crew which turns out to be composed of brigands not sailors My pirates thought their opportunity had surely come to capture the Aquidneck and this they undertook to do The ringleader of the gang was a burly scoundrel whose boast was that he had licked both the mate and second mate of the last vessel he had sailed in and had busted the captain in the jaw Near midnight my wife who had heard the first footstep on deck quietly wakened me saying We must get up and look out for ourselves Something is going wrong on deck the boat tackle has been let go with a great deal of noise My first impulse was to step on deck in the usual way but the earnest entreaties of my wife awoke me like to a danger that should be investigated with caution Arming myself therefore with a stout carbine repeater and eight ball cartridges in the magazine I stepped on deck abaft instead of forward where evidently I had been expected Slocum who landed in jail for shooting a one of the mutineers eventually lost the Aquidneck on the reefs Not wanting to remain a castaway in Brazil he and his family built the Liberdade the ship that would bring them home Her dimensions being 35 feet in length over all 7 1 2 feet breadth of beam and 3 feet depth of hold who shall say that she was not large enough Her model I got from my recollections of Cape Ann dories and from a photo of a very elegant Japanese sampan which I had before me on the spot so as it might be expected when finished she resembled both types of vessel in some degree Her rig was the Chinese sampan style which is I consider the most convenient boat rig in the whole world This was the boat or canoe I prefer to call it in which we purposed to sail for North America and home Each one had been busy during the construction and past misfortunes had all been forgotten Madam had made the sails and very good sails they were too Join the self reliant and intrepid Slocum on his voyage and gain a glimpse into the romantic era that vanished when steam took over And perhaps his book will inspire you to follow in his footsteps in your own Liberdade

Voyage of the Liberdade Captain Joshua Slocum, Slocum, 2014-04-13 Voyage of the Liberdade by Captain Joshua Slocum Classic True Sea Adventures Joshua Slocum February 20 1844 on or shortly after November 14 1909 was the first man to sail single handedly around the world He was a Nova Scotian born naturalised American seaman and adventurer and a noted writer In 1900 he wrote a book about his journey Sailing Alone Around the World which became an international best seller He disappeared in November 1909 while aboard his boat the Spray To get underweigh It was on the 28th of February 1886 that the bark Aquidneck laden with case oil sailed from New York for Montevideo the capital o Uruguay the strip of land bounding the River Plate on the east and called by the natives Banda Oriental The Aquidneck was a trim and tidy craft of 326 tons register hailing from Baltimore the port noted for clippers and being herself high famed above them all for swift sailing she had won admiration on many seas This literary craft of mine in its native model and rig goes out laden with the facts of the strange happenings on a home afloat Her constructor a sailor for many years could have put a whole cargo of salt so to speak in the little packet but would not so wantonly intrude on this domain of longshore navigators Could the author and constructor but box haul club haul tops l haul and catharpin like the briny sailors of the strand ah me and hope to be forgiven Be the current against us what matters it Be it in our favour we are carried hence to what place or for what purpose Our plan of the whole voyage is so insignificant that it matters little maybe whither we go for the grace of a day is the same Is it not a recognition of this which makes the old sailor happy though in the storm and hopeful even on a plank in mid ocean Surely it is this for the spiritual beauty of the sea absorbing man s soul permits of no infidels on its boundless expanse
