Sailing Alone Around The World Centennial Edition:

Sailing Alone around the World Joshua Slocum, 2005-08-09 Full of astounding adventures Sailing Alone around the World is the true story of the first man ever to circle the globe alone entirely by sea In a little over three years Captain Joshua Slocum completed the feat many experts believed couldn't be done and he has the stories to prove it During his historic voyage Slocum was chased by pirates in Gibraltar soaked by a rain of blood in Australia and battered by perilous storms in the open ocean He also met many famous and infamous people along the way from Mrs Robert Louis Stevenson in Samoa to Black Pedro the worst murderer in Tierra del Fuego This absorbing tale written with humor and poetic eloquence was first published in 1900 and has remained in print ever since

The Hard Way Around Geoffrey Wolff, 2011-11-29 In 1895 Joshua Slocum set sail from Gloucester Massachusetts in the Spray a thirty seven foot sloop More than three years later he became the first man to circumnavigate the globe solo and his account of that voyage Sailing Alone Around the World made him internationally famous But scandal soon followed and a decade later with his finances failing he set off alone once more never to be seen again In this definitive portrait of an icon of adventure Geoffrey Wolff describes with authority and admiration a life that would see hurricanes shipwrecks pirate attacks cholera smallpox and no shortage of personal tragedy

Sailing Alone Richard J. King, 2024-05-21 2024 National Outdoor Book Award Silver Medal Winner A masterfully curated collection You don't have to be a sailor to be blown away by this fascinating bighearted book Nathaniel Philbrick author of In the Heart of the Sea Travels with George and Second Wind A story as vast and exhilarating as the open ocean itself SAILING ALONE chronicles the daring disastrous and often absurd history of those who chose to sail across the ocean in very small boats alone Sailing by yourself out of sight of land can be invigorating and terrifying compelling and tedious and sometimes all of the above in one morning But it is also a wide expanse of time in which to think Sailing Alone tells the story of some of the remarkable people who over the last four centuries have spent weeks and months moving slowly over the world's largest laboratory a capricious and startling place in which to observe oneself the weather the stars and countless sea creatures from the tiniest to the most massive and threatening Richard J King profiles characters famous diverse international and obscure from Joshua Slocum of 1898 to modern teenagers daring to take the challenge They see strange hallucinations lie to us and themselves on their travel logs encounter sharks befriend birds and experience ESP all part of the unnerving reality of extended isolation And some disappear altogether Sailing Alone also recounts the author's own nearly catastrophic solo crossing of the Atlantic and the mystery of his inexplicable survival one sunny afternoon An enormously engaging new book for skippers and armchair voyagers alike

 the Spanish American War of 1898 A war that was global in scope with the decisive naval battles of war at Manila Bay and
 Santiago de Cuba separated by two months and over ten thousand miles During these battles in this quick modern war
 America s New Steel Navy came of age While the American commanders sailed to war with a technologically advanced fleet
 it was the lessons they had learned from Adm David Farragut in the Civil War that prepared them for victory over the
 Spaniards This history of the U S Navy s operations in the war provides some memorable portraits of the colorful officers
 who decided the outcome of these battles Shang Dewey in the Philippines and Fighting Bob Evans off southern Cuba Jack
 Philip conning the Texas and Constructor Hobson scuttling the Merrimac Clark of the Oregon pushing his battleship around
 South America and Adm William Sampson and Commodore Scott Schley ending their careers in controversy These officers
 sailed into battle with a navy of middle aged lieutenants and overworked bluejackets along with green naval militiamen They
 were accompanied by numerous onboard correspondents who documented the war In addition to descriptions of the men
 who fought or witnessed the pivotal battles on the American side the book offers sympathetic portraits of several Spanish
 officers the Dons for whom American sailors held little personal enmity Admirals Patricio Montojo and Pasqual Cervera
 doomed to sacrifice their forces for the pride of a dying empire receive particular attention The first study of the Spanish
 American War to be published in many years this book takes a journalistic approach to the subject making the conflict and
 the people involved relevant to today s readers This work details a war in which victory was determined as much by
 leadership as by the technology of the American Steel Navy **FAA Aviation News** ,2004 **Cruising World** ,1998-01
